Zimbabwe Catholic Liturgical Guide Of 2015:

Power in Contemporary Zimbabwe Erasmus Masitera, Fortune Sibanda, 2018-04-20 In recent years the Zimbabwe crisis rendered the country and its citizens to be a typical case of failed states the world over Zimbabwean society was and is still confronted with different challenges which include political economic and social problems Attempts to overcome these challenges have thrown light on the power that rests within individuals and or groups to change and even revolutionize their localities communities states and ultimately the world at large Through experience individuals and groups have promoted ideas that have aided in changing mentalities attitudes and behaviors in societies at different levels This book brings together contributors from various academic disciplines to reflect on and theorize the contours of power including the intrinsic and or extrinsic models of power which pertain to individuals communities and or groups in order to transform society Reflections are on various groups such as political movements environmental movements religious groups advocacy groups gender groups to mention but a few as they struggle against marginalization discrimination exploitation and other forms of oppression showing their agency or compliance

Peace, Politics, and Religion Jeffrey Haynes, 2020-12-14 Relationships between peace politics and religion are often controversial and sometimes problematic Religion is a core source of identity for billions of people around the world and it is hardly surprising that sometimes it becomes involved in conflicts At the same time we can see religion involved not only in conflict It is also central to conflict resolution peace making and peacebuilding Religious involvement is often necessary to try to end hatred and differences frequently central to political conflicts especially but not only in the Global South Evidence shows that religious leaders and faith based organisations can play constructive roles in helping to end violence and in some cases build peace via early warnings of conflict good offices once conflict has erupted as well as advocacy mediation and reconciliation The chapters of this book highlight that religion can encourage both conflict and peace through the activities of people individually and collectively imbued with religious ideas and ideals

Multiparty Democracy in Zimbabwe Aaron Rwodzi, 2024-03-26 This book provides a comprehensive account of the tumultuous political landscape of Zimbabwe Delving into historical and contemporary perspectives the author analyses the relationship between the ruling ZANU PF party and the opposition exposing the pervasive influence of foreign powers and their regime change agendas Amidst western imposed economic sanctions the book examines how political opposition has struggled to maintain its footing in the face of ZANU PF s rhetoric on preserving the nation s sovereignty Drawing on the powerful theoretical frameworks of Gramsci s hegemony theory and instrumentalism the book dissects the constraints on multiparty democracy under ZANU PF s rule From the party s manipulation of liberation narratives to the subtle intricacies of Mugabeism a violent and ideological stronghold the author unveils the tactics employed to maintain power The chapters uncover the pivotal role played by the military throughout Zimbabwe s history from the days of the liberation struggle to the shocking events of 2017 when Mugabe s grip on power was diminished by the very force that had propped him up for

decades the author reveals how the military's involvement has thwarted opposition players' attempts to claim power. Boldly challenging the notion that constraints solely rest on ZANU PF, this book calls attention to the shortcomings of opposition parties in navigating Zimbabwe's treacherous political landscape. Using compelling evidence and unparalleled analysis, the book is an essential read for those seeking to understand the intricate web of power manipulation and struggle that has defined Zimbabwe's political journey.

The Life and Music of Oliver Mtukudzi Ezra Chitando, Pauline

Mateveke, Munyaradzi Nyakudya, Bridget Chinouriri, 2022-01-13 This book is a critical reflection on the life and career of the late legendary Zimbabwean music icon Oliver Tuku Mtukudzi and his contribution towards the reconstruction of Zimbabwe, Africa, and the globe at large. Mtukudzi was a musician, philosopher, and human rights activist who espoused the agenda of reconstruction in order to bring about a better world, proposing personal, cultural, political, religious, and global reconstruction. With twenty original chapters, this vibrant volume examines various themes and dimensions of Mtukudzi's distinguished life and career, notably how his music has been a powerful vehicle for societal reconstruction and cultural rejuvenation, specifically speaking to issues of culture, human rights, governance, peacebuilding, religion, and identity. Humanism, gender, and politics among others. The contributors explore the art of performance in Mtukudzi's music and acting career and how this facilitated his reconstruction agenda, offering fresh and compelling perspectives into the role of performing artists and cultural workers such as Mtukudzi in presenting models for reconstructing the world.
