Calendar University of Durham,1961 *The Comic Spirit of Federico Garcia Lorca* Virginia Higginbotham,2014-02-19 During the years since his death Federico Garcia Lorca Spain's best known twentieth century poet and playwright has generally been considered a writer of tragedy Three of his major plays are fatalistic stories of suffering and death and his poetry is filled with dread Yet most of Lorca's dramatic production consists of comedies and farces Throughout his poetry and prose as well as in his most somber plays runs an undercurrent of humor dark irony and satire that is in no way contradictory to his tragic view of life On the contrary as Virginia Higginbotham demonstrates through humor Lorca defines intensifies and tries to come to terms with what he sees as the essentially hopeless condition of humankind Although Lorca's comic moments and techniques have been discussed in isolated articles the importance of humor has largely been ignored in the fundamental studies of his work Higginbotham is concerned with Lorca's total output lyric poetry tragicomedies and farces avant garde prose and plays puppet farces and master plays She describes Lorca's place in the mainstream of the Spanish theater and shows his relationship to some relevant non Spanish dramatists Furthermore she discusses ways in which Lorca's work anticipates the modern theater of the absurd The result is a comprehensive study of an important but previously ignored aspect of Lorca's work The Comic Spirit of Federico Garcia Lorca includes a Lorca chronology and an extensive bibliography
