seventh novel in the Rougon Macquart cycle *L'Assommoir* 1877 is the story of a woman's struggle for happiness in working class Paris. It was a contemporary bestseller, outraged conservative critics and launched a passionate debate about the legitimate scope of modern literature. At the centre of the novel stands Gervaise who starts her own laundry and for a time makes a success of it. But her husband Coupeau squanders her earnings in the *Assommoir*, the local drinking shop and gradually the pair sink into poverty and squalor. *L'Assommoir* is the most finely crafted of Zola's novels and this new translation captures not only the brutality but also the pathos of its characters' lives. This book is a powerful indictment of nineteenth century social conditions and the introduction examines its relation to politics and art as well as its explosive effect on the literary scene.

A Life Guy de Maupassant, 1999-06-03 Every heart imagines itself the first to thrill to a myriad sensations which once stirred the hearts of the earliest creatures and which will again stir the hearts of the last men and women to walk the earth. What is a life? How shall a storyteller conceive a life? What if art means pattern and life has none? How then can any story be true to life? These are some of the questions which inform the first of Maupassant's six novels *A Life* (*Une Vie*) 1883 in which he sought to parody and expose the folly of romantic illusion. An unflinching presentation of a woman's life of failure and disappointments where fulfilment and happiness might have been expected, *A Life* recounts Jeanne de Lamare's gradual lapse into a state of disillusion. With its intricate network of parallels and oppositions, *A Life* reflects the influence of Flaubert in its attention to form and its coherent structure. It also expresses Maupassant's characteristic naturalistic vision in which the satire of bourgeois manners, the representation of the aristocracy in pathological decline, the undermining of human individuality and ideals and the study of deterioration and disintegration all play a role. But above all Maupassant brings to his first novel the short story writer's genius for a focused tension between stasis and change and *A Life* is one of his most compelling portraits of dispossession and powerlessness.
