Year Of The Dunk A Modest Defiance Of Gravity:

Year of the Dunk Asher Price, 2015 The showmanship of the dunk mesmerized Price as a child but even with his height six foot plus and impressive wingspan he never pushed himself to try it Now approaching middle age Asher decides to spend a year remaking his body and testing his mind as he wonders like most adults what untapped talent he still possesses Along the way he dives into the history and science of one of sports most exuberant acts examining everything from our genetic predisposition towards jumping to the cultural role of the slam dunk The year long effort forces him to ask some fundamental questions about human ability and the degree to which we can actually improve ourselves even with great determination
