the plan which has been tested by the writer in the field year after year He believes that the same plan may be followed by others with equal success It is therefore with the fullest confidence in the merits of this system of Dog Training vs Dog Breaking that it is submitted to the public The story of My Old Dog Trim is added because from his day the author dates his conversion to the belief that training is better than breaking The sketch of The One Eyed Grouse of Maple Run is also given that the reader may have in it some of the reasons for the faith that is in us when we advise the introduction of the youngsters to the haunts of this royal bird These sketches are also given as illustrative of some of the pleasures enjoyed in the field in the companionship of a well trained dog About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works **Dog Breaking** W.
