cartoonist Ollie Harrington While none of these writers were card carrying members of the Communist Party they all participated in the Left during their careers Interestingly they all turned to creating popular culture in order to reach the black masses who were captivated by movies radio newspapers and detective novels There are chapters on Hughes s Simple stories Himes s detective fiction and Harrington s Bootsie cartoons Collectively the experience of these three figures contributes to the story of a long movement for African American freedom that flourished during the 1930s 1940s and 1950s Yet this book also stresses the impact that McCarthyism had on dismantling the Black Left and how it affected each individual involved Each was radicalized at a different moment and for different reasons **Chester Himes** James Sallis,2022-03-08 A smart conscientious often stylish biography of the great African American crime writer of the mid twentieth century The New York Times Best known for The Harlem Cycle the series of crime stories featuring Coffin Ed Johnson and Grave Digger Jones Chester Himes was a novelist and memoirist whose work was neglected and underappreciated in his native America during the 1950s and 60s even as he was awarded France s most prestigious crime fiction prize In this major biography literary critic and fellow writer James Sallis examines the life of this fascinating figure combining interviews of those who knew Himes best including his second wife with insightful and poignant writing Publishers Weekly Himes wrote some of the 20th century s most memorable crime fiction and has been compared to Jim Thompson Raymond Chandler and Dashiell Hammett His life was just as spectacular as his novels Sentenced to 25 years in prison for armed robbery when he was 19 he turned to writing while behind bars and when released after serving eight years published two novels Their poor reception by the white establishment only confirmed Himes s beliefs about racism in America He eventually moved to Paris spending most of the rest of his life abroad While in Paris he began to produce the crime fiction that would make him famous including A Rage in Harlem and Cotton Comes to Harlem a riveting biography Library Journal starred review Satisfying thoughtful long overdue Publishers Weekly As intelligent and as much fun to read as a book by Himes himself There is no higher praise The Times London **The Culture of the Publisher's Series, Volume One** J. Green,2008 According to George Jackson black men born in the US are conditioned to accept the inevitability of being imprisoned Being born a slave in a captive society and never experiencing any objective basis for expectation had the effect of preparing me for the progressively traumatic misfortune that led so many black men to the

prison gate I was prepared for prison It required only minor psychic adjustments As Jackson writes from his prison cell his statement may seem to be only a product of his current status However history proves his point Indeed some of the most well known and respected black men have served time in jail or prison Among them are Martin Luther King Jr Malcolm X Marcus Garvey and Frederick Douglass This book is an examination of the various forms that imprisonment as a social historical and political experience of African Americans has taken Confinement describes the status of individuals who are placed within boundaries either seen or unseen but always felt A word that suggests extensive implications confinement describes the status of persons who are imprisoned and who are unjustly relegated to a social status that is hostile rendering them powerless and subject to the rules of the authorities Arguably confinement appropriately describes the status of African Americans who have endured spaces of confinement which include but are not limited to plantations Jim Crow societies and prisons At specific times these spaces of confinement have been used to oppress African Americans socially politically and spiritually Contributors examine the related experiences of Malcolm X Bigger Thomas of Native Son and Angela Davis

The School on 103rd Street Roland S. Jefferson, 1997 When Dr Elwin Carter is confronted in his Watts clinic by two boys terrified by the brutal murder of their friend his investigations lead him far beyond the usual suspicions of drugs or gang violence This 1976 first and only novel potentially an upcoming movie of forensic psychiatrist Roland Jefferson presents a frighteningly prophetic picture of the subterranean war between the races in America *Man Walking on Eggshells*

P. Silet, 1999-10-30 The work of Chester Himes is now undergoing a critical and popular reevaluation as it gradually comes back into print after years of neglect His protest novels from the 1940s and early 1950s his Harlem Domestic crime books first published in France and later released in English in the United States and his remarkable two volume autobiography are now gaining a wider readership through their republication Nonetheless the critical writings on his work remain scattered and are often difficult to obtain This collection of reviews and essays from both popular and academic sources traces the critical response to his work from 1946 to 1996 and thus sheds light on the critical reputation of one of the most distinguished but underrated African American authors Himes has a wide international reputation but this reference book focuses on those essays and reviews in the English language which provide a clearer assessment of his controversial literary standing in his native country where his reputation has been most under

debate The book includes a balanced assessment of all his work along with an interview with Himes's brother that offers some corrective commentary on his autobiography The volume also provides a chronology a checklist of his writings and a bibliography Yesterday Will Make You Cry Chester B.
