

Arthur M. Schlesinger, Jr.

UNWAR AND THE AMERICAN PRESIDENCY

War And The American Presidency

Andrew J. Polsky

War And The American Presidency:

War and the American Presidency Arthur Meier Schlesinger, 2005-10-17 The Bush Doctrine in foreign policy and what it means for American democracy The gravest decision in a democracy is the one to go to war In a book that brings a magisterial command of history to the most urgent of contemporary questions two time Pulitzer Prize winning historian Arthur M Schlesinger Jr explores the war in Iraq the presidency and the future of democracy Describing unilateralism as the oldest doctrine in American history Schlesinger nevertheless warns of the dangers posed by the fatal turn in U S policy from deterrence and containment to preventive war He writes powerfully about George W Bush s expansion of presidential power and the revived Imperial Presidency a phrase Schlesinger invented He reminds us of our country s distinguished legacy of patriotism through dissent in wartime calling on us to honor that tradition even in the face of our need for security And he reminds us of the inscrutability of history *War and the American Presidency* Arthur Meier Schlesinger, 2012-10-01 Historical reflections that deftly challenge the political and ideological foundations of President Bush s foreign policy Charles A Kupchan New York Times In a book that brings a magisterial command of history to the most urgent of contemporary questions two time Pulitzer Prize winning historian Arthur M Schlesinger Jr explores the war in Iraq the presidency and the future of democracy Describing unilateralism as the oldest doctrine in American history Schlesinger nevertheless warns of the dangers posed by the fatal turn in U S policy from deterrence and containment to preventive war He writes powerfully about George W Bush s expansion of presidential power reminding us nevertheless of our country s distinguished legacy of patriotism through dissent in wartime And in a new chapter written especially for the paperback edition he examines the historical role of religion in American politics as a background for an assessment of Bush s faith based presidency *War and the American Presidency* Arthur Meier Schlesinger (Jr.), 2004 Explores the war in Iraq the presidency of George W Bush and the future of democracy warning about the dangers of America s policy shift from containment to preventive war and urging for continued patriotism in the face of dissent **War Powers of the President** Talbot Odell, 1942 **Elusive Victories** Andrew J. Polsky, 2012-05-30 On April 4 1864 Abraham Lincoln made a shocking admission about his presidency during the Civil War I claim not to have controlled events he wrote in a letter but confess plainly that events have controlled me Lincoln s words carry an invaluable lesson for wartime presidents writes Andrew J Polsky in this seminal book As Polsky shows when commanders in chief do try to control wartime events more often than not they fail utterly In *Elusive Victories* Polsky provides a fascinating study of six wartime presidents drawing larger lessons about the limits of the power of the White House during armed conflict He examines in turn Lincoln Woodrow Wilson Franklin D Roosevelt Lyndon Johnson Richard Nixon George W Bush and Barack Obama showing how each gravely overestimated his power as commander in chief In each case these presidents resources did not

match the key challenges that recur from war to war Both Lincoln and Johnson intervened in military operations giving orders to specific units yet both struggled with the rising unpopularity of their conflicts Both Wilson and Bush entered hostilities with idealistic agendas for the aftermath yet found themselves helpless to enact them With insight and clarity Polsky identifies overarching issues that will inform current and future policymakers The single most important dynamic he writes is the erosion of a president's freedom of action Each decision propels him down a path from which he cannot turn back When George W Bush rejected the idea of invading Iraq with 400 000 troops he could not send such a force two years later as the insurgency spread In the final chapter Polsky examines Barack Obama's options in light of these conclusions and considers how the experiences of the past might inform the world we face now *Elusive Victories* is the first book to provide a comprehensive account of presidential leadership during wartime highlighting the key dangers that presidents have ignored at their peril

Selling War in a Media Age Kenneth Osgood, Andrew K. Frank, 2010-06-27 George W Bush's Mission Accomplished banner in 2003 and the misleading linkages of Saddam Hussein to the 9 11 terrorist attacks awoke many Americans to the techniques used by the White House to put the country on a war footing Yet Bush was simply following in the footsteps of his predecessors as the essays in this standout volume reveal in illuminating detail Written in a lively and accessible style *Selling War in a Media Age* is a fascinating thought provoking must read volume that reveals the often brutal ways that the goal of influencing public opinion has shaped how American presidents have approached the most momentous duty of their office waging war

The American Presidency William G. Howell, 2023-01-10 How institutions shape the American presidency This incisive undergraduate textbook emphasizes the institutional sources of presidential power and executive governance enabling students to think more clearly and systematically about the American presidency at a time when media coverage of the White House is awash in anecdotes and personalities William Howell offers unparalleled perspective on the world's most powerful office from its original design in the Constitution to its historical growth over time its elections and transitions to governance its interactions with Congress the courts and the federal bureaucracy and its persistent efforts to shape public policy Comprehensive in scope and rooted in the latest scholarship *The American Presidency* is the perfect guide for studying the presidency at a time of acute partisan polarization and popular anxiety about the health and well being of the republic Focuses on the institutional structures that presidents must navigate the incentives and opportunities that drive them and the constraints they routinely confront Shows how legislators judges bureaucrats the media and the broader public shape the contours and limits of presidential power Encourages students to view the institutional presidency as not just an object of study but a way of thinking about executive politics Highlights the lasting effects of important historical moments on the institutional presidency Enables students to grapple with enduring themes of power rules norms and organization that undergird democracy

Encyclopedia of the American Presidency, Fourth Edition Michael Genovese, 2021-04-01 Praise for the first edition An altogether excellent introduction to the study of the

presidency of the United States Library Journal entries are well written an excellent addition American Reference Books Annual an excellent resource recommended Booklist Highly recommended Choice The most up to date reference of its kind Encyclopedia of the American Presidency Fourth Edition is the definitive guide to the role of the president from the American Revolution through the present day Offering a complete account of the presidency in U S history this A to Z encyclopedia will make a great first stop for students and general readers looking for information on the executive branch of the American government Its comprehensive scope spans the relationship between the executive and the other branches of government court cases elections political opponents scandals and more A valuable resource that provides concise information Encyclopedia of the American Presidency Fourth Edition contains more than 750 entries Entries include Bully pulpit Commander in chief Economic policy Executive privilege Kamala Harris Impeachment Iraq War Thomas Jefferson Middle East Military tribunals New Deal Oval Office Franklin D Roosevelt Situation room Donald Trump Veto power War powers Watergate White House and more
