Five Women of the English Reformation Paul F. M. Zahl, 2001-06 Books on the history of the Reformation are filled with the heroic struggles and sacrifices of men But this compelling volume puts the spotlight on five strong and intellectually gifted women who because of their absolute and unconditional commitment to the advancement of Protestant Christianity paid the cost of their reforming convictions with martyrdom imprisonment and exile Anne Boleyn 1507 1536 introduced the Reformation to England and Katharine Parr 1514 1548 saved it Both women were riveted by early versions of the justification by faith doctrine that originated with Martin Luther and came to them through France As a result Anne Boleyn was beheaded Katharine Parr narrowly avoided the same fate Sixteen year old Jane Grey 1537 1554 and Anne Askew 1521 1546 both dared to criticize the Mass and were pioneers of Protestant views concerning superstition and symbols Jane Grey was executed because of her Protestantism Anne Askew was tortured and burned at the stake Catherine Willoughby 1520 1580 anticipated later Puritan teachings on predestination and election and on the reformation of the church She was forced to give up everything she had and to flee with her husband and nursing baby into exile Paul Zahl vividly tells the stories of these five mothers of the English Reformation All of these women were powerful theologians intensely interested in the religious concerns of their day All but Anne Boleyn left behind a considerable body of written work some of which is found in this book s appendices It is the theological aspect of these women s remarkable achievements that Zahl seeks to underscore Moreover he also considers what the stories of these women have to say about the relation of gender to theology human motivation and God An important epilogue by Mary Zahl contributes a contemporary woman s view of these fascinating historical figures Extraordinary by any standard Anne Boleyn Anne Askew Katharine Parr Jane Grey and Catherine Willoughby remain rich subjects for reflection and emulation hundreds of years later The personalities of these five women who spoke their Christian convictions with presence of mind and sharp intelligence within situations of life and death duress are almost totemic in our enduring search for role models Women of the Reformation , Women of the Reformation, from Spain to Scandinavia Roland Herbert Bainton, 1977 In his series on the contributions of women to the Reformation celebrated historian Roland

Bainton tells the stories of twenty seven courageous figures some famous some less well known all ardently committed to religious reform during the restless years of the Reformation

Women, Reform and Community in Early Modern England Melissa Franklin-Harkrider, 2008 Katherine Willoughby duchess of Suffolk was one of the highest ranking noblewomen in sixteenth century England She wielded considerable political power in her local community and at court and her social status and her commitment to religious reform placed her at the centre of the political and religious developments that shaped the English Reformation By focusing on her kinship and patronage network this book offers an examination of the development of Protestantism in the governing classes during the period The importance of gender in the process of spiritual transformation emerges clearly from this study showing how the changing religious climate provided new opportunities for women to exert greater influence in their society
