The Wpa Guide To 1930s New Mexico

Kathryn Flynn

The Wpa Guide To 1930s New Mexico:

The WPA Guide to New Mexico Federal Writers' Project, 2013-10-31 During the 1930s in the United States the Works Progress Administration developed the Federal Writers Project to support writers and artists while making a national effort to document the country's shared history and culture. The American Guide series consists of individual guides to each of the states. Little known authors many of whom would later become celebrated literary figures were commissioned to write these important books. John Steinbeck, Saul Bellow, Zora Neale Hurston, and Ralph Ellison are among the more than 6,000 writers, editors, historians, and researchers who documented this celebration of local histories. Photographs, drawings, driving tours, detailed descriptions of towns, and rich cultural details exhibit each state's unique flavor. The WPA Guide to New Mexico certainly shows how this Southwest state earned its nickname, the Colorful State. The blended influence of Native American, Spanish, and Anglo-American cultures account for the Land of Enchantment's distinct flavor, thoroughly captured in the guide's stunning photography as well as in its many essays on art, folklore, and language. **The WPA Guide to 1930s New Mexico**, 1989 In no other single book is the essence of this region gathered for the general reader so schematically, so accessibly, and so interestingly as in this volume. New Mexico has reason to be proud of this civilized and entertaining book. So wrote Axton Clark in the New York Times when this practical guidebook was first published as part of the Work Projects Administration's American Guide Series. Half a century later it stands as a historic document containing a wealth of information about New Mexico's places and people. The WPA Guide to 1930s New Mexico leads the modern traveler along eighteen fascinating road trips and offers an unimpeachable reference of comparing what is with what once was. Enhanced by the outstanding photography of Laura Gilpin and Ernest Knee, it captures the spirit of a place and time that still lingers in the Land of Enchantment. **The WPA Guide to 1930s Kansas** Federal Writers' Project, 1984 A reissue of a 1939 guide to Kansas compiled as part of the Federal Writers Project during the Depression years, providing information not only about the attractions of the state but serving as a cultural chronicle of an earlier time. Global West, American Frontier David M. Wrobel, 2013-10-15 This thoughtful examination of a century of travel writing about the American West overturns a variety of popular and academic stereotypes. Looking at both European and American travelers' accounts of the West from de Tocqueville's *Democracy in America* to William Least Heat Moon's *Blue Highways*, David Wrobel offers a counter narrative to the nation's romantic entanglement with its western past and suggests the importance of some long overlooked authors, lively and perceptive witnesses to our history who deserve new attention. Prior to the professionalization of academic disciplines, the reading public gained much of its knowledge about the world from travel writing. Travel writers found a wide and respectful audience for their reports on history, geography, and the natural world, in addition to reporting on aboriginal cultures before the advent of anthropology as a discipline. Although in recent decades western historians have paid little attention to travel writing, Wrobel demonstrates that this genre in fact offers an important and rich understanding of the

American West one that extends and complicates a simple reading of the West that promotes the notions of Manifest Destiny or American exceptionalism Wrobel finds counterpoints to the mythic West of the nineteenth century in such varied accounts as George Catlin's *Adventures of the Ojibbeway and Ioway Indians in England France and Belgium* 1852 Richard Francis Burton's *The City of the Saints* 1861 and Mark Twain's *Following the Equator* 1897 reminders of the messy and contradictory world that people navigated in the past much as they do in the present His book is a testament to the instructive ways in which the best travel writers have represented the West

The 1929 Bunion Derby Charles B. Kastner, 2014-03-31 On March 31 1929 seventy seven men began an epic 3 554 mile footrace across America that pushed their bodies to the breaking point Nicknamed the Bunion Derby by the press this was the second and last of two trans America footraces held in the late 1920s The men averaged forty six gut busting miles a day during seventy eight days of nonstop racing that took them from New York City to Los Angeles Among this group two brilliant runners Johnny Salo of Passaic New Jersey and Pete Gavuzzi of England emerged to battle for the 25 000 first prize along the mostly unpaved roads of 1929 America with each man pushing the other to go faster as the lead switched back and forth between them To pay the prize money race director Charley Pyle cobbled together a traveling vaudeville company complete with dancing debutantes an all girl band wearing pilot outfits and blackface comedians all housed under the massive show tent that Pyle hoped would pack in audiences Kastner's engrossing account often told from the perspective of the participants evokes the remarkable physical challenge the runners experienced and clearly bolsters the argument that the last Bunion Derby was the greatest long distance footrace of all time

The New Deal Kathryn Flynn, 2009-09 2008 marks the 75th anniversary of the New Deal the series of programs initiated by President Franklin Delano Roosevelt to help Americans recover during the Great Depression Programs such as the Civilian Conservation Corps the Civil Works Administration and the Works Progress Administration gave hope support and encouragement to millions of Americans Several New deal programs including Social Security continue to help Americans today

New Mexico Joseph P. Sánchez, Robert L. Spude, Art Gómez, 2013-09-26 Since the earliest days of Spanish exploration and settlement New Mexico has been known for lying off the beaten track But this new history reminds readers that the world has been beating paths to New Mexico for hundreds of years via the Camino Real the Santa Fe Trail several railroads Route 66 the interstate highway system and now the Internet This first complete history of New Mexico in more than thirty years begins with the prehistoric cultures of the earliest inhabitants The authors then trace the state's growth from the arrival of Spanish explorers and colonizers in the sixteenth century to the centennial of statehood in 2012 Most historians have made the territory's admission to the Union in 1912 as the starting point for the state's modernization As this book shows however the transformation from frontier province to modern state began with World War II The technological advancements of the Atomic Era spawned during wartime propelled New Mexico to the forefront of scientific research and pointed it toward the twenty first century The authors discuss the state's historical and cultural geography the

economics of mining and ranching irrigation s crucial role in agriculture and the impact of Native political activism and tribe owned gambling casinos New Mexico A History will be a vital source for anyone seeking to understand the complex interactions of the indigenous inhabitants Spanish settlers immigrants and their descendants who have created New Mexico and who shape its future **In the Shadow of Los Alamos** Edith Warner,2008-05-16 In 1928 Edith Warner moved into northern New Mexico Her neighbors soon made regular visits to her tea room getting acquainted introducing her to their world and culture This title presents Warner s letters essays journals and her incomplete autobiography that survived in spite of her instructions they be burned upon her death New Mexico's Ice Ages Spencer G. Lucas,Gary S. Morgan,Kate E. Zeigler,2005-01-01 El Camino Real de Tierra Adentro, Texas--New Mexico United States. National Park Service,1997
