Shaking Hands with the Devil William James Abraham, 2013 In the wake of 9 11 much has been written on terrorism Some have examined the potential relation between religion and terrorism few if any have studied the relation between theology and terrorism In the latter case the crucial issue is whether theology provides indirect or direct motivation and justification for terrorist acts Drawing on his childhood and youth in Northern Ireland William J Abraham tackles the latter question head on He argues that religious themes and practices play a pivotal indirect role in terrorism in Ireland and shows that theology plays a pivotal direct role in forms of Islamist terrorism Hence current forms of terrorism cannot be fully understood without coming to terms with the crucial place of religion and theology in their origins and persistent existence Beyond this he explores what ordinary people can do to respond to terrorism what they should expect from the state by way

of protection how they can resist pious nonsense about forgiveness in respect to terrorism and how they can face the depth of evil that terrorism represents for all of us Written with economy and energy this book is an eye opener on terrorism it is also a rigorous theological response to the moral and spiritual challenges posed by one of the great evils of our times

Property Wrongs Doug Smith,2023-04-13T00:00:00Z Until 1969 the City of Winnipeg had undertaken only two public housing projects even though the failure of the market to provide adequate housing for low income Winnipeggers had been apparent since the beginning of the century By 1919 providing housing was a significant issue in municipal politics that was embraced by civic officials professionals reformers labour leaders and social democratic politicians It also became a proxy issue for refighting the 1919 General Strike at city hall However Winnipeg s business community proved effective opponents of public housing The struggle for public housing was also a struggle for democracy Up until the 1960s public housing required approval by a referendum in which only the city s property owners could vote This rule deprived close to half the city s voters and virtually everyone who might qualify to live in public housing of the right to vote Over decades that barrier to democracy was whittled away An NDP provincial government elected in 1969 added 11 144 units of public housing to the existing 568 units Today public housing is once more under attack Rather being treated as valued public assets they are considered embarrassing encumbrances that should be sold as part of a process of turning public housing over to the private sector The struggle to protect and expand the provision of non profit housing is undermined by the rupture in political memory of the long struggle to build public housing and the current political situation
