demonstrates that pastoral theology as well as social and behavioral sciences has neglected to address effectively the predominant cause of human suffering a lack of hope a sense of futurelessness Lester examines the reasons that pastoral theology and other social and behavioral sciences have overlooked the importance of hope and despair in the past He then offers a starting point for the development of addressing these significant dimensions of human life He provides clinical theories and methods for pastoral assessment of and intervention with those who despair He also puts forth strategies for assessing the future stories of those who despair and offers a corrective to these stories through deconstruction reframing and reconstruction This book will be invaluable to pastoral caregivers who are looking for a vantage point from which to provide care and to pastoral theologians who are seeking to develop a theological lens through which to understand the human condition

When Money Is Not Enough Eileen R. Hannegan,2011-12-13 When personality clashes and ego battles predominate the workplace no amount of money in the world is enough to justify continued employment In an age when Americans spend more than half their waking hours either at work or performing a function related to work it is important that the workplace be a healthy community rather than a chaotic battleground When Money Is Not Enough offers the premise that work can indeed enhance our lives as well as pay the bills The book is neither pro employer nor pro employee in its approach Instead it encourages increasing interdependency among all staff members to create a healthy work environment Author Eileen R Hannegan MS says that approaching the workplace as a community or healthy family is the key to resolving work related problems

Vincent,2014-05-01 In response to the grim realities of the present world Jewish thought has not tended to retreat into eschatological fantasy but rather to project utopian visions precisely on to the present moment envisioning redemptions that are concrete immanent and necessarily political in nature In difficult times and through shifting historical contexts the messianic hope in the Jewish tradition has functioned as a political vision the dream of a peaceful kingdom of a country to return to or of a leader who will administer justice among the nations Against this background it is unsurprising that Jewish messianism in modern times has been transposed and lives on in secular political movements and ideologies The purpose of this book is to contribute to the deeper understanding of the relationship between Jewish thought utopia and revolution by taking a fresh look at its historical and religious roots We approach the issue from several perspectives with differences of opinion presented both in regard to what Jewish tradition is and how to regard utopia and revolution These notions are

When Grit Isn't Enough Linda F. Nathan, 2017-10-17 Examines major myths informing American education and explores how educators can better serve students increase college retention rates and develop alternatives to college that don't disadvantage students on the basis of race or income Each year as the founding headmaster of the Boston Arts Academy BAA an urban high school that boasts a 94 percent college acceptance rate Linda Nathan made a promise to the incoming freshmen All of you will graduate from high school and go on to college or a career After fourteen years at the helm Nathan stepped down and took stock of her alumni of those who went to college a third dropped out Feeling like she failed to fulfill her promise Nathan reflected on ideas she and others have perpetuated about education that college is for all that hard work and determination are enough to get you through that America is a land of equality In *When Grit Isn't Enough* Nathan investigates five assumptions that inform our ideas about education today revealing how these beliefs mask systemic inequity Seeing a rift between these false promises and the lived experiences of her students she argues that it is time for educators to face these uncomfortable issues head on and explores how educators can better serve all students increase college retention rates and develop alternatives to college that don't disadvantage students on the basis of race or income Drawing on the voices of BAA alumni whose stories provide a window through which to view urban education today *When Grit Isn't Enough* helps imagine greater purposes for schooling

When Words Are Not Enough SJ McCoy, 2022-06-10 If you've read the earlier *Summer Lake* Silver books you might remember Adam He runs security for Clay MacAdam He hasn't had time for a relationship in years He's been happy and busy enough with his work and with the fixer upper house that he's renovating He still travels a bit with Clay but he's come to think of *Summer Lake* as home the place he wants to finally put down roots For him settling down means owning a house He's not looking for a woman to be part of the picture But when Evelyn starts working at Guardian Fitness his friend's gym he feels drawn to her in a way he can't explain She's a mystery and he just knows that she has more troubles than she'll admit He's confident that he can help her out if she'll just open up to him But no matter what he says Evelyn's not prepared to take the risk of putting him in danger He says that he can help but when it comes to facing her kind of troubles words are not enough Like *Some Old Country Song* Clay and Marianne *A Dream Too Far* Seymour and Chris *A Little Rain Must Fall* Ted and Audrey *Where the Rainbow Ends* Diego and Izzy *Silhouettes* Shadows and Sunsets Manny and Nina *More Than Sometimes* Cal and Teresa Like *a Soft Sweet Breeze* Russ and Alexandria *When Words Are Not Enough* Adam and Evelyn

After Method Hanna Reichel, 2023-10-17 *After Method* assumes the impossibility of doing theology right and moves beyond it Organized as a conversation in two voices with systematic theological commitments represented by Karl Barth and constructive theological commitments represented by Marcella Althaus Reid this book calls the redemptive potential of any methodological program into question Indeed the search for a full and complete theological account of reality has only further fragmented theological discourse Thus Hanna

Reichel argues that method cannot save us but that does not mean that we cannot do better After Method harnesses the best insights systematic and constructive theologies have to offer in their mutual critique and gestures toward a better theology Utilizing architectural metaphor Reichel pulls from systematic and constructive approaches to develop an understanding of theological work as conceptual design responsibly ordering and structuring given materials for a purpose This necessitates a more realistic adaptation to reality for theology expanding its standards to encompass the experiences and perceptions of people and speaking the truth available to it The honesty humility and solidarity generated through the failure of method liberates theology to a more playful and tentative cruising of different approaches and redirects its attention to misfits and outsiders Equally demanding and self relativizing the resultant ethos is better able to do justice to the reality of the world and the reality of God than doctrinal orthodoxy or methodological orthopraxy **A Search for Truth** Ernest J.

Honigmann,2016-08-03 The genesis of this book was in 1957 when the author was rejected from a loving courtship because he did not believe in the existence of God To quell the pain and to understand what had happened to him he researched the evidence as to why people believe that God exists The result was this book a predominance of evidence in favor of atheism Further the author found that truth should always be held provisionally not permanently pending discovery of new evidence and insights For example the author s atheism is provisional His search also brought a tough new world If God does not exist we need new concepts for the meaning of life the basis of morality and our unalienable Rights to Life Liberty and the pursuit of Happiness This book offers his solutions to those problems And one more thing The author s recommendation in his final chapter for a new way to search for religious truth forms the most exciting part of this book and possibly the most prophetic Now in 2016 50 years after it had been offered to the world and rejected by the publishers as a threat to their own interests our society has come of age And this book with its eye opening freshness still intact is finally yours to learn from and to enjoy

Uljée,2020-06-01 Tracing the relationship between truth and justice as articulated by Heidegger and Levinas Rozemund Ulj e presents the relation between the two thinkers as a subtle profound and complex rapport which includes both their proximity and radical difference This rapport is conceived not as a confrontation but rather as a transformation as Levinas s notion of justice does not renounce Heidegger s account of truth and its deployment Thinking Difference with Heidegger and Levinas shows how the ethical relation transforms the essence and task of philosophy in its entirety since it shifts the orientation of

philosophy and the task of thinking from its concern with truth as ground or foundation to a question of justice As a result philosophy is no longer riveted to Being and its truth but answers to the call for justice and must be conceived of as infinite commencement where its impossibility to totalize meaning ensures that it remains open to the alterity of transcendence

Faith, Hope, and Love Troy DuJardin, M. David Eckel, 2022-07-22 These essays consider the three traditional theological virtues faith hope and love alongside their opposites doubt despair and hate from a scholarly perspective The volume includes contributions not just from philosophers of religion but also from psychologists sociologists and film and literature scholars to paint a complex and nuanced picture of these virtues both of how we might understand them and how we can hope to embody them ourselves While these virtues make up a core part of the Christian tradition the chapters here go far and wide in search of different cultural conceptions of these universal human concerns Inquiries are made into these virtues within Hindu Buddhist Jewish and Islamic thought alongside philosophers including Aristotle Hegel Kierkegaard Nietzsche Levinas and Murdoch The resulting tapestry is often beautiful sometimes horrific but always thoroughly human This text appeals to students and researchers working in these fields Chapter 9 is available open access under a Creative Commons Attribution 4.0 International License via link.springer.com

The Needle's Eye Chimeremeze Ernest Okeugo, 2024-07-02 In *The Needle's Eye* it shares that the road to success is often narrow but through perseverance anything can be achieved The whole point of this book is to inspire people to become the best they can be despite their background or what they have passed through in life There are moments when life hits you so hard that you don't know how and where to start over again This book will explain what it means for someone to go through the pain and trials of life It will also explore the fall from grace moments of people who were once great and further explains that the next stage preceding failure is not the season of blame but a season of questions about how to start over and how to bounce back again This book will be to the reader an eye opener on peculiar heart to heart instructions geared toward encouraging and stirring him up to build a wall of strength and commitment around everything he's looking forward to becoming in the remaining part of his life This book creates an insight on how the reader can stand in their own power to build themselves again in spite of the past ugly experiences As the book comes to a satisfying end the reader finds solace in realizing that he can be whatever he wants to be
