López-Claros, S. Hidalgo, 2015-12-26 The purpose of this annual report is to develop an index of good humanitarian donorship that will measure donors effectiveness against their commitment to the Principles and Good Practise of Humanitarian Donorship The index is intended to help the international donor community to better understand its strengths and weaknesses in order to improve the efficiency and quality of its donor activities and initiatives The index is also expected to raise awareness about the increasingly important role of humanitarian action and associated good practices beyond its current core constituencies We believe that this report offers significant potential to improve the quality of humanitarian aid benefiting those most affected by both man made and natural disasters Extremism and Counter-Extremism Narratives in Pakistan Sadia Nasir, 2023-05-19 The book provides an extensive analysis of extremism extremist narratives and counter narratives and their role in consolidating exclusive religious cultural and social identities in Pakistan Focusing on the construction and institutionalization of extremist tendencies the book studies the process of the adoption of the narrow interpretation of religion and society which subsequently was equated with national identity It looks at the efforts of counter extremism narratives which tend to focus on violent extremism while overlooking non violent manifestations The author highlights that the main issue with counter narratives is the difficulty in presenting extremism and its narratives as a threat since they have been normalized with the state being part of facilitating and building them A valuable and much required contribution to the existing literature on extremism and narrative building in Pakistan this book would help students academics and policymakers in identifying the limitations of counter narratives in Pakistan while providing them with a detailed overview of extremism and extremist narratives It will also be of interest to researchers studying Security Studies and Asian Politics especially in the context of South Asia □□□□□□ , 1996 **Directory of Corporate Affiliations** , 2001 Described as Who owns whom the family tree of every major corporation in America the directory is indexed by name parent and subsidiary geographic location Standard Industrial Classification SIC Code and corporate responsibility Consulting-specifying Engineer , 1992 **International Directory of Corporate Affiliations** , 1987 *Proceedings - American Society for Testing and Materials* American Society for Testing and Materials, 1987 Vols 61 66 include technical
