Tristram Shandy Norton Critical Editions:

Tristram Shandy Laurence Sterne, 2018-06-05 Tristram Shandy Volume 2 By Laurence Sterne At once endlessly facetious and highly serious Sterne's great comic novel contains some of the best known and best loved characters in English literature including Uncle Toby Corporal Trim Parson Yorick and Dr Slop and boasts one of the most innovative and whimsical narrative styles in all literature We are delighted to publish this classic book as part of our extensive Classic Library collection Many of the books in our collection have been out of print for decades and therefore have not been accessible to the general public The aim of our publishing program is to facilitate rapid access to this vast reservoir of literature and our view is that this is a significant literary work which deserves to be brought back into print after many decades The contents of the vast majority of titles in the Classic Library have been scanned from the original works To ensure a high quality product each title has been meticulously hand curated by our staff Our philosophy has been guided by a desire to provide the reader with a book that is as close as possible to ownership of the original work We hope that you will enjoy this wonderful classic work and that for you it becomes an enriching experience **Tristram Shandy** Laurence Sterne, 1928 Lazarillo de Tormes (Norton Critical Editions) Anonymous, 2015-12-21 Anonymously published in 1554 Lazarillo de Tormes remains a centerpiece of Renaissance literature and arguably the most popular example of the picaresque novel This Norton Critical Edition is based on Ilan Stavans' new translation which accurately captures the verve of the original The Norton Critical Edition also includes An introduction and explanatory annotations by Ilan Stavans Contextual materials highlighting the novella's strong anticlerical views and its affinities with Don Quixote in depictions of social hierarchy in Renaissance Spain as well as excerpts from Juan de Luna's Lazarillo sequel Eight critical studies by David Giltz Jane W Albrecht Louis C Perez Edward H Friedman Howard Mancing T Anthony Perry Gabriel H Lovett and E Herman Hespelt A Selected Bibliography **Spectacular Disappearances** Julia H. Fawcett, 2016-03-04 How can people in the spotlight control their self representations when the whole world seems to be watching The question is familiar but not new Julia Fawcett examines the stages pages and streets of eighteenth century London as England's first modern celebrities performed their own strange and spectacular self representations They include the enormous wig that actor Colley Cibber donned in his comic role as Lord Foppington and that later reappeared on the head of Cibber's cross dressing daughter Charlotte Charke They include the black page of Tristram Shandy a memorial to the parson Yorick and author Laurence Sterne a page so full of ink that it cannot be read And they include the puffs and prologues that David Garrick used to heighten his publicity while protecting his privacy the epistolary autobiography modeled on the sentimental novel of Garrick's protégé George Anne Bellamy and the elliptical poems and portraits of the poet actress and royal courtesan Mary Robinson aka Perdita Linking all of these representations is a quality that Fawcett terms over expression the unique quality that allows celebrities to meet their spectators demands for disclosure without giving themselves away Like a spotlight so brilliant

it is blinding these exaggerated but illegible self representations suggest a new way of understanding some of the key aspects of celebrity culture both in the eighteenth century and today They also challenge divides between theatrical character and novelistic character in eighteenth century studies or between performance studies and literary studies today The book provides an indispensable history for scholars and students in celebrity studies performance studies and autobiography and for anyone curious about the origins of the eighteenth century self Laurence Sterne in Modernism and Postmodernism David Pierce, Peter de Voogd, 2023-04-17 Laurence Sterne's Tristram Shandy is the most wayward and in some respects the most powerful critique of Locke's theory of knowledge while his interest in the gulf between biological and clock time makes him a contemporary of Proust and Bergson In obscuring the fine line between autobiography and fiction Sterne belongs to the generation of modern writers that includes Joyce and Nabokov In his deliberate refusal to construct a go-ahead plot Sterne commends himself to contemporary narratologists In his concern with personal identity he anticipates the Derridean stress on trace In his promiscuous borrowings from past authors he offers himself as a suitably perverse model for the school of postmodern theory In his attention to matters of typography and to a visual language he provides a running commentary on almost every aspect of the relationship between word and image Himself influenced by Rabelais Montaigne Cervantes and Burton Sterne has influenced writers as diverse as Cabrera Infante Kundera Marquez Rushdie and Beckett And James Joyce These influences are traced here by sixteen scholars from Europe and the USA proof if any were needed that Laurence Sterne today is as rewardingly puzzling as he was in his own century Divine Irony Glenn Stanfield Holland, 2000 Ultimately irony appears to be a term with no definitive meaning the product of a critical enterprise that over time identified particular literary devices and perspectives a irony BOOK JACKET **Re-Thinking Europe**, 2008-01-01 Re-Thinking Europe sets out to investigate the place of the idea of Europe in literature and comparative literary studies The essays in this collection turn to the past in which Europe became synonymous with a tradition of peace and tolerance beyond national borders and enter into a critical dialogue with the present in which Europe has increasingly become associated with a history of oppression and violence The different essays together demonstrate how the idea of Europe cannot be thought apart from the tension between the regional and the global between nationalism and pluralism and can therefore be rethought as an opportunity for an identity beyond national or ethnic borders Engaging contemporary discourses on hybrid postcolonial and transnational identity this volume shows how literature can function as both a vital tool to forge new identities and a power subversive of such attempts at identity formation Like Europe it is always marked by the tension between integration and resistance The book will be of interest to students and scholars of modern literature comparative literature and European studies as well as people concerned with cultural memory and the relation between literature and cultural identity **A Cock and Bull for Kitty** George Morrow, 2010-11-24 *Novelistic Love in the Platonic Tradition* Jennie Wang, 1997 The love story is an integral part of many novels What is its narrative status How does it function and why

In this original study of Socratic love stories from Plato through Fielding and Faulkner to the Postmodernists Jennie Wang proposes a new narrative theory in the study of the novel which deconstructs the mimesis of love stories and reconstructs their historicity Wang claims that in the Platonic tradition the construction of love stories is often a dramatization of the author's historical vision philosophical speculations cultural criticism or political ideology Novelistic love functions as a literary medium a power of free speech that enables the novelist to speak unspeakable truths and include excluded subjects Wang's work will be of interest to both philosophers and scholars of American literature and postmodernism Sterne, Tristram, Yorick Melvyn New, Peter de Voogd, Judith Hawley, 2015-11-12 Sterne Tristram Yorick Tercentenary Essays on Laurence Sterne derives from the Laurence Sterne Tercentenary Conference held at Royal Holloway University of London on July 8-11 2013 It was attended by some eighty scholars from fourteen countries the conference heard more than sixty papers The organizers invited participants to submit revised versions of their contributions for this volume and the thirteen selected exhibit it is hoped the defining features both of the conference and of Sterne studies at the beginning of the twenty-first century It is worth remarking that the selected authors represent seven countries that Sterne may well be the most internationally accepted of all eighteenth-century English authors is certainly a claim worthy of a sentimental traveler This collection recognizes three faces of Sterne beginning with several biographical essays examining respectively his celebrity status family life politics and philosophy The second face is that of Tristram studied from vantage points provided by ethics linguistics gender studies and comparative literature The final group of essays examines the face of Yorick as the protagonist of *A Sentimental Journey* beginning with an ethnographic study of relationships moving through questions of identity and concluding with the possible future of literary studies a return to aesthetics
