The Writing on the Wall W. D. Wetherell, 2012-10-08 When Vera decides to travel to an old house in the New England countryside for a month long escape from some devastating news about her daughter Cassie she has no idea her life is about to change forever It begins innocently enough peeling the old wallpaper from the walls as a favor to the house s owner What she discovers underneath written in India ink on the very walls of the house by a woman named Beth in 1919 is the beginning of the reader s unsettling crossing into the unknown world underneath the paper *The Writing on the Wall* is a brilliantly realized journey into the connected lives of three women whose stories span a century linked by the house they all briefly inhabit and by the tragedies they ve had to endure And it s not just their own stories that reveal themselves A brilliant schoolteacher back from the war in the trenches finds the pupils of his dreams A young Vietnam draftee makes a stubbornly quirky separate peace The moody dangerously charismatic leader of a commune becomes the unlikeliest of heroes An ordinary housewife s lonely battle propels her onto the national stage A girl sent to Iraq tries making sense of the chaos and the pain *The Writing on the Wall* is about stories that can t be told but must be told about secrets that can t be shared but must be shared and the surprising ways people find to confront the truth

Writing on the Wall Karen B. Stern, 2020-11-03 What ancient graffiti reveals about the everyday lives of Jews in the Greek and Roman world Few direct clues exist to the everyday

lives and beliefs of ordinary Jews in antiquity Prevailing perspectives on ancient Jewish life have been shaped largely by the voices of intellectual and social elites preserved in the writings of Philo and Josephus and the rabbinic texts of the Mishnah and Talmud Commissioned art architecture and formal inscriptions displayed on tombs and synagogues equally reflect the sensibilities of their influential patrons The perspectives and sentiments of nonelite Jews by contrast have mostly disappeared from the historical record Focusing on these forgotten Jews of antiquity *Writing on the Wall* takes an unprecedented look at the vernacular inscriptions and drawings they left behind and sheds new light on the richness of their quotidian lives Just like their neighbors throughout the eastern and southern Mediterranean Mesopotamia Arabia and Egypt ancient Jews scribbled and drew graffiti everywhere in and around markets hippodromes theaters pagan temples open cliffs sanctuaries and even inside burial caves and synagogues Karen Stern reveals what these markings tell us about the men and women who made them people whose lives beliefs and behaviors eluded commemoration in grand literary and architectural works Making compelling analogies with modern graffiti practices she documents the overlooked connections between Jews and their neighbors showing how popular Jewish practices of prayer mortuary commemoration commerce and civic engagement regularly crossed ethnic and religious boundaries Illustrated throughout with examples of ancient graffiti *Writing on the Wall* provides a tantalizingly intimate glimpse into the cultural worlds of forgotten populations living at the crossroads of Judaism Christianity paganism and earliest Islam

book and not just in Mumia's personal courage and character. It's in the writing. This is art with political power challenging institutional injustice in the U.S. while catalyzing our understanding, memory, and solidarities for liberation and love. *Writing on the Wall* can set the nation aflame yes for creating new possible worlds. Mark Lewis Taylor, Professor of Theology and Culture, Princeton Theological Seminary. Mumia Abu Jamal is an award-winning journalist and author of two best-selling books, *Live From Death Row* and *Death Blossoms*. Johanna Fernandez is a Fulbright Scholar and Professor of History at Baruch College in New York City. Cornel West is a scholar, philosopher, activist, and author of over a dozen books, including his bestseller *Race Matters*. He appears frequently in the media and has appeared on *Real Time with Bill Maher*, *The Colbert Report*, CNN, and C-SPAN, as well as Tavis Smiley.

Writing on the Wall David S. Martins, Brooke R. Schreiber, Xiaoye You, 2023-04-01. The first concerted effort of writing studies scholars to interrogate isolationism in the United States. *Writing on the Wall* reveals how writing teachers often working directly with students who are immigrants, undocumented, first-generation international, and students of color embody ideas that counter isolationism. The collection extends existing scholarship and research about the ways racist and colonial rhetorics impact writing education, the impact of translingual, transnational, and cosmopolitan ideologies on student learning and student writing, and the role international educational partnerships play in pushing back against isolationist ideologies. Established and early-career scholars who work in a broad range of institutional contexts highlight the historical connections among monolingualism, racism, and white nationalism, and introduce community- and classroom-based practices that writing teachers use to resist isolationist beliefs and tendencies. *Writing on the Wall* serves as a metaphor for the creative, direct action writing education can provide and invokes border spaces as sites of identity expression, belonging, and resistance. The book connects transnational writing education with the fight for racial justice in the U.S. and around the world and will be of significance to secondary and postsecondary writing teachers and graduate students in English, linguistics, composition, and literacy studies.
