War Stories An Enlisted Marine In Vietnam:

War Stories Stephen G. MacDonald, 2011 *War Stories An Enlisted Marine In Vietnam* is a memoir of my two years in the United States Marine Corps. It tells what it was like to enlist in the Marine Corps and serve as a field radio operator with an infantry battalion. We operated near the southern edge of the DMZ in Vietnam in 1967, a time and place of intense fighting. It took forty years of writing and rewriting to distill that two years into this book because it took that long for me to become this honest about my experience. I'm glad I didn't rush it because none of the earlier versions were as good as this one. This book is not so much about military tactics as it is about what it feels like to be a Marine. It might be of particular interest to young people considering enlistment in the Marine Corps, to Marine officers both commissioned and non-commissioned, and to family members of Marines, but it is really written for everyone. Most of us believe that the world is less than ideal and that there are people and countries out there from whom we need to defend ourselves. Marines and the Marine Corps are an important part of that defense. When we ask citizens to become Marines to defend us, we owe it to them to try to understand what we are asking. This book can help. A common reaction of many early readers has been, "I had no idea it was like that."

Once a Marine Claude DeShazo, 2005-03-23 The former enlisted Marines whose stories you will read in this book have a common thread. The common thread is that they became one of the few the proud the Marines. They joined and entered the Vietnam war when their country called. They fought and returned home to adjust to normal lives by themselves. These are the life stories told in their own words of how Marine Corps vets came home, built families, businesses, and are living the American dream today. Many still live their lives today with the same traditions and values taught to them by the Marine Corps and have adjusted after the traumatic experience of a war. Marine Corps values are easy to state: Honor, Courage, and Commitment. The Marine Corps defines these values in the following way: Honor as demonstrating integrity in all one does and accepting responsibility and accountability for one's actions; Courage as doing the right thing in the right way and for the right reasons; Commitment as devotion to the Corps and one's fellow Marines. All Marines, former and active duty, live and fight under this same creed. Read about these men who left the Corps and the war behind and used this experience as a stepping stone to success and happiness.

Not Your Ordinary Vietnam War Stories Jim Pepper, 2013-03-29 After graduating from the University of Missouri in 1969, I was commissioned as an officer in the Marines. I served an interesting tour of duty in Southeast Asia in 1972 during which time I was in and out of six different countries, including Vietnam. A greenhorn lieutenant when I landed, I was eventually promoted to captain. Because of my God-given take-charge personality and a few very junior officer notable accomplishments, I found myself frequently being handpicked for special assignments. I saw action with seven different units, some good, some bad, some ugly. I saw men die, I saw capable men withered by fatigue, brave men crippled by fear. Since I served more than forty years ago, now I have had the pleasure and privilege of meeting and getting to know hundreds of fellow Vietnam Vets, short-term acquaintances, professional colleagues, neighbors, close

friends family members Although our individual Vietnam stories are unique and intensely personal I have come to realize that a common thread runs through most of them For more than twenty five years I have been asked to formally speak to sundry civic organizations history classes and social gatherings As a result of fielding thousands of audience questions and listening to their spontaneous reactions to my talks I have learned what people are interesting in hearing I have seen their reactions to my version of Americas Vietnam experience I know whats interesting and whats not whats important to those who werent there ordinary people who merely wonder what it was like I have enjoyed two successful careers and am currently embarked upon my third I have fired most of lifes best bullets emptied most of my chosen weapons most precious magazines drained my fullest canteens exhausted most of my allotted time on this fair planet we call earth I want to share a few of the stories of men I served with men I came to know later in life men I loved as brothers in arms surviving in harms way or men who were simply Crazy Vietnam Vets like me with a special story to tell Men JUST like me only different Ours are interesting up and down tales of wonder and weird of good times and bad I am happily married to a seasoned school nurse am the father of three college educated sons and have two fine grandsons I live in Blanco Texas about forty miles due west of Austin I have always viewed lifes glass as half full hope you enjoy our Not Ordinary war stories *Friendly Fire in the Literature of War*

Earl R. Anderson, 2017-05-08 The term friendly fire was coined in the 1970s but the theme appears in literature from ancient times to the present It begins the narrative in Aeschylus s Persians and Larry Heinemann s Paco s Story It marks the turning point in Homer s Iliad Virgil s Aeneid the Chanson de Roland Stephen Crane s The Red Badge of Courage and Tim O Brien s Going After Cacciato It is the subject of transformative disclosure in Jaan Kross s Czar s Madman Ron Kovic s Born on the Fourth of July O Brien s In the Lake of the Woods and A B Yehoshua s Friendly Fire In some stories events propel the characters into a friendly fire catastrophe as in Thomas Taylor s A Piece of this Country and Oliver Stone s 1986 film Platoon This study examines friendly fire in a broad range of literary contexts **On War and Politics**
