Theological Worlds W. Paul Jones, 1989 By exploring five common Christian perspectives theological worlds this volume helps readers understand the basis of their own Christian attitudes identify the sources of their confusions about life and the church and come to a deeper appreciation of the assumptions and motivations of others Author W Paul Jones demonstrates that each of the five theological worlds has a legitimate basis in both Scripture and tradition He explores why the citizens of each world have great difficulty understanding and accepting the legitimacy of other worlds and why people of goodwill often misconstrue the words and intentions of others Theological Worlds offers thoughtful insight to all Christians who want to understand and deal effectively with other human beings Christian educators will appreciate the references to literature books plays songs poetry which illustrate the characteristics of residents of the five worlds and point toward ways to achieve nurturing experiences for students and congregations Preachers will find the volume helpful as a means of crafting sermons that speak to the diversity of experience among their church members *Theological worlds : understanding the alternative rhythms of Christian belief* Paul W. Jones, 1989 *Remnant Christianity in a Post-Christian World* W. Paul Jones, 2021-11-03 The contemporary Christian church is in critical decline both in membership and finances All attempts at reversal are failing primarily because of the consuming socioeconomic secular dynamic in which society is immersed in its self destructive course Consequently Christian imagery is losing its conceivability and credibility and past motivations that once encouraged belief have lost their appeal Without these as points of contact the demise of the institutional church will be relentless despite all efforts to halt it Yet as at other crisis points in history the divine promise has been to raise a faithful remnant with sufficient promise to outlast whatever the societal demise After carefully analyzing the ingredients of our societal crisis the author develops the contours of a Remnant Church to be set in place now within the present institutional churches This necessitates distilling a vital spirituality and discerning the heart of a preservable tradition sufficient to claim both personal and communal commitment Thereby prepared for the long haul the Remnant Church can emerge as a prophetic alternative

Fireweed Evangelism Elizabeth Geitz, 2004-11 Fireweed always the first flower to spring up and bloom in ruins and burned over places is Elizabeth Geitz's metaphor for evangelism that comes from the heart It is the motivation that makes some Christians eager to welcome the stranger and invite people into their churches while others hang back In this prequel to *Entertaining Angels* Hospitality Programs for the Caring Church Geitz explores this missing ingredient in Christian hospitality reminding us that in a multi faith world where Christians wish to honor the validity of other religious paths we may hesitate to talk about the uniqueness of Jesus Christ Her book helps both individuals and communities to understand what holds them back from evangelism and discover the path that is right for them This book unfolds in three sections In the first we look at the factors that inhibit our evangelism including the awareness that we live in a pluralistic world and do not wish to offend those with other faith commitments Geitz offers both reflection and exercises to help us discover our own

motivation for evangelism Part 2 addresses the question of context Where does evangelism take place and for whose benefit To what sort of communities do we invite those to whom we reach out Section 3 focuses on the uniqueness of Christian hospitality and describes the nuts and bolts of newcomer ministry and the programs needed to sustain Christian hospitality in a pluralistic society It includes workshop and group process material

Confident Witness--changing World Craig Van Gelder, 1999 In *Confident Witness Changing World* twenty two scholars and skilled ministry practitioners explore this complex question not only theoretically but also in practical terms immediately useful to pastors and church leaders

The Community of the Weak Hans-Peter Geiser, 2013-03-28 Social postmodernism and systematic theology can be considered the new pair in some of the most creative discussions on the future of theological method on a global scale Both in the academy and in the public square as well as in the manifold local and pastoral moments of ministry and community social activism the social the postmodern and the theological intermingle in engaging and border crossing ways *The Community of the Weak* presents a new kind of jazzy fundamental theology with a postmodern touch using jazz as a metaphor writing ethnographically messy texts out of the personal windows of lived experiences combining fragments of autobiography with theological reconstruction A comparative perspective on North American and European developments in contemporary systematic theology serves as a hermeneutical horizon to juxtapose two continents in their very different contexts The author proposes a systematic and fundamental theology that is more jazzy global and narrative deeply embedded in pastoral ministry to tell its postmodern story
