Zombies A Record Of The Year Of Infection:

Zombies: A Record of the Year of Infection Don Roff, 2010-07-01 Experience the zombie apocalypse with this illustrated survivor's journal full of chilling tales of terror. The year is 2012 and what starts as a pervasive and inexplicable illness ends up as a zombie infestation that devastates the world's population. Taking the form of a biologist's illustrated journal found in the aftermath of the attack, this pulse-pounding suspenseful tale of zombie apocalypse follows the narrator as he flees from city to countryside and heads north to Canada where he hopes the undead will be slowed by the colder climate. Encountering scattered humans and scores of the infected along the way, he fills his notebook with graphic drawings of the zombies and careful observations of their behavior along with terrifying tales of survival that will keep readers on the edge of their seats right up to the very end. Praise for *Zombies* Influenced by Richard Matheson's *I Am Legend* *Zombies* is a genuinely chilling and logical look at a zombie invasion. The matter-of-fact descriptions of the symptoms and effects coupled with the detailed drawings of both victims and scenarios make it a creepy read. A tremendous addition to any zombie book collection.
