Jennifer L. Huck, 2021-08-12 This book looks at rape myths and rape culture within the university environment examining the development of social identities in the creation and support of such culture Building on a four year research project this book demonstrates how an understanding of rape culture and of the falsity of rape myths amongst students and staff at university is often at odds with an understanding of the degree to which sexual assaults take place and of why they take place This book explores how traditionally held beliefs of sex roles between men and women poor conceptions of consent processes lack of available data and an inability to see the full continuum of sexual assault limit the knowledge of sexual assaults inside the university community Taken together the studies demonstrate how socialized social identities of masculinity and femininity hold power in how consent sexual assaults and sexual behaviors manifest through cultural values of rape myths and hook ups Universities are challenged to examine their sexual assault programming in connection to Title IX and beyond to create educational opportunities about rape culture and rape myths suitable for their students faculty and staff Written in a clear and direct style this is essential reading for all those engaged in research about rape culture sexual assault and violence against women *Legal Temporalities of Sexual Consent* Caroline Derry, 2025-01-31 This book offers new perspectives on

two key themes the criminal law of sexual consent and the temporalities of law It uses detailed feminist analysis to investigate how the kinds of time produced by statutes and court decisions are vital to constructing the gendered liberal legal subject By shedding light upon a contested and multi faceted legal issue it demonstrates that more expansive temporalities are the precondition for a richer relational understanding of consent This book s fresh approach to sexual consent is developed using the law of England and Wales but is relevant to all jurisdictions where consent is an element of sexual offences law Its distinctive approach to legal temporalities has the potential to be applied to other areas of law providing insight into both current law and possibilities for reform **The Black Christian Singles Guide To Dating and Sexuality**

Writing Rape, Writing Women in Early Modern England J. Catty, 2016-01-08 The word rape today denotes sexual appropriation yet it originally signified the theft of a woman from her father or husband by abduction or elopement In the early modern period its meaning is in transition between these two senses while rapes and attempted rapes proliferate in literature This age also sees the emergence of the woman writer despite a sexual ideology which equates women s writing with promiscuity Classical myths however associate women s story telling with resistance to rape This comprehensive study of rape and representation considers a wide range of texts drawn from prose fiction poetry and drama by male and female writers both canonical and non canonical Combining close attention to detail with an overview of the period it demonstrates how the representation of gender relations has exploited the subject of rape and uses its understanding of this phenomenon to illuminate the issues of sexual and discursive autonomy which figure largely in women s texts of the period **Women, Rape and Justice** Jan

Jordan, 2022-03-14 Is justice possible for a woman raped in contemporary patriarchal culture This book explores one of the major conundrums of our time given all the feminist activism and reforms of the last 50 years why does rape remain so prevalent and justice so elusive In exploring these questions Jan Jordan takes us back into the patriarchal origins of our rape culture in order to trace the connections between past laws and current justice realities Her examination covers developments in police and court processes and explores the connections between men masculinity and rape before considering the scope of rape prevention She argues the need for urgent transformation of the rape condoning cultures that

currently make it impossible for rape prevalence to abate or for rape victims to receive justice *Her Turn on Stage* Grace Barnes, 2015-07-10 Audiences for musical theater are predominantly women yet shows are frequently created and produced by men Onstage female characters are depicted as victims or sex objects and lack the complexity of their male counterparts Offstage women are under represented among writers directors composers and choreographers While other areas of the arts rally behind gender equality musical theater demonstrates a disregard for women and an authentic female voice If musical theater reflects prevailing societal attitudes what does the modern musical tell us about the place of women in contemporary America the UK and Australia Are women deliberately kept out of musical theater by men jealously guarding their territory or is the absence of women a result of the modernization of the genre Based on interviews with successful female performers writers directors choreographers and executives this book offers a unique female viewpoint on musical theater today **Life**

Diversity in Higher Education Paul Carrese, Carol McNamara, James Stoner, 2023-06-19 The essays in *Free Speech and Intellectual Diversity in Higher Education* reflect diverse perspectives on one of the most pressing issues in higher education the controversies over freedom of speech and its relation to intellectual diversity Does the First Amendment apply on campuses and do its principles clarify or obscure the issues surrounding campus speech What after all is the basis for those principles and how do they relate to the purposes of the university Is free speech truly effective without a diversity of perspectives and to what extent is such diversity found at universities today Does free speech discourage the inclusion of minorities or previously excluded groups Are there specific policies that can address the issue of free speech on campuses today in ways that are fair to all parties and to the interests at stake **The Feminist War on Crime** Aya

Gruber, 2020-05-26 Many feminists grapple with the problem of hyper incarceration in the United States and yet commentators on gender crime continue to assert that criminal law is not tough enough This punitive impulse prominent legal scholar Aya Gruber argues is dangerous and counterproductive In their quest to secure women's protection from domestic violence and rape American feminists have become soldiers in the war on crime by emphasizing white female victimhood expanding the power of police and prosecutors touting the problem solving power of incarceration and diverting resources toward law enforcement and away from marginalized communities Deploying vivid cases and unflinching analysis

The Feminist War on Crime documents the failure of the state to combat sexual and domestic violence through law and punishment Zero tolerance anti violence law and policy tend to make women less safe and more fragile Mandatory arrests no drop prosecutions forced separation and incarceration embroil poor women of color in a criminal justice system that is historically hostile to them This carceral approach exacerbates social inequalities by diverting more power and resources toward a fundamentally flawed criminal justice system further harming victims perpetrators and communities alike In order to reverse this troubling course Gruber contends that we must abandon the conventional feminist wisdom fight violence against women without reinforcing the American prison state and use criminalization as a technique of last not first resort

Dubcon Milena Popova,2021-10-05 How the treatment of sexual consent in erotic fanfiction functions as a form of cultural activism Sexual consent is at best a contested topic in Western societies and cultures The MeToo movement has brought public attention to issues of sexual consent revealing the endemic nature of sexual violence Feminist academic approaches to sexual violence and consent are diverse and multidisciplinary and yet consent itself is significantly undertheorized In Dubcon Milena Popova points to a community that has been considering issues of sex power and consent for many years writers and readers of fanfiction Their nuanced engagement with sexual consent Popova argues can shed light on these issues in ways not available to either academia or journalism Popova explains that the term dubcon short for dubious consent was coined by the fanfiction community to make visible the gray areas between rape and consent for example in situations where the distribution of power may limit an individual s ability to give meaningful consent to sex Popova offers a close reading of three fanfiction stories in the Omegaverse genre examines the arranged marriage trope and discusses the fanfiction community s response when a sports star who was a leading character in RPF real person fiction was accused of rape Proposing that fanfiction offers a powerful discursive resistance on issues of rape and consent that challenges dominant discourses about gender romance sexuality and consent Popova shows that fanfiction functions as a form of cultural activism

Harris, 2018-12-15 In *Obscene Pedagogies* Carissa M. Harris investigates the relationship between obscenity, gender, and pedagogy in Middle English and Middle Scots literary texts from 1300 to 1580 to show how sexually explicit and defiantly vulgar speech taught readers and listeners about sexual behavior and consent. Through innovative close readings of literary texts including erotic lyrics, single woman's songs, debate poems between men and women, Scottish insult poetry, battles, and *The Canterbury Tales*, Harris demonstrates how, through its transgressive charge and galvanizing shock, value obscenity taught audiences about gender, sex, pleasure, and power in ways both positive and harmful. Harris's own voice proudly witty and sharply polemical inspires the reader to address these medieval texts with an eye on contemporary issues of gender violence and misogyny. *Come Out, Come Out, Whoever You are* Abigail Cope Saguy, 2020 While people used to conceal the fact that they were gay or lesbian to protect themselves from stigma and discrimination, it is now commonplace for people to come out and encourage others to do so as well. *Come Out, Come Out, Whoever You Are* systematically examines how coming out has moved beyond gay and lesbian rights groups and how different groups wrestle with the politics of coming out in their efforts to resist stigma and enact social change. It shows how different experiences and disparate risks of disclosure shape these groups' collective strategies. Through scores of interviews with LGBTQ people, undocumented immigrant youth, fat acceptance activists, Mormon fundamentalist polygamists, and sexual harassment lawyers and activists in the era of the MeToo movement, *Come Out, Come Out, Whoever You Are* explains why so many different groups gravitate toward the term coming out. By focusing on the personal and political resonance of coming out, it provides a novel way to understand how identity politics work in America today. *Politics, Literature, and Film in Conversation* Matthew D. Dinan, Paul E.

Kirkland, Denise Schaeffer, Natalie Taylor, 2021-05-04 This volume presents a series of essays in honor of noted scholar of political theory Mary P. Nichols. The essays reflect Nichols' pathbreaking work in ancient Greek political thought as well as her influential treatments of works of literature and film in conversation with political theory. Part I, *Conversations Concerning Love and Friendship*, features essays about the philosophical meaning of human connection and affection. Part II, *Conversations Between Politics and Poetry*, looks at the political significance of art and the ways in which political rule can be understood to be artistic or poetic. Part III, *Conversations from Tragedy to Comedy*, considers whether the human need for community is something to be lamented or celebrated. Broad in scope and interdisciplinary in approach, the essays in this volume address authors such as Plato, Aristotle, Shakespeare, Machiavelli, Mary Wollstonecraft, G. W. F. Hegel, Jane Austen, Henry James, William Faulkner, Albert Camus, J. R. R. Tolkien, and Aleksander Solzhenitsyn, as well as the films of Woody Allen and Whit Stillman.
