## **War Peace And Reconciliation A Theological Inquiry:**

**War, Peace and Reconciliation** Weber Theodore R,2016-10-27 War Peace and Reconciliation invites Christians and their churches into a dialogue regarding how to think about war from a standpoint rooted in faith It asks how reconciliation which is central to Christian life and doctrine can engage with the realities of war without surrendering its fundamental affirmations Theodore Weber defines these realities politically by discussing the meanings of power peace as a particular organisation of power and the international system The study of war and politics is unavoidable as is engagement with reconciliation because all human activity exists in the context of the gracious work of God to renew and reconcile the fallen creation Weber's inquiry is theocentric and christocentric It culminates in a stirring call to churches to examine all their practices in the light of this perspective

*War and the Gospel* Jean Lasserre,2022-01-01 In 1962 the blurb for the first English edition of War and the Gospel warned that the problem of war is as old as the Christian faith but it has assumed a greater urgency in our own time This remains grimly true after 60 years In the decade after World War 2 Jean Lasserre made a clear and vigorous case for an exegetical grounding of our attitudes towards war in the modern world He states that Christian theology should start from the Scriptures not from preconceived ideas With the super powers of the United States and the USSR at each other's throats and the threat of nuclear Armageddon on the horizon Jean Lasserre penned this sober investigation into how Christians should think about war and violence He begins with the pacifism of Jesus his teachings and his examples in the New Testament Questions are raised as to when it is morally obligatory to disobey the state and whether lethal force can be justified in prisons and by our police forces a topic that has seen renewed relevance during the first quarter of the twenty first century War and the Gospel remains a serious discussion of issues that are sadly evergreen

**Political Philosophy in the East and West** Jaan Islam,2018-01-10 In the 21st century amid the convergence of global political social and economic forces we are asking ourselves the fundamental values we hold true facing an antagonism between different school of philosophy between

left and right politics The proposed book provides a comprehensive analysis of western political philosophy and underlines the core principles of each argument It then argues that non have solved or have any pathway to eventually solve the question of right and wrong we are essentially moral relativists in disguise In order to break out of this cycle of uncertainty the book purposes a solution of knowledge based cognition policy based on a concrete and prove understanding of an absolute and certain body of truths This requires an analysis and blending of non western political philosophical traditions such as those espoused by Islam and Confucianism This book gives an original critique of western political philosophy and is the first book to engage in a philosophical reconstruction of Islamic political philosophy *Peace and Reconciliation in the Classical World* E. P. Moloney, Michael Stuart Williams, 2017-02-03 Warfare has long been central to a proper understanding of ancient Greece and Rome worlds where war was as the philosopher Heraclitus observed both king and father of all More recently however the understanding of Classical antiquity solely in such terms has been challenged it is recognised that while war was pervasive and a key concern in the narratives of ancient historians a concomitant desire for peace was also constant This volume places peace in the prime position as a panel of scholars stresses the importance of peace as a positive concept in the ancient world and not just the absence of or necessarily even related to war and considers examples of conflict resolution conciliation and concession from Homer to Augustine Comparing and contrasting theories and practice across different periods and regions this collection highlights first the open and dynamic nature of peace and then seeks to review a wide variety of initiatives from across the Classical world Peace Education, Religious Discourse, and Scientific Enquiry Jarosław Michalski, Monika Wolińska, 2024-12-03 Empowering educators and policymakers to effect positive change in their communities this book critically examines how sustained dialogue and cooperation between scientific inquiry and religious discourse can contribute to the fostering of successful peace education initiatives Providing an overview of the historical and cultural context of peace education in Eastern Europe the chapters look initially at the theoretical foundations emphasising the need for empathy internal peace and traditional values Featuring contributions from the United States Germany Italy Slovakia Turkey and Poland subsequent sections outline ethical moral and religious dimensions to inform effective peace education strategies along with a discussion on how they can be harmonised with secular approaches to provide a holistic framework for peace education Case studies and practical applications follow ranging from Maria Montessori s educational approach to the role of social media and sustainability in peace education providing readers with a comprehensive understanding of how different perspectives can inform effective peace education strategies With implications and take aways for educators and researchers looking to foster a culture of peace and non violence this book will be of interest to scholars policymakers postgraduate students and curriculum designers in the fields of peace education values education conflict resolution and social cohesion more broadly Those working in peacebuilding organisations and NGOs more widely may also benefit from the chapters The Open Access version of this book available at [www.taylorfrancis.com](http://www.taylorfrancis.com) has been made

Ayse Kadayifci-Orellana, Pauline Kollontai, 2020-07-01 In this ground breaking volume the authors analyze the role of religion in conflict and conflict resolution They do so from the perspectives of Judaism Christianity and Islam while bringing different disciplines into play including peace and conflict studies religious studies theology and ethics With much of current academic political and public attention focusing on the conflictive dimensions of religion this book also explores the constructive resources of religion for conflict resolution and reconciliation Analyzing the specific contributions of religious actors in this field their potentials and possible problems connected with them this book sheds light on the concrete contours of the oftentimes vague religious factor in processes of social change Case studies in current and former settings of violent conflict such as Israel post genocide Rwanda and Pakistan provide real life contexts for discussion Combining cutting edge research with case studies and concrete implications for academics policy makers and practitioners this concise and easily accessible volume helps to build bridges between these oftentimes separated spheres of engagement The Open Access version of this book available at <http://doi.org/10.4324/9781003002888> has been made available under a Creative Commons Attribution Non Commercial No Derivatives 4 0 license      **Building New Pathways to Peace** Noriko Kawamura, Yoichiro Murakami, Shin Chib, 2011-06-01 In the post Cold War era problems of war and peace have become complicated and ambiguous involving such nonmilitary issues as the north south dichotomy of power resource depletion and globalization of capitalism To create a twenty first century intellectual and theoretical foundation for peace studies Building New Pathways to Peace considers both the old concepts of tolerance shalom and wa and the relatively new concepts of human security decent peace credibility accountability plurality multiculturalism and transnationalism It also elucidates impediments to and necessary conditions for actualizing peace      *The Palgrave Encyclopedia of Peace and Conflict Studies* Oliver P.
