Whats Wrong World G K Chesterton:

What's Wrong with the World G. K. Chesterton, 2008-07 In *What's Wrong with the World* the brilliant G K Chesterton takes a hard look at what's wrong with England in 1910 and his insights are just as true for America in 2007 He rails against both capitalism and socialism for both are equally dehumanizing Politicians thinkers and civic leaders on both ends of the spectrum flail away at social problems by attacking symptoms poverty homelessness and so on but make the symptoms worse because they never see the underlying problem What is the underlying problem It is that our leaders no longer put the individual who is human and therefore sacred above the social organization which is artificial and expendable The book includes five sections The Homelessness of Man Imperialism or the Mistake About Man Feminism or the Mistake About Woman Education Or the Mistake About the Child and The Home of Man each of which has several chapters on a variety of topics Newly designed and typeset by Waking Lion Press *What's Wrong with the World* Gilbert Keith Chesterton, 1912

What's Wrong with the World by Gilbert Keith Chesterton first published in 1910 is a rare manuscript the original residing in one of the great libraries of the world This book is a reproduction of that original which has been scanned and cleaned by state of the art publishing tools for better readability and enhanced appreciation Restoration Editors mission is to bring long out of print manuscripts back to life Some smudges annotations or unclear text may still exist due to permanent damage to the original work We believe the literary significance of the text justifies offering this reproduction allowing a new generation to appreciate it

What's wrong with the world? Gilbert Keith Chesterton, 2017 In this volume Mr Chesterton has tackled with his customary gaiety of heart and uncanny shrewdness of eye and hand no less a trinity than socialism woman's suffrage and the new education He begins by proclaiming that what is wrong with the world is chiefly that we have got out of the habit of asking what is right before we begin the diagnosis of the evil and the eager advocacy of a remedy His method is his favorite one of accepting the stock retorts of his adversaries at their face value and proceeding to discover in these the ultimate confirmation of his own views and the utter confounding of theirs All over this book is full of brilliant paradoxical and entertaining essays

What's Wrong with the World G. K. Chesterton, 2017-11-28 *What's Wrong with the World* by G K Chesterton *What's Wrong with the World* opens with an analysis of the predicament of modern humanity too obsessed in the great age of political idealism with visions of the future I originally called this book *What is Wrong* and it would have satisfied your sardonic temper to note the number of social misunderstandings that arose from the use of the title Many a mild lady visitor opened her eyes when I remarked casually I have been doing *What is Wrong* all this morning And one minister of religion moved quite sharply in his chair when I told him as he understood it that I had to run upstairs and do what was wrong but should be down again in a minute Exactly of what occult vice they silently accused me I cannot conjecture but I know of what I accuse myself and that is of having written a very shapeless and inadequate book and one quite unworthy to be dedicated to you As far as literature goes this book is what is wrong and no mistake

G. K. Chesterton, 2015-03-04 But social science is by no means always content with the normal human soul it has all sorts of fancy souls for sale Man as a social idealist will say I am tired of being a Puritan I want to be a Pagan or Beyond this dark probation of Individualism I see the shining paradise of Collectivism Now in bodily ills there is none of this difference about the ultimate ideal The patient may or may not want quinine but he certainly wants health No one says I am tired of this headache I want some toothache or The only thing for this Russian influenza is a few German measles or Through this dark probation of catarrh I see the shining paradise of rheumatism But exactly the whole difficulty in our public problems is that some men are aiming at cures which other men would regard as worse maladies are offering ultimate conditions as states of health which others would uncompromisingly call states of disease Mr Belloc once said that he would no more part with the idea of property than with his teeth yet to Mr Bernard Shaw property is not a tooth but a toothache Lord Milner has sincerely attempted to introduce German efficiency and many of us would as soon welcome German measles Dr Saleeby would honestly like to have Eugenics but I would rather have rheumatics **What's Wrong with the World** G. G. K. Chesterton,2011-10 Chesterton s famous response to the London Times question What s Wrong with the World he replied I am belied the great author s deep interest in human social problems He eventually appropriated the query as the title of a new book a polemic against what he saw as humanity s unflinching tendency to mistake the symptoms of a problem for the underlying cause of the dilemma and thereby exacerbate the issue still further Chesterton has been called The Apostle of Common Sense and he turns his incisive thought and dry wit towards a series of topics including prevailing attitudes on sex feminism and education all of which he believed would eventually corrupt and destroy western society The result is a book that despite being written over a century ago comes across as a trenchant critique of modern culture a shockingly contemporary and startlingly pertinent appraisal of present day social problems *What's Wrong with the World* G. K. Chesterton,2014-08-03 A book of modern social inquiry has a shape that is somewhat sharply defined It begins as a rule with

an analysis with statistics tables of population decrease of crime among Congregationalists growth of hysteria among policemen and similar ascertained facts it ends with a chapter that is generally called The Remedy It is almost wholly due to this careful solid and scientific method that The Remedy is never found For this scheme of medical question and answer is a blunder the first great blunder of sociology It is always called stating the disease before we find the cure But it is the whole definition and dignity of man that in social matters we must actually find the cure before we find the disease **What's**

What's Wrong With the World G. K. Chesterton, Aeterna Press, 2000-09 Some people do not like the word dogma Fortunately they are free and there is an alternative for them There are two things and two things only for the human mind a dogma and a prejudice The Middle Ages were a rational epoch an age of doctrine Our age is at its best a poetical epoch an age of prejudice A doctrine is a definite point a prejudice is a direction That an ox may be eaten while a man should not be eaten is a doctrine That as little as possible of anything should be eaten is a prejudice which is also sometimes called an ideal Now a direction is always far more fantastic than a plan I would rather have the most archaic map of the road to Brighton than a general recommendation to turn to the left Straight lines that are not parallel must meet at last but curves may recoil forever A pair of lovers might walk along the frontier of France and Germany one on the one side and one on the other so long as they were not vaguely told to keep away from each other And this is a strictly true parable of the effect of our modern vagueness in losing and separating men as in a mist
