Cross hatching Scumbling Stippling Smudging and layering Smudging Layering This instructional manual is for making the
two circles cat of yours into something more pleasing and distinguishable for enhancing that sheep which looks like a cloud
with a face for turning your stick figures into cartoons and more Learn the very basics of drawing easily by following this
step by step tutorial and realize that drawing is something that is fun to do and not something that becomes a cause of

frustration To give you a hint of what this book is all about look at this short list of tasks that you will learn to properly initiate after reading and following the tutorial Tasks Start with a loose sketch You need to define the first look of your drawing by sketching it first so it could serve as a pattern for your permanent outlines defined outlines If the lay out of your primary sketch is too far off from the final piece that you are after the latter parts are going to be difficult Define permanent outlines Trace your sketch to clearly define the contour shape primary shape of your drawing and clean it up by erasing the sketch markings Show illustrate some texture Texture contour provides a better portrayal of the shape s dimension values The details such as scales fur or any print and texture should curve and flow with the contour shape of your subject and adjust with it accordingly Draw the necessary details Use a variety of line thickness and line weight given pressure on the pencil to show the right balance to the whole drawing use thick lines for the parts that should visually dominate the drawing and less visible and thin lines for the secondary details and parts that merely describe the object subject s form
