her own experiences of loss the proven research behind writing as a method for healing and blank pages with carefully chosen quotes Kenyon gives readers space to express the feelings that are sometimes too painful to speak aloud Through Minds' Eyes Ryan J. Hite, 2013-03-27 This is a book of history ethics and philosophy It is a record of teachings passed down through the generations from the East and the West It contains the fullness of the sealed covenant established between man and the laws of the universe As we evolve as a race we take things out of our lives because we better understand who we are and what we have achieved The divine refers to the laws of nature and the universe that guide us in our everyday lives The creator that guides our everyday lives is not something that we should worship or pray to out of fear or love it is something that remains unseen and works in natural forces to explain all the events that happen on Earth It is merely a force and it is not necessary to belong to a group to experience the light The path to the light is straight and broad The creator of the universe is a divine and intellectual force by which all things came into being The sealed covenant is a pact between all of humanity to the world around us and the universal laws that guide our everyday lives to come together and love one another and come to make the world a better place for all people This shall usher in the evolution of religious traditions and humanity to a new age of prosperity *THE NEGATIVES* Michael Thompson, *No More Namby Pamby*, **Remembering Mary Jane** Tamara Jane Owens, 2011-04 This is a simple story of the celebration of the life the peaceful promise and the lasting legacy of my dear grandmother Mary Jane who taught without words that you can't put reins on a wandering spirit An ambitious first novel as rich in retrospection as it is in introspection that serves as both a how to guide for all those struggling to come to terms with their own shortcomings and an arduous journey down the most difficult path of all the path to one's self This heartfelt personal narrative is a catalyst for change and an instrument of peace but above all it reminds us that love is boundless even in the face of death Jeremy Weimer writer poet author of *Plea* Remembering Mary Jane represents a wonderful tribute to God families and life While the author tells the reader that she is not writing the great American novel she takes the reader through a series of memories that will make one laugh and cry These memories include life lessons for learning empathy in the purest sense From Thanksmas to a funeral the experiences of this family show love care compassion and God's presence A book you will be glad you read Dr Eugenia Badger Indiana University author of *Metaphors Beliefs and Sayings About the Day of the Dead A Cross Cultural Comparison* **Days to Remember** John Buchan, Henry Newbolt, 2022-11-13 Days to Remember stands as a monumental anthology capturing the fervor and the fathomless depths of experiences from crucial historical junctures Encompassing a variety of literary styles this collection weaves together narrative accounts poetry and reflective essays thereby presenting a tapestry rich in cultural and temporal diversity Its brilliance lies not only in the individual merit of the pieces contained but also in the thematic coherence that emerges from their ensemble elegantly curated by John Buchan and Henry Newbolt Through its pages the anthology explores themes of valor loss and the enduring spirit of humanity in the face of adversity offering readers a profound engagement with
