Badie, Leonardo Morlino**

Ways Of Knowing Competing Methodologies In Social And Political Research:

Ways of Knowing Jonathan W. Moses, Torbjørn L. Knutsen, 2019-03-22 The third edition of this popular innovative and engaging textbook introduces students to the various methods of modern social science explaining how these have emerged their strengths and limitations for understanding the world in which we live and how it is possible to combine methodological pluralism with intellectual rigour Focussing on the debate between positivist and constructivist approaches this new edition features contemporary research examples expanded discussion of experimental methods and a new emphasis on methods that have recently grown in popularity such as process tracing and controlled randomized trials This is the perfect textbook for students studying the philosophy of science in the context of political science or the social sciences more broadly and it is essential reading for all those seeking to understand how different ways of knowing affect the methods we choose to study social phenomena New to this Edition Contemporary research examples A new emphasis on methods that have recently grown in popularity such as random controlled trials field experiments big data and within case and process tracing studies

Ways of Knowing Jonathon Moses, Torbjørn Knutsen, 2012-06-14 This lively and accessible textbook on methodology in social and political science focuses centrally on the debate between positivist and constructivist approaches Introducing a range of key topics and issues which show how methodological pluralism can be combined with intellectual rigour it guides students through how they can exploit the manifold ways of knowing as they begin to embark on their own research The textbook is ideal for undergraduate and master degree students who are taking icourses on philosophy of social science social and political analysis and research methods Understanding Research M. I. Franklin, 2012 Planning undertaking and completing a research project from dissertations to presentations can be a daunting undertaking for any student involving a number of easily taken mis steps for those without adequate guidance The objective of any research project is to gather data analyse it based on your research question and present your findings and conclusions For students having the right approach to these steps can mean the difference between an easily handled process resulting in a well argued and presented project or panicked flailing misdirection and confusion For those fearful of not getting enough research done doing it the wrong way putting it together incorrectly or unsure of what the end result will be then Understanding Research is an invaluable guide to getting it right and putting fears to bed Successfully completing a research project is a major milestone in most university degrees and it should be daunting although not unassailable This book provides students with the guidance necessary to start undertake and present their research project in social science or the humanities This text addresses Where do I start How do I begin my research and pull it together into a research question takes the student through the process of project design starting research and gaining confidence in their choices Am I Researching the right things Is it taking me in the direction I want to go What direction is it taking me in explores the decision making process at all points of a research project and the implications of these decisions in the longer term Am I researching in the right way should I be conducting

interviews reading articles or collecting statistical data outlines the practical and philosophical conundrums around specific techniques for gathering and analysing data Focussed explicitly on the needs and experiences of students and including a wealth of practical tips this work is an essential resource for all students embarking on a research project Understanding Research includes 90 illustrations 2 tables 21 text boxes Glossary Further Reading guides for each chapter

The SAGE Handbook of Political Science Dirk Berg-Schlosser, Bertrand Badie, Leonardo Morlino, 2020-02-11 The SAGE Handbook of Political Science presents a major retrospective and prospective overview of the discipline Comprising three volumes of contributions from expert authors from around the world the handbook aims to frame assess and synthesize research in the field helping to define and identify its current and future developments It does so from a truly global and cross area perspective Chapters cover a broad range of aspects from providing a general introduction to exploring important subfields within the discipline Each chapter is designed to provide a state of the art and comprehensive overview of the topic by incorporating cross cutting global interdisciplinary and where this applies gender perspectives The Handbook is arranged over seven core thematic sections Part 1 Political Theory Part 2 Methods Part 3 Political Sociology Part 4 Comparative Politics Part 5 Public Policies and Administration Part 6 International Relations Part 7 Major Challenges for Politics and Political Science in the 21st Century

Research Methods in Politics and International Relations Christopher Lamont, Mieczyslaw P. Boduszynski, 2024-12-04 The most practical guide to conducting research in Politics and International Relations This textbook sets out how to approach every stage of your research project from formulating a research question and research design to detailed guidance on using specific methods and writing up your paper Packed with practical tips throughout this second edition Offers a troubleshooting feature to help you with the most common blockages and questions at each stage of the process Has unrivalled coverage with brand new chapters on all the key methods used in Politics and IR from discourse analysis and interviews to descriptive and inferential statistics Engages with some of the most cutting edge research with examples spanning current issues from climate change to great power competition Helps you engage with theory in your research project with a standalone chapter mapping theoretical perspectives and how to engage with theory successfully in your research Is immersed in practical application with two Research in Practice features running throughout the book to show methods in practice Lamont and Boduszynski's new book is eminently readable and designed for all students of Politics and IR whether on an introductory methods course or undertaking a research project Christopher Lamont is Dean of E Track's International Relations program and Vice Dean of the Graduate School of International Relations at Tokyo International University in Japan Mieczyslaw P Boduszynski is Associate Professor of Politics and International Relations at Pomona College in California USA

Handbook of Research Methods and Applications in Political Science Hans Keman, Jaap J. Woldendorp, 2016-12-30 This Handbook offers a comprehensive overview of state of the art research methods and applications currently in use in political science It combines theory and methodology qualitative and

quantitative and offers insights into the major approaches and their roots in the philosophy of scientific knowledge Including a comprehensive discussion of the relevance of a host of digital data sources plus the dos and don'ts of data collection in general the book also explains how to use diverse research tools and highlights when and how to apply these techniques

Research Methods in International Relations Christopher Lamont, 2015-04-25 This book guides you through the entirety of the research process in International Relations from selecting a research question and reviewing the literature to field research and writing up Covering both qualitative and quantitative methods in IR it offers a balanced assessment of the key methodological debates and research methods within the discipline The book is specifically focussed on research methods used in International Relations Spans the entire research process from choosing a research question to writing up Provides practical research methods guidance Introduces you to broader methodological debates and brings together contemporary research from empirical and interpretive traditions Is packed with examples and suggestions for further reading Research Methods in International Relations is essential reading for both undergraduate and postgraduate students taking Research Methods courses in International Relations Politics Security and Strategic Studies

Research Methods in Politics Wyn Grant, 2008-06-17 The second edition of this popular text provides a comprehensive introduction to the main research methods employed in the study of politics and assessment of their strengths and limitations and of ethical issues in research It has been revised and updated throughout and a new chapter considers the relationship between research and policy

Routledge Handbook of Research Methods in Military Studies Joseph Soeters, Patricia M. Shields, Sebastiaan Rietjens, 2014-06-27 This volume offers an overview of the methodologies of research in the field of military studies As an institution relying on individuals and resources provided by society the military has been studied by scholars from a wide range of disciplines political science sociology history psychology anthropology economics and administrative studies The methodological approaches in these disciplines vary from computational modelling of conflicts and surveys of military performance to the qualitative study of military stories from the battlefield and veterans experiences Rapidly developing technological facilities more powerful hardware more sophisticated software digitalization of documents and pictures render the methodologies in use more dynamic than ever The Routledge Handbook of Research Methods in Military Studies offers a comprehensive and dynamic overview of these developments as they emerge in the many approaches to military studies The chapters in this Handbook are divided over four parts starting research qualitative methods quantitative methods and finalizing a study and every chapter starts with the description of a well published study illustrating the methodological issues that will be dealt with in that particular chapter Hence this Handbook not only provides methodological know how but also offers a useful overview of military studies from a variety of research perspectives This Handbook will be of much interest to students of military studies security and war studies civil military relations military sociology political science and research methods in general

Political Science Research Methods in Action M. Bruter, M. Lodge, 2013-07-23 Through

accounts from innovative research projects by world leading political scientists this volume offers a unique perspective on research methodology It discusses the practical and intellectual dilemmas researchers face throughout the research process in a wide range of fields from implicit attitude testing to media analysis and interviews
