John E.B. Myers,2011-05-02 Specifically created to complement the Third Edition of the APSAC Handbook on Child Maltreatment this collection of 23 carefully selected articles on child abuse and neglect parallels the structure of the Handbook It is also a great companion to other Sage books such as Barnett s Family Violence Across the Lifespan and Miller and Perrin s Child Maltreatment **Victims of Obtrusive Violence** G.K. Lieten,2015-08-21 This volume describes how

children s experience with violence may affect and endanger their education as well as their physical safety and their general well being It includes all forms of physical psychological and sexual abuse and neglect against children at home at school and in public spaces in two different areas of Kenya rural and urban while taking into account its environmental and cultural factors This volume is unique not only because of its focus on a less researched yet highly acute social problem but also

because it provides inside knowledge by giving the children a voice through their direct participation in the data collection
