William Morris By Himself Design And Writings:

William Morris by Himself William Morris, 2004 Through his own work and in his own words the book traces the fascinating progress of William Morris pre Raphaelite poet and architectural student into designer writer and pioneer socialist His youthful enthusiasm for the Middle Ages and Gothic architecture fired him with the conviction that he must dedicate his life to Art Later letters written to friends explain how in the industrialised nineteenth century Morris become preoccupied with the loss of traditional skills and pride in work and during the last ten years of his life he became increasingly involved in political agitation and his stories poems and lectures all reflect his commitment to the socialist cause and his ideals for art and society Other extracts from his letters and poems reveal more intimate aspects of Morris s life and personality reflecting the despair and isolation he felt over the breakdown of his marriage and his reliance on the friends who helped him through his personal crisis WILLIAM MORRIS BY HIMSELF is a tribute to an exceptional man whose work and reputation have survived for more than a century **William Morris by himself; designs and writings** W. Morris, 1988

Poetics of Luxury in the Nineteenth Century Betsy Winakur Tontiplaphol, 2016-04-22 Beginning with John Keats and

tracing a line of influence through Alfred Lord Tennyson and Gerard Manley Hopkins Betsy Tontiplaphol draws on established narratives of the nineteenth century's social and literary developments to describe the relationship between poetics and luxury in an age when imperial trade and domestic consumerism reached a fevered pitch The luscious poem as Tontiplaphol defines it is a subset of the luxurious a category that suggests richness in combination with enclosure and intimacy For Keats Tontiplaphol suggests the psychological virtues of luscious experience generated a new poetics one that combined his Romantic predecessors sense of the ameliorative power of poetry with his own revaluation of space both physical and prosodic Her approach blends cultural context with close attention to the formal and affective qualities of poetry as she describes the efforts of Keats and his equally though differently anxious Victorian inheritors to develop textual spaces as luscious as the ones their language describes For all three poets that effort entailed rediscovering and reinterpreting the list or catalogue and each chapter's textual and formal analyses are offered in counterpoint to careful examination of the century's luscious materialities Her book is at once a study of influence a socio historical critique and a form focused assessment of three century defining voices **The History of Landscape Design in 100 Gardens** Linda A.

Chisholm, 2018-07-10 Rich with photographs and descriptions of how landscape design has shaped and reflected culture over time The American Gardener The History of Landscape Design in 100 Gardens explores the defining moments in garden design Through profiles of 100 of the most influential gardens Linda Chisholm explores how social political and economic influences shaped garden design principles The book is organized chronologically and by theme starting with the medieval garden Alhambra and ending with the modern naturalism of the Lurie Garden Sumptuously illustrated The History of Landscape Design in 100 Gardens is a comprehensive resource for garden designers and landscape architects design students and garden history enthusiasts *Arts and Crafts Movement in New Zealand, 1870-1940* Ann Calhoun, 2000

Reveals the exquisite work and extraordinary skill of a group of New Zealand artists most of them women working in a wide variety of art and craft forms This flowering of local talent originated in the British Arts and Crafts movement and is associated with the growth of art education in this country its quiet but dedicated character also suggests much about the situation of women in the years before and after 1900 Jacket *The Sympathy of Things* Lars Spuybroek, 2016-04-21 If there is one thing we can learn from John Ruskin it is that each age must find its own way to beauty writes Lars Spuybroek in The Sympathy of Things his ground breaking work which proposes a radical new aesthetics for the digital era Spuybroek argues that we must undo the twentieth century and learn to understand the aesthetic insights of the nineteenth century art critic John Ruskin from which he distils pointers for the contemporary age Linking philosophy design and the digital with art history architecture and craft Spuybroek explores the romantic notion of sympathy a core concept in Ruskin's aesthetics re evaluating it as the driving force of the twenty first century aesthetic experience For Ruskin beauty always comprises variation imperfection and fragility three concepts that wholly disappeared from our mindsets during the twentieth century

but which Spuybroek argues to be central to contemporary aesthetics and design Revised throughout and a new foreword by philosopher Brian Massumi this is a new edition of a seminal work which has drawn praise from fields as diverse as digital architecture and speculative realism and will continue to be influential as it wrests Ruskin's ideas out of the Victorian era and reconstructs them for the modern age *Apples of Gold in Settings of Silver* Carolin C. Young, 2002 An invitation to 12 historic dinner parties is offered by a dining historian who gracefully transverses ten centuries in Western history to answer the question What does it mean to dine of full color photos b w illustrations throughout *Debates in Art and Design Education* Nicholas Addison, Lesley Burgess, 2013 *Debates in Art and Design Education* encourages student and practising teachers to engage with contemporary issues and developments in learning and teaching It introduces key issues concepts and tensions in order to help art educators develop a critical approach to their practice in response to the changing fields of education and visual culture Accessible comprehensive chapters are designed to stimulate thinking and understanding in relation to theory and practice and help art educators to make informed judgements by arguing from a position based on theoretical knowledge and understanding Contributing artists lecturers and teachers debate a wide range of issues including the latest policy and initiatives in secondary art education the concepts skills and dispositions that can be developed through art education tensions inherent in developing the inclusive Art and Design classroom partnerships across the visual arts sector creativity in the Art and Design curriculum visual art and globalisation establishing the significance of Design art practice as educational research *Debates in Art and Design Education* is for all student and practising teachers interested in furthering their understanding of an exciting ever changing field and supports art educators in articulating how the subject is a vital engaging and necessary part of the twenty first century curriculum Each chapter points to further reading and each section suggests reflective questions to help shape art educators teaching In particular *Debates in Art and Design Education* encourages art educators to engage in research by providing an essential introduction to critical thinking around contemporary debates Portable Property John Plotz, 2008-07-14 What fueled the Victorian passion for hair jewelry and memorial rings When would an everyday object metamorphose from commodity to precious relic In *Portable Property* John Plotz examines the new role played by portable objects in persuading Victorian Britons that they could travel abroad with religious sentiments family ties and national identity intact In an empire defined as much by the circulation of capital as by force of arms the challenge of preserving Englishness while living overseas became a central Victorian preoccupation creating a pressing need for objects that could readily travel abroad as personifications of Britishness At the same time a radically new relationship between cash value and sentimental associations arose in certain resonant mementoes in teacups rings sprigs of heather and handkerchiefs but most of all in books *Portable Property* examines how culture bearing objects came to stand for distant people and places creating or preserving a sense of self and community despite geographic dislocation Victorian novels because they themselves came to be understood as the quintessential portable property tell the

story of this change most clearly Plotz analyzes a wide range of works paying particular attention to George Eliot's Daniel Deronda Anthony Trollope's Eustace Diamonds and R D Blackmore's Lorna Doone He also discusses Thomas Hardy and William Morris's vehement attack on the very notion of cultural portability The result is a richer understanding of the role of objects in British culture at home and abroad during the Age of Empire

Selected Essays on the History of Letter-forms in Manuscript and Print Stanley Morison, 2009 Resist Everything Except Temptation Kristian Williams, 2020-06-02 Oscar Wilde is remembered as a wit and a dandy as a gay martyr and as a brilliant writer but his philosophical depth and political radicalism are often forgotten Resist Everything Except Temptation locates Wilde in the tradition of left wing anarchism and argues that only when we take his politics seriously can we begin to understand the man his life and his work Drawing from literary historical and biographical evidence including archival research the book outlines the philosophical influences and political implications of Wilde's ideas on art sex morality violence and above all individualism Williams raises questions about the relationships between culture and politics between utopian aspirations and practical programs and between individualism group identity and class struggle The resulting volume represents not merely a historical curiosity but a contribution to current debates within political theory and a salvo in the broader culture wars

Modernist Aesthetics and Consumer Culture in the Writings of Oscar Wilde Paul Fortunato, 2013-09-13 Oscar Wilde was a consumer modernist His modernist aesthetics drove him into the heart of the mass culture industries of 1890s London particularly the journalism and popular theatre industries Wilde was extremely active in these industries as a journalist at the Pall Mall Gazette as magazine editor of the Women's World as commentator on dress and design through both of these and finally as a fabulously popular playwright Because of his desire to impact a mass audience the primary elements of Wilde's consumer aesthetic were superficial ornament and ephemeral public image both of which he linked to the theatrical This concern with the surface and with the ephemeral was ironically a foundational element of what became twentieth century modernism thus we can call Wilde's aesthetic a consumer modernism a root and branch of modernism that was largely erased

Performing Marx Bradley J. Macdonald, 2012-02-01 Performing Marx looks at what it means to be a Marxist dealing with contemporary political and theoretical developments in the twenty first century Drawing upon Marx's work Western Marxism and poststructuralist theory Bradley J Macdonald explores how a living tradition of Marx's ideas can constructively engage a politics of desire and pleasure ecological sustainability a politics of everyday life that takes seriously popular culture and the nature of globalization and of the radical forces being arrayed against the logics of global capitalism By engaging such crucial issues Macdonald also provides important clarifications of the work of William Morris Guy Debord and the situationists Michel Foucault Antonio Negri Ernesto Laclau and Chantal Mouffe as they relate to Marx
