Victims of the Nazi Regime Simone Gigliotti, Monica Tempian, 2016-05-05 During the Nazi regime many children and young people in Europe found their lives uprooted by Nazi policies resulting in their relocation around the globe *The Young Victims of the Nazi Regime* represents the diversity of their experiences covering a range of non European perspectives on the Second World War and aspects of memory This book is unique in that it places the experiences of children and youth in a transnational context shifting the conversation of displacement and refuge to countries that have remained under examined in a comparative context Featuring essays from an international range of experts this book analyses the key themes in three sections the migration of children to countries including England Canada Australia New Zealand Kenya and Brazil the

experiences of young people who remained in Nazi Europe and became victims of war displacement and deportation and finally the challenges of rebuilding lives and representing traumas in the aftermath of war In its comparisons between Jewish and non Jewish experiences and how these intersected and diverged it revisits debates about cultural genocide through the separation of families and communities as well as contributing new perspectives on forced labour families and the Holocaust and Germans as war victims "White Russians, Red Peril" Sheila Fitzpatrick,2021-05-12 Over 20 000 ethnic Russians migrated to Australia after World War II yet we know very little about their experiences Some came via China others from refugee camps in Europe Many preferred to keep a low profile in Australia and some attempted to pass as Polish West Ukrainian or Yugoslavian They had good reason to do so to the Soviet Union Australia s resettling of Russians amounted to the theft of its citizens and undercover agents were deployed to persuade them to repatriate Australia regarded the newcomers with wary suspicion even as it sought to build its population by opening its door to more immigrants Making extensive use of newly discovered Russian language archives and drawing on a lifetime s study of Soviet history and politics award winning author Sheila Fitzpatrick examines the early years of a diverse and disunited Russian Australian community and how Australian and Soviet intelligence agencies attempted to track and influence them While anti Communist White Russians dreamed a war of liberation would overthrow the Soviet regime a dissident minority admired its achievements and thought of returning home **Fascists in Exile** Jayne Persian,2023-12-19 *Fascists in Exile* tells the extraordinary story of the war criminals collaborators and fascist ultranationalists who were resettled in Australia by the International Refugee Organisation between 1947 and 1952 It explores the far right backgrounds and continuing political activism of these displaced persons in Australia adding to our knowledge of the development of Australian anti communism in the 1950s These individuals argued that they had been caught between National Socialism and Soviet communism What might that have meant for their migration and resettlement trajectories Beyond Nazi hunting what can this tell us about the challenge they posed to international and national forms both in Europe and in Australia This book demonstrates that fascist ideation could not only survive the war s end but that it continued to be transnational and transcultural At the same time anti fascist protests and then the war crimes investigations of the late 1980s exposed problematic pasts a legacy with which Australia is still reckoning The text will appeal to those with an interest in the far right Australian migration and refugee issues *A Companion to Australian Literature Since 1900* Nicholas Birns,Rebecca McNeer,2007 A fresh twenty first century look at Australian literature in a broad inclusive and multicultural sense
