Approaches and Research Methods Pam Denicolo, Trevor Long, Kim Bradley-Cole, 2016-09-07 This book provides a comprehensive overview of personal construct psychology PCP that will help researchers understand the why's, what's and how's of conducting a rigorous constructivist research project. From the theoretical underpinnings of constructivist approaches to the practical values of these techniques, these three expert authors explain how to conduct interpretative constructivist research from inception to completion. Key topics include: Understanding research philosophies and paradigms; Constructing and exploring personal realities; Establishing effective research procedures; Evaluating grids mapping narrative and other research methods; Managing the practicalities of fieldwork; Analysing and presenting data. With activities and procedural examples from a wide range of disciplines woven throughout the text and two special chapters featuring in-depth case studies from a variety of constructivist researchers, this book helps readers grasp the tools, designs and opportunities of interpretative research. An essential companion for both researchers and practitioners looking to understand people's values, attitudes, beliefs, perceptions or motivations. Covenant People - CTL - 2009 , Little Big Men Alan M. Klein, 1993-08-24 Little Big Men is a study of competitive bodybuilders on the West Coast that examines the subculture from the perspective of bodybuilders' everyday activities. It offers fascinating descriptions and insightful analogies of an important and understudied subculture that has risen to widespread popularity in today's mass culture. Alan Klein conducted his field study of bodybuilding in some of the world's best-known gyms. In studying the social and political relations of bodybuilding competitors, Klein explores not only gym dynamics but also the internal and external pressures bodybuilders face. Central to his examination is the critique of masculinity. Through his study of hustling among bodybuilders, Klein is able to construct a social psychological male configuration that includes narcissism, homophobia, hypermasculinity and fascism. Because they exist as exaggerations, these bodybuilder traits come to represent one end of the continuum of modern masculinity, what Klein terms comic book masculinity. This study is a rare foray into the critique of contemporary American macho. *Finding Bethlehem in the Midst of Bedlam Leader Guide* James W. Moore, Joseph Crowe, 2015-09-15 Christmas or confusion: Bethlehem or bedlam. Which will you choose this year? The truth is we don't have to choose because Christmas always happens right in the midst of our chaos. God breaks into our noisy disorder and is made known in Jesus Christ. Christmas and confusion weren't they intimately related at the first Christmas when Jesus was born? Sometimes we forget that. That's what this study is about: how Christ breaks into our chaos and confusion and brings Christmas. How Bethlehem always happens in the midst of bedlam. The re-introduction of this all-church Advent study, which features a new Leader Guide and DVD, has five sessions: one for each Sunday of Advent and one for Christmas. Each chapter includes questions for reflection and discussion, a brief prayer, a focus for the week, and six daily Bible readings for personal devotional time during the week. The Leader Guide is designed to be used alongside the DVD. It will enable a small group leader to facilitate a weekly discussion about Finding Bethlehem in the Midst of Bedlam, using the five DVD sessions as its starting point. Questions and activities will guide

group participants to discuss and understand each chapter in greater depth The DVD and Leader Guide are not a substitute for the book but a guide for discussing the book in small groups **Activities Plus Grade K (ENHANCED eBook)**
