When The Crosses Are Gone Restoring Sanity To A World Gone Mad:

When the Crosses Are Gone Michael Youssef, Leslie Seppinni, 2011 The collapse of the Roman Empire occurred in a single generation and was not so much the result of invasions by their enemies but the result of moral decay and internal corruption Similar patterns are emerging in America and the elimination of the Christian cross is one of the most significant symbols of that cultural decay Today forces are at work to strip this dangerous symbol from public venues and to minimize its significance Many Muslim leaders are convinced that when Christianity disintegrates it will create a spiritual vacuum in the West and their extreme brand of Islam will rush in to fill that void They believe that Western civilization will become so decadent that America will collapse like a house of cards Dr Youssef writes that Christians must stand up against these attacks and defend the cross as a symbol of the love and grace of God and he provides a diagnosis of the insanity of the current culture and a prescription for restoring sanity to a world gone mad The Way Back Phil Cooke, Jonathan Bock, 2018-02-06 This book is both timely and needed Provocative yes because the message is essential at this decisive hinge moment in time Philip Yancey Author Vanishing Grace The Way Back is the way forward Erwin Raphael McManus Founder of Mosaic and Author The Last Arrow On a dusty hilltop Jesus once kickstarted His church with a ragtag group of fishermen who called themselves The Way Truth be told the builders of Christianity were a bunch of nobodies Like us they were powerless and flawed and sometimes petty But they were committed They were all in Within a remarkably short time The Way became the world s most influential religious faith a force in culture politics literature science philanthropy and the arts Against impossible odds that group of nobodies astonished the world Two thousand years later by any measure Christianity is retreating on all fronts The Way has lost its way In The Way Back media and marketing experts Phil Cooke and Jonathan Bock take a hard look at Christians today and reveal that we as a salesforce have lost our faith in our product Where s the passion the excitement and the commitment that two thousand years ago made such improbable and staggering growth possible The Way Back will inspire and equip you to learn from that wonderful group of nobodies so that you too can astonish the world once more *Universities as Political Institutions* Leasa Weimer, Terhi Nokkala, 2020-04-06 Universities can be viewed and studied as political institutions especially considering that they sit at the crossroads of social cultural and economic pressures The internal and external environment of higher education brings with it multiple and complex relationships as well as power struggles Within these contested political spaces there are phenomena to be studied While the field of higher education draws from a multitude of disciplines some scholars argue that only recently has scholarship focused on the political perspectives of higher education To better understand the politics and policies of higher education *Universities as Political Institutions* illuminates a variety of ways that researchers view and study universities as a political institution from considering the national and international political pressures shaping higher education to the analysis of responses and political action from within the ivory tower The 2017 annual CHER conference in Jyv skyl Finland brought

together 213 scholars from 30 countries This book includes a selection of papers and keynote presentations from this conference The thematic approach of the book reflects the 2017 conference theme Universities as Political Institutions Higher Education Institutions in the Middle of Academic Economic and Social Pressures The theme focused on multiple and often complex relations and relationships internal and external to higher education institutions In this context political refers not only to definitions uses and users of power but more broadly to a variety of relationships among different actors and agencies responsible for making executing or resisting decisions concerning higher education institutions Hope for This Present Crisis Michael Youssef,2021-03-02 Our culture has lost its mind Now we are waging a bigger fight a war for our soul Is it possible our world has gone mad We are under siege and the war is not from without it is from within The collapse of the Roman Empire occurred in a single generation and was not so much the result of invasions by their enemies but the result of moral decay and internal corruption Similar patterns are emerging in America We neglected or abandoned our traditional institutions long ago but now it s time to take them back Today forces are at work to strip the principles and precepts of faith from public venues or minimize their significance Many progressive leaders are convinced that when Christianity disintegrates it will create peace on earth But the loss of our heritage will merely create a spiritual vacuum that will be filled with folly crammed with chaos or invaded by Islam The reality is Western civilization will become so decadent and reckless that America will collapse like a house of cards In *Hope for This Present Crisis* Dr Youssef provides a diagnosis of the insanity of the current culture and a seven step prescription for restoring sanity to a world gone mad Here s the seven step path to restoring a world gone mad Remember the Truth Stand firm on the truth of the gospel Restore the Soul Seek God s approval not the approval of other people Revitalize the Family Guard your children from the horrors of the Internet Reestablish the Classroom Support conscientious caring public school teachers Respect our Freedoms Know your rights Reform our Society Morally and spiritually purify yourself Revive the Church Demonstrate the forgiving love of Jesus at all times This book will teach you how to stand up to attacks on your faith and defend Christianity as a meaningful contribution to society *Hope for This Present Crisis Large Print* Michael Youssef,2021-11-23 Our culture has lost its mind Now we are waging a bigger fight a war for our soul Is it possible our world has gone mad We are under siege and the war is not from without it is from within The collapse of the Roman Empire occurred in a single generation and was not so much the result of invasions by their enemies but the result of moral decay and internal corruption Similar patterns are emerging in America We neglected or abandoned our traditional institutions long ago but now it s time to take them back Today forces are at work to strip the principles and precepts of faith from public venues or minimize their significance Many progressive leaders are convinced that when Christianity disintegrates it will create peace on earth But the loss of our heritage will merely create a spiritual vacuum that will be filled with folly crammed with chaos or invaded by Islam The reality is Western civilization will become so decadent and reckless that America will collapse like a house of cards In *Hope for This Present Crisis* Dr Youssef provides
