Themes And Variations For A Christian Doxology:

Nature of Religious Language Stanley E. Porter, 1996-02-01 The papers in this volume were presented at a conference held at the Roehampton Institute London in February 1995 and are concerned with either theological or literary issues related to the nature of religious language The papers suggest further issues that are still unresolved about the nature of religious language from its early usage in the biblical texts to its recent use in contemporary writing and religious discourse

Worship Hughes Oliphant Old, 2002-01-01 Hughes Oliphant Old masterfully summarizes the worship of Israel and the early church and traces the development of worship through the period of the Reformation He provides a sterling historical study that will be highly useful for pastors and church study groups as well as for scholars and students interested in Reformed worship An extensive bibliography of resources for the study of Reformed worship adds to the value of this book

Homiletical Theology David Schnasa Jacobsen, 2015-02-13 Karl Barth famously argued that all theology is sermon preparation But what if all sermon preparation is actually theology This book pursues a thoroughgoing theological vision for the practice of preaching as a way of doing theology The idea is not just that homiletics is the realm of theological application That would leave preaching in the position of simply implementing a theology already arrived at Instead the vision in these pages is of a form of theology that begins with preaching itself its practice its theories and its contexts Homiletical theology is thus a unique way of doing theology even a constructive theological task in its own right Homiletician David Schnasa Jacobsen has assembled several of the leading lights of contemporary homiletics to help to see its task ever more deeply as theological yet in profoundly diverse ways Along the way readers will not only discover how homileticians do theology homiletically but will deepen the way in which they understand their own preaching as a theological task Worship Larry Sibley, 2001-11-20 Experience a Whole New Kind of Worship We are born with a natural instinct to worship but sometimes we feel inadequate to approach an almighty God Our perspectives become skewed and we mistakenly think that worship is something that happens only in church or only through song But nothing could be further from the truth As this studyguide shows all of life is worship a worship that will last forever In *Worship Discovering What Scripture Says* you ll explore fresh life changing view on what it means to live out a heart of love for God 13 studies for individuals or groups *Breathing Patterns* Robert P. Hoch, 2010-04-29 Preaching to the choir is always complicated but especially so when that choir happens to be a seminary community In this collection of sermons delivered in the chapel of the University of Dubuque Theological Seminary PCUSA Robert P Hoch Assistant Professor of Homiletics and Worship weaves together life experiences careful readings of the Scripture and pastoral wisdom for the benefit of seminarians pastors and educators Often poetic Dr Hoch s sermons are crafted so that they speak not only to the peculiar life of a seminary community but more broadly to the larger life of the church Beyond the sermons themselves readers will hear Dr Hoch s reflections on individual sermons reflections that sometimes betray the sermon behind the sermon Whether as a student seasoned pastor or officer in the church readers

will find in these pages a partner with whom they can share the journey of faith

The Spirit of the Reformation Frank Ciampa, 2007

The Reading and Preaching of the Scriptures in the Worship of the Christian Church, Volume 2 Hughes Oliphant Old, 1998 Hughes Oliphant Old surveys the history of preaching in the Greek schools of Alexandria and Antioch in the Syriac church and throughout the Christian Empire concluding with the preaching of Leo the Great Peter Chrysologos and Gregory I

The Serious Business of Worship Melanie Ross, Simon Jones, 2011-11-03 The study of liturgy has received criticism from scholars and practitioners alike the academic discipline of liturgiology has been compared to the hobby of stamp collection and proponents for liturgical renewal argue that worship must be made more accessible and relevant Bryan Spinks has been an important moderating voice in this discussion reminding both academic and ecclesial communities that Christ is made known in the liturgical riches of the past as well as in contemporary forms of the present Inspired by Spinks work this volume brings together biblical historical and theological scholars to discuss the theme of continuity and change in worship Its historical range begins with the early church extends through the Reformation and concludes with a discussion of issues facing contemporary liturgical reform In recognition of the fact that Professor Spinks work has been widely influential in both Europe and the United States the editors have solicited liturgical perspectives from scholars with international reputations on sides of the Atlantic
