Theoretical Bases Of Indo European Linguistics

Winfred P. Lehmann

Theoretical Bases Of Indo European Linguistics:

Theoretical Bases of Indo-European Linguistics Winfred Philipp Lehmann, 1996 This critical survey of the theory and methodology of Indo European linguistics ranges from its origins in the 18th century to the present day It surveys the current status of Indo European linguistics by making material accessible and by re examining the outlines of older theories The latest advances in the field are also examined notably by Soviet scholars in the area of typology which have improved not only our understanding of Proto Indo European speakers and their background but have important implications for further studies in the field There is also an account of the phonology morphology and syntax of Pre and Proto Indo European This analysis shows the development of various problems and approaches in historical perspective as well as applying and exploring current linguistic findings and theory in the area
