Carey, Donald R. Schmitt, 2020 For more than 70 years the crash at Roswell and its ensuing controversies and cover ups have been investigated yet despite continually mounting evidence there are still disbelievers This book is the final and commanding word on the case The government has changed their official story on Roswell more than a dozen times but the witnesses have not recanted The evidence has not gone away And won't go away The Roswell Incident is the most hotly debated and investigated UFO crash in history and has had a seemingly never ending amount of evidence eyewitnesses coming forward even years later Finally late in life people feel safe enough or duty bound to reveal what they know saw and heard **Witness to Roswell, 75th Anniversary Edition** Thomas Carey, Donald

Witness to Roswell once again takes you on a can't put down written account of what really transpired in Roswell decades ago. It pries loose the truth the government doesn't want us to know. What really took place at the Roswell base hospital and what nurse actually ordered the children's caskets. The story of the soldier who wore gloves at the dinner table after guarding the bodies. accounts of the Roswell UFO incident would transform Roswell from a forgotten incident to perhaps the most famous UFO  
case of all time In 1978 author Stanton T Friedman interviewed Jesse Marcel who voiced his suspicion that debris he  
recovered on a ranch near Roswell in 1947 was not of this world Marcel and others gave descriptions of debris which seemed  
to be describing a similar set of objects More spectacularly numerous accounts of aliens and alien craft emerged as UFO  
researchers sought out and interviewed more people in connection with the 1947 incident Mac Brazel who discovered the  
debris which sparked the Roswell UFO incident died in 1963 well before researchers started to interview witnesses to the  
incident However he was interviewed in 1947 and his accounts of debris appeared in the Roswell Daily Record on July 9 1947  
In the interview he said he found bright wreckage made up of rubber strips tinfoil a rather tough paper and sticks Jesse  
Marcel was approached by researchers in 1978 and he recounted details suggesting the debris Brazel had led him to was  
exotic He believed the true nature of the debris was being suppressed by the military His accounts were featured in the 1979  
documentary UFOs are Real and in a February 1980 National Enquirer article which are largely responsible for making the
