Respecting Congregations Clyde Ervine, 2025-05-22 Across North America congregations and their leaders are experiencing unprecedented anxiety Despite the many organizational and growth strategies offered to congregational leaders over the last five decades few congregations are growing and most are coping with numerical decline With fewer people attending worship and fewer students offering themselves for ordination at least in mainline denominations many Christians worry that the church across the continent is in the process of dying While Ervine's book may not offer swift solutions it does offer hope Fearful congregations and their leaders are invited to set the search for quick fix solutions aside and instead take the time to discover and then respect the identity purpose and ministry priorities that the New Testament provides to congregations This book is written in the conviction that clarity about their in Christ identity their purpose in God's ongoing mission and what is essential to their ministry will give congregations new confidence to offer Christian witness rooted in biblical teaching while respecting twenty first century cultural realities *Reckoning Methodism*

Darryl W. Stephens, 2024-03-29 Reckoning Methodism addresses the brokenness of The United Methodist Church UMC in the United States Homosexuality is but one of several fault lines with decades long histories in this predominantly White denomination Demographic shifts racism and imperialism are heavily implicated in the current state of division What then is the true nature and mission of this church The UMC is the public church divided Distinct missional theologies arise from competing commitments and priorities When Methodist programmatic initiatives such as vital congregations environmental witness and volunteers in mission fail to account for these differences denominational unity is weakened Constructively this book seeks historical clarity collective repentance charismatic learning and institutional courage as United Methodists reckon with inherited animosities and divisions This book provides no answers or programmatic fixes Rather it provides possibilities for repairing past harms as United Methodists seek ways to continue living out their Wesleyan faith Reckoning with the public church divided we glimpse the nature and mission of the church not only as it has been but also as it could be Podcast interview with GCAH **An Introduction to Ministry** Ian S. Larry L. McSwain, 2013-05-30 Leading is a calling from God but that doesn t mean it is easy There are choices to be made about what your congregation believes how your church organizes for effective ministry and how your church serves the settings of which you are a part The good news is that others have gone before you Author Larry L McSwain s forty years of experience can help guide you through these choices Rooted in research The Calling of Congregational Leadership teaches a three pronged approach to congregational leadership being a good leader the knowledge needed by the leader and the managing of ministry leadership By using this practical holistic approach to leading congregations McSwain shows you how to use your

church's potential for conveying the power of God in the lives you touch The Calling of Congregational Leadership is for those who seek to enlarge the understanding of their leadership to make their communities of faith more vital and more reflective of the mission of God in the world *Born of Water, Born of Spirit* Sheryl A. Kujawa-Holbrook, 2010-04-07 What does the church look like if we take the ministry of the baptized the priesthood of all believers seriously How are congregations transformed when the church supports and affirms the ministry of all the baptized particularly in small congregations without the means to hire a seminary trained pastor And what ecclesial structures and educational models need to emerge in the next decades to assist these small congregations in the recovery of baptismal living and their own vitality Sheryl Kujawa Holbrook and Fredrica Harris Thompsett explore these questions as well as the variety of ways people in small congregations many with no more than fifty members are living out their baptism and the impact their actions are having on their congregations judicatories and communities and the institutions that educate clergy The authors argue that just because a community cannot pay a seminary trained minister a growing problem in remote regions it does not mean that there is no ministry there It does mean that we need to look at ministry and the church in a more expansive way The stories of the congregations revealed in this book serve to inspire us about what is possible when we live intentionally as the reconciling presence of the body of Christ in the world They also educate us about what will be needed in the years to come to lift up still more small congregations for their work in the larger community
