ZS740 PERSONAL PITCHING MACHINE OWNER'S MANUAL

Always recharge the battery promptly AFTER EVERY USE, even if it is only partially discharged.

zoooka™

Important Safety Information

Read all instructions before operating the Zoooka Sports Pitching Machine. These instructions were written to ensure your safety and to protect the equipment.

DANGER: To reduce the risk of electrical shock, always unplug the unit from its power source before cleaning or performing any maintenance tasks.

WARNING: To reduce the risk of injury to persons, take the following precautions:

- Never leave the pitching machine unattended. The pitching machine is specifically designed to throw baseballs at high speed. It should be used with appropriate care.
- Prevent unauthorized use. Do not reveal the ACCESS CODE to children or permit them or other unauthorized persons to operate the machine.
- Always turn the machine OFF when leaving it unattended or before performing maintenance tasks.
- Before loading a ball, check that the line-of-fire is clear.
- Never reach into the machine or put your face in front of the barrel when the unit is turned ON.
- Make sure that batters always wear batting helmets.
- Use only the approved pitching balls. (See page 13.)
- Never put foreign objects into the barrel or serious injury to the operator or bystanders can result.
- Use the pitching machine for its intended use as described in this manual. Do not use accessory equipment that is not recommended by the manufacturer—such attachments may cause injuries.
- Important control points (for example, ON/OFF button, pitch/pan knobs) are colored orange.
- Do not try to recharge the unit if it has a damaged cord or plug. If the unit has been damaged, return it to a service center for repair.

DANGER:

You can be seriously injured if you are struck by a ball at high speed!
