Winnnetou Und Old Shatterhand:

Liebe, Leid und Größenwahn Hans Hintz, 2007 **Spaghetti Westerns--the Good, the Bad and the Violent** Thomas Weisser, 2014-03-11 Spaghetti Westerns mostly produced in Italy or by Italians but made throughout Europe were bleaker rougher grittier imitations of Hollywood Westerns focusing on heroes only slightly less evil than the villains After a main filmography covering 558 Spaghetti Westerns another section provides filmographies of personnel actors and actresses directors musical composers scriptwriters cinematographers Appendices provide lists of the popular Django films and the Sartana films a listing of U S made Spaghetti Western lookalikes top ten and twenty lists and a list of the genre s worst

Love in Western Film and Television S. Matheson, 2012-12-28 This collection of ground breaking articles examines problems romance presents in the American Western Looking a range of films this book offers readers important and challenging insights into the complicated nature of love and the versatile frontier narrative that address key social political and ethical components of the Western genre **The American Western A Complete Film Guide** Terry

Rowan, 2012-11-18 A comprehensive film guide featuring films and television shows of the great American western The stories of the men and women who tamed the old West Also featuring actors and directors who made these films possible

, **Western Movies** Michael R. Pitts, 2013-01-04 This revised and greatly expanded edition of a well established reference book presents 5105 feature length four reels or more Western films from the early silent era to the present More than 900 new entries are in this edition Each entry has film title release company and year running time color indication cast listing plot synopsis and a brief critical review and other details Not only are Hollywood productions included but the volume also looks at Westerns made abroad as well as frontier epics north woods adventures and nature related productions Many of the films combine genres such as horror and science fiction Westerns The volume includes a list of cowboys and their horses and a screen names cross reference There are more than 100 photographs **Ethnic Drag** Katrin Sieg, 2023-06-20 The

Holocaust is considered a singularly atrocious event in human history and many people have studied its causes Yet few questions have been asked about the ways in which West Germans have forgotten unlearned or reconstructed the racial beliefs at the core of the Nazi state in order to build a democratic society This study looks at ethnic drag Ethnomaskerade as one particular kind of performance that reveals how postwar Germans lived disavowed and contested Germanness in its complex racial national and sexual dimensions Using engaging case studies Ethnic Drag traces the classical and travestied traditions of Jewish impersonation from the eighteenth century onward to construct a pre history of postwar ethnic drag It examines how shortly after World War II mass culture and popular practices facilitated the repression and refashioning of Nazi racial precepts During a time when American occupation authorities insisted on remembrance and redress for the Holocaust the Wild West emerged as a displaced theater of the racial imagination where the roles of victim avenger and perpetrator of genocide were reassigned Ethnic Drag is an accessible and sophisticated critical and entertaining book that

examines the phenomenon of cultural masquerade in order to examine racial feeling thought and behavior in postwar German culture Contributing to considerations of drag in postcolonial feminist and queer scholarships this book will be of interest to people in German studies theater performance ethnic studies and women s queer studies Katrin Sieg is Associate Professor Department of German and Center for German and European Studies Georgetown University

Germans and Indians Colin Gordon Calloway, Gerd Gemünden, Susanne Zantop, For over three hundred years the Indian peoples of North America have attracted the interest of diverse segments of German society missionaries writers playwrights anthropologists filmmakers hobbyists and enthusiasts and even royalty Today German scholars continue to be drawn to Indians as is the German public tour groups from Germany frequent Plains reservations in the summer and so called Indianerclubs where participants dress up in authentic Indian costume are common In this fascinating volume scholars and writers illuminate the longstanding connection between Germans and the Indians From a range of disciplines and occupations the contributors probe the historical and cultural roots of the interactions between Germans and Indians and examine how such encounters have been represented in different media over the centuries Particularly important are reflections and insights by modern Native American writers on this relationship Of special concern is why such a connection has endured As the contributors make clear the encounters between Germans and Indians were also imagined sometimes as fantasy sometimes as projection both resonating deeply with the cultural sensibilities and changing historical circumstances of Germans over the years

Re-living the American Frontier Nancy Reagan, 2021-12-01 The historic and mythic elements of the American Old West covered wagon trains herds of buffalo teepee villages Indigenous warriors on horseback cowboys on open ranges and white settlers taming a wilderness with their plows and log cabins have exerted a global fascination for more than 200 years and became the foundation for fan communities who have endured for generations This book examines some of those communities particularly German fans inspired by the authors of Westerns such as Karl May and American enthusiasts of Laura Ingalls Wilder s Little House on the Prairie series But the Old West like all visions of the past proved to be shifting cultural terrain In both Germany and the U S Western narratives of white settlement were once seen as apolitical and were widely accepted by white people But during the Nazi period in Germany and in East Germany after 1945 the American West was reevaluated and politically repurposed Then during the late twentieth century understandings of the West changed in the U S as well while the violence of white settler colonialism and the displacement of Indigenous peoples became a flashpoint in the culture wars between right and left Reagan shows that the past that fans seek to recreate is shaped by the changing present as each new generation adapts and relives their own West

A History of Modern Germany Dietrich Orlow, 2018-07-17 A History of Modern Germany is a well established text that presents a balanced survey of the last 150 years of German history stretching from nineteenth century imperial Germany through political division and reunification and into the present day Beginning in the early 1870s and covering topics such as Wilhelmenian Germany the World Wars
