

WAR AND THE AMERICAN DIFFERENCE

*Theological Reflections
on Violence and National Identity*

STANLEY HAUERWAS

War And The American Difference War And The American Difference

Jason Kaufman

War And The American Difference War And The American Difference:

War and the American Difference Stanley Hauerwas, 2011-10-01 How are American identity and America's presence in the world shaped by war and what does God have to do with it? Esteemed theologian Stanley Hauerwas helps readers reflect theologically on war, church, justice, and nonviolence in this compelling volume exploring issues such as how America depends on war for its identity, how war affects the soul of a nation, the sacrifices that war entails, and why war is considered necessary, especially in America. He also examines the views of nonviolence held by Martin Luther King Jr. and C. S. Lewis, how Jesus constitutes the justice of God, and the relationship between congregational ministry and Christian formation in America.

Hauerwas the Peacemaker? Nathan Scot Hosler, 2020-04-14 War has been abolished in Christ is a strong claim by theologian Stanley Hauerwas. Wars, however, continue to rage, and historic numbers of people are displaced globally. Despite critics' assessments that Hauerwas contributes to Christians' disengaging, his work provides certain tools for the work of peacebuilding. In this work, Hauerwas's contribution to peacemaking as a part of his ecclesiology and broader theological/ethical work will be assessed. Hauerwas's peacemaking within his work stands within the context of ecclesiology and related themes of witness and Christology. The possibilities of his work on peacemaking to extend to peacebuilding practice and foreign policy formation are explored, and a critique is leveled regarding his engagement with racial justice. Additionally, certain practices of reading in theology and training in this language are extrapolated to engage the task of policy formation and analysis in contexts where religion is an active factor. This study concludes that Hauerwas's theological ethics of peacemaking makes a valuable contribution but must be extended into specific practices. **American Difference** Lori M.

Poloni-Staudinger, Michael R. Wolf, 2019-01-31 Examining democracies from a comparative perspective helps us better understand why politics or, as Harold Lasswell famously said, who gets what, when, and how, differ among democracies. **American Difference: A Guide to American Politics in Comparative Perspective** takes the reader through different aspects of democracy: political culture, institutions, interest groups, political parties, and elections, and unlike other works, explores how the United States is both different from and similar to other democracies. The fully updated Second Edition has been expanded to include several new chapters and discussion on civil liberties and civil rights, constitutional arrangements, elections, and electoral institutions and electoral behavior. This edition also includes data around the 2016 general election and 2018 midterm election.

The Origins of Canadian and American Political Differences Jason Kaufman, 2009-02-16 Why do the United States and Canada have such divergent political cultures when they share one of the closest economic and cultural relationships in the world? Kaufman examines the North American political landscape to draw out the essential historical factors that underlie the countries' differences. **Cases Decided in the Court of Claims of the United States**

at the ... with the Rules of Practice and the Acts of Congress Relating to the Court United States. Court of Claims, 1915 A Sea of Differences: The Korean Conflict, 1950-1953 Pasquale De Marco, 2025-05-20 In this compelling and

thought provoking book we take a deep dive into the Korean War a conflict that left an indelible mark on the Korean Peninsula and the world Delving into its origins events and aftermath we provide a comprehensive and nuanced understanding of this pivotal conflict Drawing on a wide range of sources including historical documents firsthand accounts and expert analysis this book sheds light on the political social and economic factors that led to the outbreak of war the strategies and tactics employed by both sides and the immense human cost of the conflict We examine the impact of the Korean War on the Cold War exploring the complex interplay between superpowers and the role of the United Nations in attempting to resolve the conflict We also delve into the challenges of reunification considering the historical political and cultural factors that have hindered efforts to bring the two Koreas together This book is not only a historical account but also a cautionary tale reminding us of the devastating consequences of war and the importance of diplomacy and peaceful conflict resolution Through the lens of the Korean War we gain insights into the complexities of international relations and the dangers of unchecked aggression With its engaging narrative and insightful analysis this book is a must read for anyone interested in modern history international relations or the Korean Peninsula It is a valuable resource for students scholars and general readers alike offering a deeper understanding of this often overlooked conflict and its enduring legacy If you like this book write a review on google books

Honoring Differences Kathleen Nader,Nancy Dubrow,B. Hudnall Stamm,2013-06-17 Wars violence and natural disasters often require mental health interventions with people from a multitude of ethnic groups religions and nationalities Within the United States those who care for the victims of trauma often assist individuals from a variety of immigrant cultures Moreover many aspiring mental health professionals from other countries seek training in the United States creating an additional need for a broad cultural awareness within educational institutions *Honoring Differences* deals with the treatment of trauma and loss while recognizing and understanding the cultural context in which the mental health professional provides assistance Training in the cultural beliefs that may interact with traumatic reactions is essential both to assess traumatic response accurately and to prevent harm in the process of assessing and treating trauma Various cultures within the United States and several international communities are featured in the book Each culturally specific chapter aims to help the caregiver honor the valued traditions main qualities and held beliefs of the culture described and prepare to enter the community well informed and well equipped to intervene or consult effectively Further more the book provides information about issues traditions and characteristics of the culture which are essential in moving through the phases of post trauma or other mental health intervention Mental health professionals trauma specialists missionaries and organizations that send consultants to other nations will find *Honoring Differences* essential reading It will also be a resource to those who are interested in cultural differences and in honoring the belief systems of other cultures and nations

Cambridge Handbook of Psychology, Health and Medicine Susan Ayers,Andrew Baum,Chris McManus,Stanton Newman,Kenneth Wallston,John Weinman,Robert West,2007-08-23 Health psychology is a

rapidly expanding discipline at the interface of psychology and clinical medicine This new edition is fully reworked and revised offering an entirely up to date comprehensive accessible one stop resource for clinical psychologists mental health professionals and specialists in health related matters There are two new editors Susan Ayers from the University of Sussex and Kenneth Wallston from Vanderbilt University Medical Center The prestigious editorial team and their international interdisciplinary cast of authors have reconceptualised their much acclaimed handbook The book is now in two parts part I covers psychological aspects of health and illness assessments interventions and healthcare practice Part II covers medical matters listed in alphabetical order Among the many new topics added are diet and health ethnicity and health clinical interviewing mood assessment communicating risk medical interviewing diagnostic procedures organ donation IVF MMR HRT sleep disorders skin disorders depression and anxiety disorders Debates, Differences and Divisions Michael Kryzanek, 2015-08-26 Debuting its first edition this book is organized around the approach that American politics can best be understood by examining the issues that reflect the ideas principles concerns fears morals and hopes of the American people Debates Differences and Divisions looks at twenty five hot button issues affecting American politics and policy today The author argues that these issues are the heart and soul of the American political system serving as the basis for the disagreements that drive our political system into action *Changing Differences* Rhodri Jeffreys-Jones, 1995 There are more than fifty women in the United States Congress and nearly one fourth of foreign service posts are held by women Nevertheless the United States has yet to entrust a senior foreign policy job outside of the United Nations to a woman Beneath these statistics lurk central myths that Jeffreys Jones cogently identifies and describes the Iron Lady too masculine the lover of peace too pink the weak or the promiscuous These are to name only a few With an eye to the feminist foreign policy leaders of the future the author traces the successes and failures of collectivities such as Women Strike for Peace and individuals who were influential in international politics since World War I including Alice Paul Jane Addams Jeannette Rankin Dorothy Detzer Eleanor Roosevelt Margaret Chase Smith Helen Gahagan Douglas Bella Abzug Margaret Thatcher and many others These women often found ways to employ the myths to their own and to their country's benefit and more recently have had the freedom to defy the stereotypes altogether
