War Against The People Israel The Palestinians And Global Pacification:

War Against the People Jeff Halper, 2015-09-20 Shortlisted for the Palestine Book Awards 2016 Modern warfare has a new form The days of international combat are fading So how do major world powers maintain control over their people today This book is a disturbing insight into the new ways world powers such as the US Israel Britain and China forge war today It is a subliminal war of surveillance and whitewashed terror conducted through new high tech military apparatuses designed and first used in Israel against the Palestinian population Including nano technology hidden camera systems information databases on civilian activity automated targeting systems and unmanned drones it is used to control the very people the nation s leaders profess to serve Jeff Halper reveals that this practice is much more insidious than was previously thought As Western governments claw back individual liberties War Against the People is a reminder that fundamental human rights are being compromised for vast sections of the world and that this is a subject that should concern everyone

Pacification Mark Neocleous, 2025-02-18 This provocative book offers the first sustained critique of the theory and practice of pacification In his new book critical theorist Mark Neocleous engages in a sustained critique of the theory and practice of pacification Combining philosophical analysis with historical detail Neocleous analyses the development of pacification as a key concept through which capitalist modernity has been organized offering readers the first book that treats pacification as an important concept in the history of state power and capitalism Neocleous s approach is fourfold examining pacification as social warfare carried out through the ideology of peace as a form of social police carried out through mechanisms of security as law and order exercised through the permanent wars of class society and as the myriad practices of power designed to counter insurgency Making use of official documents of state the writings of counterinsurgency thinkers and the ideas perpetuated by practitioners of counterrevolution the book unravels the complex ways through which pacification generates new forms of social war and new modes of policing that reproduce capitalist order and fabricate obedient subjects Through expansive accounts of war and police and engaging with a range of topics from debt to death from stasis to civil war and from the police kettle to the politics of fear the book offers a provocative analysis of the ways in which state and capital combine to build a pacified social order

The Palestinians and East Jerusalem Bruno Huberman, 2023-12-28 Over the last two decades the Israeli government has implemented policies for the development of East Jerusalem These comprise urban revitalization as well as professional training and the promotion of entrepreneurship for the Palestinians But how do these policies co exist under Israeli settler colonial power This book focuses on the contradiction between the rise of neoliberal development in East Jerusalem and the simultaneous continuation of Israeli settler colonialism It argues that the combination of settler colonialism and neoliberalism allows for the primitive accumulation of capital to also occur permanently through deceptive soft forms More than this based on theoretical research interviews and an analysis of race and class relations in East Jerusalem the book shows that neoliberal development is used

to facilitate the reproduction of racial hierarchies settler privileges and the pacification of the Palestinian residents where these outcomes are presented as the natural result of market relations The author calls this environment neoliberal settler colonialism and explores Palestinians new acts of resistance that exist ambivalently within this structure A significant theoretical contribution the study highlights a new settler colonial and neoliberal sociability that co opts the exploited and oppressed

The Palestine Laboratory Antony Loewenstein, 2024-10-01 How Israel makes a killing from the occupation of Palestine WINNER OF THE 2023 WALKLEY NON FICTION JOURNALISM PRIZE Finalist for the 2023 Moore Prize for Human Rights Writing Israel s military industrial complex uses the occupied Palestinian territories as a testing ground for weaponry and surveillance technology that they then export around the world to despots and democracies For more than 50 years occupation of the West Bank and Gaza has given the Israeli state invaluable experience in controlling an enemy population the Palestinians It s here that they have perfected the architecture of control Best selling journalist Antony Loewenstein author of Disaster Capitalism uncovers this largely hidden world in a global investigation with secret documents revealing interviews and on the ground reporting This book shows in depth for the first time how Palestine has become the perfect laboratory for the Israeli military techno complex surveillance home demolitions indefinite incarceration and brutality to the hi tech tools that drive the Start up Nation From the Pegasus software that hacked Jeff Bezos and Jamal Khashoggi s phones the weapons sold to the Myanmar army that has murdered thousands of Rohingyas and drones used by the European Union to monitor refugees in the Mediterranean who are left to drown Israel has become a global leader in spying technology and defence hardware that fuels the globe s most brutal conflicts As ethno nationalism grows in the 21st century Israel has built the ultimate model

Decolonizing Israel, Liberating Palestine Jeff Halper, 2021-01-20 Extremely convincing Electronic Intifada For decades we have spoken of the Israel Palestine conflict but what if our understanding of the issue has been wrong all along This book explores how the concept of settler colonialism provides a clearer understanding of the Zionist movement s project to establish a Jewish state in Palestine displacing the Palestinian Arab population and marginalizing its cultural presence Jeff Halper argues that the only way out of a colonial situation is decolonization the dismantling of Zionist structures of domination and control and their replacement by a single democratic state in which Palestinians and Israeli Jews forge a new civil society and a shared political community To show how this can be done Halper uses the 10 point program of the One Democratic State Campaign as a guide for thinking through the process of decolonization to its post colonial conclusion Halper s unflinching reframing will empower activists fighting for the rights of the Palestinians and democracy for all

Digital Jihad Erik Skare, 2016-10-15 A new and innovative form of dissent has emerged in response to the Israeli occupation of Palestine Dubbed electronic jihad this approach has seen organized groups of Palestinian hackers make international headlines by breaching the security of such sites as the Tel Aviv Stock Exchange AVG Avira Whatsapp and BitDefender Though initially confined to small clandestine groups hacktivism is now increasingly
