

What Makes A Terrorist What Makes A Terrorist

Alan B. Krueger

What Makes A Terrorist What Makes A Terrorist:

Summary: What Makes a Terrorist BusinessNews Publishing, 2017-01-30 The must read summary of Alan B Krueger's book *What Makes a Terrorist: Economics and the Roots of Terrorism*. This complete summary of *What Makes a Terrorist* by Alan B Krueger, a prominent American economist, presents his argument that terrorism should be analyzed in economic terms in order to correctly assess its root causes and address the threat. He explains that contrary to popular belief, most terrorists come from middle class backgrounds and are often university educated. Added value of this summary: Save time. Understand the root causes of terrorism. Expand your knowledge of sociology and politics. To learn more, read *What Makes a Terrorist* and discover the economist's approach to terrorism which may help us to better address the threat it poses. **What Makes a**

Terrorist Alan B. Krueger, 2018-01-16 Why we need to think more like economists to successfully combat terrorism. If we are to correctly assess the root causes of terrorism and successfully address the threat, we must think more like economists do. Alan Krueger's *What Makes a Terrorist* explains why our tactics in the fight against terrorism must be based on more than anecdote, intuition, and speculation. Many popular ideas about terrorists are fueled by falsehoods, misinformation, and fearmongering. Many believe that poverty and lack of education breed terrorism, despite a wealth of evidence showing that most terrorists come from middle class and often college educated backgrounds. Krueger closely examines the factors that motivate individuals to participate in terrorism, drawing inferences from terrorists' own backgrounds and the economic, social, religious, and political environments in the societies from which they come. He describes which countries are the most likely breeding grounds for terrorists and which ones are most likely to be their targets. Krueger addresses the economic and psychological consequences of terrorism and puts the threat squarely into perspective, revealing how our nation's sizable economy is diverse and resilient enough to withstand the comparatively limited effects of most terrorist strikes. He also calls on the media to be more responsible in reporting on terrorism. Bringing needed clarity to one of the greatest challenges of our generation, this 10th anniversary edition of *What Makes a Terrorist* features a new introduction by the author that discusses the lessons learned in the past decade from the rise of ISIS and events like the 2016 Pulse nightclub attack in Orlando, Florida.

What Makes a Terrorist Alan B. Krueger, 2019-09-24 Krueger proves that terrorists are not desperately poor killers but well educated politicians using violence to draw attention to their market. Violent change. Hernando de Soto, author of *The Mystery of Capital*, features a new introduction by the author. He, the author, **What Terrorists Want**

Louise Richardson, 2007-11-13 This is at the top of my list for best books on terrorism. Jessica Stern, author of *Terror in the Name of God: Why Religious Militants Kill*, How can the most powerful country in the world feel so threatened by an enemy infinitely weaker than we are? How can loving parents and otherwise responsible citizens join terrorist movements? How can anyone possibly believe that the cause of Islam can be advanced by murdering passengers on a bus or an airplane? In this important new book, groundbreaking scholar Louise Richardson answers these questions and more, providing an

indispensable guide to the greatest challenge of our age After defining once and for all what terrorism is Richardson explores its origins its goals what is to come and what is to be done about it Having grown up in rural Ireland and watched her friends join the Irish Republican Army Richardson knows from firsthand experience how terrorism can both unite and destroy a community As a professor at Harvard she has devoted her career to explaining terrorist movements throughout history and around the globe From the biblical Zealots to the medieval Islamic Assassins to the anarchists who infiltrated the cities of Europe and North America at the turn of the last century terrorists have struck at enemies far more powerful than themselves with targeted acts of violence Yet Richardson understands that terrorists are neither insane nor immoral Rather they are rational political actors who often deploy carefully calibrated tactics in a measured and reasoned way What is more they invariably go to great lengths to justify their actions to themselves their followers and often the world Richardson shows that the nature of terrorism did not change after the attacks of September 11 2001 what changed was our response She argues that the Bush administration's global war on terror was doomed to fail because of an ignorance of history a refusal to learn from the experience of other governments and a fundamental misconception about how and why terrorists act As an alternative Richardson offers a feasible strategy for containing the terrorist threat and cutting off its grassroots support The most comprehensive and intellectually rigorous account of terrorism yet What Terrorists Want is a daring intellectual tour de force that allows us at last to reckon fully with this major threat to today's global order KIRKUS starred review The short answer Fame and payback perhaps even a thrill The long answer Read this essential important primer Terrorist groups have many motives and ideologies notes Richardson Executive Dean Radcliffe Institute for Advanced Study but they tend to similar paths They are founded by mature well educated men but staffed by less learned and certainly more pliable youths they are fueled by a sense of injustice and the conviction that only they are morally equipped to combat it they see themselves as defenders and not aggressors they often define the terms of battle And of course this commonality Terrorists have elevated practices that are normally seen as the excesses of warfare to routine practice striking noncombatants not as an unintended side effect but as a deliberate strategy Thus massacres suicide bombings and assassinations are all in a day's work Richardson argues against Karl Rove who after 9/11 mocked those who tried to understand the enemy by noting that only when authorities make efforts to get inside the minds of their terrorist enemies do they succeed in defeating them as with the leadership of the Shining Path movement in Peru Still as Rove knows if terrorists share a pathology then so do at least some of their victims Once attacked people in democratic societies are more than willing to trade freedom for security Richardson closes by offering a set of guidelines for combating terrorism with such easily remembered rules as Live by your principles and Engage others in countering terrorists with you observing in passing that the Bush administration's attack on Iraq and subsequent occupation will likely be remembered as serving as a recruiting poster for still more terrorists How to win Develop communities settle grievances exercise patience and intelligence That said watch for more terrorism to come We are

going to have to learn to live with it and to accept it as a price of living in a complex world

Louise Richardson has now produced the overdue and essential primer on terrorism and how to tackle it *What Terrorists Want* is the book many have been waiting for. The New York Times Book Review Editor's Choice. Lucid and powerful, Richardson's book refutes the dangerous idea that there's no point in trying to understand terrorists. rich readable. Los Angeles Times Book Review. The kind of brisk and accessible survey of terrorism as *modus operandi* that has been sorely missing for the past five years. *What Terrorists Want* ought to be required reading as the rhetoric mounts this campaign season. The American Prospect. Richardson is one of the relative handful of experts who have been studying the history and practice of terrorism since the Cold War. This book is a welcome source of information. It's written by a true expert giving her measured thoughts. Christian Science Monitor. Richardson's clear language and deep humanity make *What Terrorists Want* the one book that must be read by everyone who cares about why people resort to the tactic of terrorism. Desmond M. Tutu, Archbishop Emeritus. This is a book of hope. Terrorism like the poor will always be with us in one form or another. But given sensible policies we can contain it without destroying what we hold dear. Financial Times. A passionate incisive and groundbreaking argument that provocatively overturns the myths surrounding terrorism. Mary Robinson, former president of Ireland and former UN High Commissioner for Human Rights. In its lucid analysis and summary, *What Terrorists Want* is simply the best thing of its kind available now in this highly crowded area. The Evening Standard. If a reader has the time to read only one book on terrorism, *What Terrorists Want* is that book. Extensive historical knowledge, personal contacts, enormous analytic skills, common sense and a fine mix of lucidity and clarity make of this work a most satisfying dissection of terrorists' motives and goals and of the effects of September 11, 2001. Richardson also offers a sharp critique of American counterterrorism policies and a sensible plan for better ones. Stanley Hoffmann, Battenwieser University Professor, Harvard University. An astonishingly insightful analysis by one of the world's leading authorities on terrorism, this book is filled with wisdom based not only on the author's extensive and long-term study of terrorism but also on her experience growing up in a divided Ireland. Jessica Stern, author of *Terror in the Name of God: Why Religious Militants Kill*. A wide-ranging, clear-headed, crisply written, cogently argued anatomy of terrorist groups around the world. Peter Bergen, senior fellow, New America Foundation and author of *The Osama bin Laden I Know: An Oral History of al Qaeda's Leader*. Among the numerous books published on terrorism after the 9/11 attacks, Louise Richardson's stands out as an unusually wise, sensible and humane treatise. An engrossing and lucid book which hopefully will be read by many and spread its unique spirit of realistic optimism. Ariel Merari, Professor of Psychology, Tel Aviv University. Thoughtful and stimulating. Controversially and indeed courageously, Richardson argues that instead of regarding the terrorists even al Qaeda types as mindless and irrational creatures motivated by dark forces of evil, it would be more constructive to examine and seek to moderate some of the grievances that drive previously normal and even nondescript

characters to kill and maim innocent people they don't even know The Irish Times A textbook and a myth buster Richardson is calling for nothing less than a total re-evaluation of how we consider and react to terrorism What Terrorists Want ought to be on the bookshelf in every government office Certainly for any student of international affairs it is an essential reading The Atlantic Affairs Inside Terrorist Organizations David C. Rapoport, 2001 Describing the internal life of terrorist organizations these essays contend that no description of terrorist behaviour is adequate without a grasp of the deep tensions which often characterize the groups and without appreciating how firmly implanted in our culture terrorist traditions have become since the middle of the 19th century *Terrorist Organizations and Motivations* United States. Congress. Senate. Committee on Armed Services. Subcommittee on Emerging Threats and Capabilities, 2002 **Evaluating the Political Rationality of Terrorist Groups** Eric van Um, 2015-11-10 This book improves our understanding of terrorists motivations and rationality and may ultimately also indicate how to respond to the phenomenon of terrorism In his research studies Eric van Um explores the political rationality of terrorist groups The political rationality model builds on rational choice theory It demands that terrorist groups take into account the costs and benefits of their available options and choose the option promising them the highest political utility Testing the explanatory power of this model is relevant as rational choice approaches have become very prominent in terrorism research But at the same time their empirical power remains highly contested Increased knowledge of the political rationality model not only promises added value for terrorism research itself but also for social sciences more generally **Natural Security** Raphael D. Sagarin, Terence Taylor, 2008-02 Written with the aim of breaking down barriers between disparate disciplines in order to create more responsive and effective strategies Natural Security provides a new lens through which to explore the ancient and ever present problem of how to maintain security in an unpredictable complex and dangerous world BOOK JACKET Terrorist Recognition Handbook Malcolm W. Nance, 2008-04-14 Effective counterterrorism requires a non prejudicial understanding of terrorist motives and methods Security professionals need to identify who terrorists might be recognize pre incident indicators of terrorist activity and competently analyze intelligence information Unfortunately most terrorist education comes in short sketchy briefings

Outsmarting the Terrorists Ronald V. Clarke, 2006-09-30 Given that the war on terror is currently being fought the way crime typically is after the fact this country cannot protect its citizens from future terrorist events solely in this way Instead measures must be taken to actually stop terrorists before they can attack Here the authors argue that government anti terrorism policy must pay much more attention to reducing opportunities for terrorist attacks by protecting vulnerable targets controlling the tools and weapons used by terrorists and removing the conditions of everyday life that make these attacks possible While some of this work is being done on an ad hoc basis there are no recognized methods to guide the work there is limited experience on which to draw and the government has no trained professionals to oversee the work In this book the authors address these deficiencies and lay out a systematic approach for reducing opportunities for terrorism The

current take them out mindset may be the main reason why reducing opportunities for terrorism has been so neglected by governments but another important reason is that the task seems so overwhelmingly difficult How can we possibly protect every vulnerable target or person How can we control all the everyday tools that terrorists must use in carrying out their attacks How can we control their weapons when we cannot even keep guns out the hands of ordinary criminals In this book the authors show that these tasks are indeed manageable They take readers through the methods for preventing terrorism and the policies that will assist in this important work They show that in order to protect the country from terrorists security forces must do what the terrorists do identify vulnerable targets analyze their specific weaknesses consider the tools and weapons needed to attack and assess access to the targets Once these steps are taken security agencies can then provide appropriate protection limit accessibility anticipate the forces needed to combat a potential attack and plan carefully for an attack if it does occur By outsmarting the terrorists security forces undertake the same analysis of vulnerabilities and opportunities that terrorists themselves undertake in planning their operations and can more effectively defeat them before they strike This books shows how this approach works and can succeed

Terrorists at the Table Jonathan Powell,2015-06-30 A fascinating insider s look at the subterranean world of secret negotiations between terrorist groups and governments

Terrorists in Love Ken Ballen,2011-10-04 Drawing on unprecedented access a leading terrorism expert profiles six terrorists to offer an astonishing new portrait of our enemies as we have never seen them before Ballen offers an informed urgent and clear assessment of the true nature of this threat to America allowing for a reasoned and effective response

Handbook of Terrorist and Insurgent Groups Scott N. Romaniuk,Animesh Roul,Pamela Fabe,János Besenyő,2024-10-24 Handbook of Terrorist and Insurgent Groups A Global Survey of Threats Tactics and Characteristics examines the most current and significant terrorist and insurgent groups around the world The purpose is to create a descriptive mosaic of what is a pointedly global security challenge The volume brings together conceptual approaches to terrorism insurgency and cyberterrorism with substantive and empirical analyses of individual groups organisations and networks By doing so not only does the coverage highlight the past present and future orientations of the most prominent groups but it also examines and illustrates their key characteristics and how they operate including key leaders and ideologues Highlighting specific individual groups the chapters collectively present a robust and comprehensive outlook on the current geography of terrorism and insurgency groups operating in the world today This comprehensive volume brings the collective expertise and knowledge of more than 50 academics intelligence and security officials and professionals together all of whom are considered subject experts in their respective areas of research and practice The volume is based on both desk based and fieldwork conducted by experts in these areas incorporating analyses of secondary literature but also the use of primary data including first hand interviews on the various groups regions of operation their tactics and how their ideologies motivate their actions

Indirect Responsibility for Terrorist Acts Marja Letho,2009-10-12 The roots of organized

crime penetrate deep into the normal operations of society its economic and financial patterns sometimes also its bureaucracy and ideological apparatuses Drug trafficking traffic in persons or terrorist networks could not exist if they did not engage large groups of people and routine patterns of social and economic behaviour Often the indirect actors remain hidden however and beyond the reach of the arm of the law In an analogical way terrorism emerges from and is sustained by a wide network of ideological economic financial and other actors and activities Marja Lehto maps in this work the way in which international legal regulation particularly the new conventions adopted within the UN after 1996 have sought to extend international responsibility beyond the groups of immediate perpetrators to the sources or incitation recruitment and financing of terrorist activities She also deals with some of the thorniest questions in the field along the way from the significance and difficulties in the of efforts to define terrorism to the need for a general part of international criminal law and the role of a political organ the United Nations Security Council in preventing and punishing the crime of terrorism This carefully crafted insightful and hugely relevant study not only fulfils a gap in the existing literature but does so with analytical precision bearing simultaneously in mind the important political and theoretical even philosophical implications of this contentious topic Few topics have generated more international law writing in recent years both scholarly and polemical than terrorism So it is a genuinely welcome surprise when someone brings out a study that has a fresh angle on the topic and all the more so if the writer not only fulfils what appears like an obvious gap in existing literature but does that with analytical precision bearing simultaneously in mind the important political and theoretical even philosophical implications of this contentious topic This is what Marja Lehto does in this carefully crafted insightful and hugely relevant study of what she suggests we call indirect responsibility for terrorist acts Martti Koskenniemi Academy Professor University of Helsinki

Terror and Performance Rustom Bharucha, 2014-04-16 This work goes where other books fear to tread It reaches the parts other scholars might imagine in their dreams but would neither have the international reach nor the critical acumen and forensic flourish to deliver Alan Read King s College London This book is not only timely It is overdue and it is a masterpiece unrivalled by any book I know of Erika Fischer Lichte Freie Universit t Berlin The first and only book that focuses on the intersections of performance terror and terrorism as played out beyond a Euro American context post 9 11 It is an important work both substantively and methodologically Jenny Hughes University of Manchester A profound and tightly bound sequence of reflections a rigorously provocative book Stephen Barber Kingston University London In this exceptional investigation Rustom Bharucha considers the realities of Islamophobia the legacies of Truth and Reconciliation the deadly certitudes of State controlled security systems and the legitimacy of counter terror terrorism drawing on a vast spectrum of human cruelties across the global South The outcome is a brilliantly argued case for seeing terror as a volatile and mutant phenomenon that is deeply lived experienced and performed within the cultures of everyday life **Terrorist**

Rehabilitation Ami Angell, Rohan Gunaratna, 2011-07-12 Because terrorists are made not born it is critically important to

world peace that detainees and inmates influenced by violent ideology are deradicalized and rehabilitated back into society Exploring the challenges in this formidable endeavor Terrorist Rehabilitation The U S Experience in Iraq demonstrates through the actual experiences of m *Penn Monthly* Robert Ellis Thompson, William Wilberforce Newton, Otis H. Kendall, 1872 **Current Policy**, 1986 **Fixing American Politics** Roderick Hart, 2021-11-29 Fixing American Politics Solutions for the Media Age brings together original chapters from 34 noted scholars from two disciplines political science and communication asked to identify the most pressing problems facing the American people and how they can be solved Authors address the questions succinctly and directly with their favored solutions featured in chapter titles that exhort and inspire The book gives the reader much to think about and debate Should news outlets be funded with public money rather than by private enterprise Are the new social media a boon or a bane to political elections Is the American past dead or is it living once again Do churchgoers and environmentalists have anything to discuss Is the FCC doing its job Can political ads be made less toxic Should Fox News be cancelled Should cancel cultures be cancelled Can we become more civil to one another and if so how Fixing American Politics poses all the best questions and offers some concrete answers as well This book is perfect for students citizens the media and anyone concerned with contemporary challenges to civic life and discourse today

What Makes A Terrorist What Makes A Terrorist Introduction

In today's digital age, the availability of What Makes A Terrorist What Makes A Terrorist books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of What Makes A Terrorist What Makes A Terrorist books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of What Makes A Terrorist What Makes A Terrorist books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing What Makes A Terrorist What Makes A Terrorist versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation.

Furthermore, What Makes A Terrorist What Makes A Terrorist books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing What Makes A Terrorist What Makes A Terrorist books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for What Makes A Terrorist What Makes A Terrorist books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open

Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, What Makes A Terrorist What Makes A Terrorist books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of What Makes A Terrorist What Makes A Terrorist books and manuals for download and embark on your journey of knowledge?

FAQs About What Makes A Terrorist What Makes A Terrorist Books

What is a What Makes A Terrorist What Makes A Terrorist PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a What Makes A Terrorist What Makes A Terrorist PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a What Makes A Terrorist What Makes A Terrorist PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a What Makes A Terrorist What Makes A Terrorist PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a What Makes A Terrorist What Makes A Terrorist PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" ->

"Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
