Robert Bunker J

Wars Of The 21st Century New Threats New Fears:

Wars of the 21st Century Ignacio Ramonet, 2004 Ignacio Ramonet Europe s Noam Chomsky examines the post 9 11 world offering a concise unforgiving analysis of the fundamental global issues of today Ramonet editor of the prestigious Le Monde Diplomatique dissects the phenomenon of neo liberal globalisation and the recent US led wars in Iraq Afghanistan Kosovo and elsewhere arguing that in these times of planetary social war civil society must reclaim its place as the key protagonist on the international political stage

Turkey's New European Era Burak Akçapar, 2007 In this book diplomat Burak Akapar suggests a strategic framework for thinking about the foreign and security policy of Turkey Europe and the United States

Global Criminal and Sovereign Free Economies and the Demise of the Western Democracies Robert J. Bunker, Pamela Ligouri Bunker, 2014-09-15 Much has been written about the many economic benefits of globalization and the triumph and spread of democratic liberalism with the end of the Cold War following the demise of the Soviet Union This work takes issue with such wine and roses perspectives about the future of the Western democracies and their faith based views on the moral purity of a globalized marketplace It also questions many of the assumptions found in the status quo reinforcing discipline of international political economy IPE a discipline that focuses on the formal and legitimate economies and the fa ade they present that international relations and commerce is still dominated and dictated solely by the old Westphalian state centric system Having highlighted these concerns this book looks at two major themes The first theme focuses on the theoretical perception that a Dark Renaissance is taking place globally one in which the Western liberal democracies and its citizens are ill prepared to respond because it exists at the trans civilization level bridging the modern to the post modern world The second theme focuses on the actual process of state deconstruction that is taking place This process is leading to what may become the very undoing of the democracies Drawing together experts from a variety of backgrounds this work explores the increasing shift away from formal based capitalism and evaluates through case studies how different states are responding to the challenges they face This work will be of great interest to students and scholars of international political economy

Criminal Insurgencies in Mexico and the Americas Robert Bunker J, 2013-10-28 In recent years the south western border of the United States has come under increasing pressure from the activities of Mexican narco insurgents These insurgents have developed rapidly from beginnings as nebulous gangs into networked cartels that have exposed the porosity of the border These cartels declare no allegiance to any nation and are engaging in asymmetrical warfare against sovereign states throughout Mexico and in Central America Within such states de facto political control is shifting to the cartels in the areas of impunity that have emerged This book addresses these concerns and focuses on the criminal insurgencies being waged by the gangs and cartels It is divided into sections on theory Mexico and the Americas and contains a number of introductory essays pertaining to this premier security threat to the United States and her allies in the region Topics covered include criminal and spiritual insurgency cartel weapons corruption feral cities Los Zetas politicized

gangs and threat analysis in Central America This book will be a valuable resource to scholars in the fields of regional security criminal justice and American Studies It will be of great benefit to military and civil policymakers and practitioners in the areas of law enforcement and counternarcotics This book was published as a special issue of Small Wars and Insurgencies

Manifesto Ernesto Che Guevara, Friedrich Engels, Karl Marx, Rosa Luxemburg, 2015-04-10 If you are curious and open to the life around you if you are troubled as to why how and by whom political power is held and used if you sense there must be good intellectual reasons for your unease if your curiosity and openness drive you toward wishing to act with others to do something you already have much in common with the writers of the three essays in this book Adrienne Rich With a preface by Adrienne Rich Manifesto presents the radical vision of four famous young rebels Marx and Engels Communist Manifesto Rosa Luxemburg's Reform or Revolution and Che Guevara's Socialism and Humanity

What Every Radical Should Know about State Repression Victor Serge, 2005 An expose of the methods of surveillance and harassment of political activists used by the Czarist police Serge's words read like a spy thriller but their message is real in the uncertain climate of a post 9 11 world political activists are facing a new wave of repression under coercive patriotism bills and racial profiling in the name of the war on terror Includes an introduction by Dalia Hashad

Knowledge Policy Greg Hearn, David Rooney, 2008-03-31 Illustrates how the production of knowledge has become central to economic life and that competitiveness in the 21st century market place is characterized by the ability to translate scientific and technological knowledge into innovation This book explains what we actually mean by the term knowledge

World History: The Basics Peter N. Stearns, 2010-11-19 Written by one of the founders of the field and addressing all of the major issues World History The Basics is both an ideal introduction to world history and an important statement about the past present and future of the field

The Business of War James A. Tyner, 2017-11-30 Since the cessation of major combat operations in Iraq approximately 120 people either contract workers or private soldiers have been abducted with one third being executed The largest contingent of these workers has been provided by the Philippines Through a specific though not exclusive focus on the Philippines connection this book considers the myriad ways in which transnational labour migration intersects with the occupation of Iraq Also examining the role of the USA in the Middle East the book places the war on terror within the practices of neoliberalism but also links this with migration issues and argues that it is all part of a larger business of conflict

Challenging Global Inequality Alastair Greig, David Hulme, Mark Turner, 2007-01-16 This major introductory text written by 3 leading names in the field provides an accessible overview of the challenges faced in overcoming global poverty and inequality in the 21st century Through an in depth assessment of development theory and practice the authors set out to advance two key arguments the first being the importance of historically contextualizing contemporary developmental problems in order to assess policy proposals and the second that inequality matters and how this notion has continually remained a central feature of development debates from colonial times to present day Ideal for undergraduate students

taking development modules as part of political science and international relations degrees this engaging text proves to be essential reading when exploring the impacts of development on today's international political economy With each chapter covering inequalities from all different angles the authors clearly outline the impact of models such as globalization and neoliberalism as well as offering alternative views on the challenges posed by the UN's Millennium Development Goals Also available is a companion website with extra features to accompany the text please take a look by clicking below https://www.palgrave.com/companion/Greig/Challenging_Global_Inequality
