The Transforming Power Of Language The Poetry Of Adrienne Rich:

The Transforming Power of Language Myriam Díaz-Diocaretz, 1984 Studies over het werk van de Amerikaanse dichteres Adrienne Rich 1929 Adrienne Rich's Later Poetry Alec Marsh, 2024-12-12 Reorienting understandings of Adrienne Rich's later work through her interest in Marx and Marxist politics this book engages with this overlooked part of her oeuvre through considerations of issues such as race nationhood and gender From 1983 onward after she visited revolutionary Nicaragua until the end of her life Rich's political vision can best be described as Marxist Humanist Until recently very little attention has been paid to Rich's interest in Marx there is no in depth treatment of the effect of Marx's humanistic philosophy on Rich's later work or even on her unwavering but altered dedication to Women's Liberation This book fills this gap showing how Rich's discovery of Marx's humanism affected her poetry In doing so it makes a significant intervention into debates about the direction of American poetics and argues powerfully for a greater consciousness of political engagement through poetry The Routledge Encyclopedia of Jewish Writers of the Twentieth Century Sorrel Kerbel, 2004-11-23 Now available in paperback for the first time Jewish Writers of the Twentieth Century is both a comprehensive reference resource and a springboard for further study This volume examines canonical Jewish writers less well known authors of Yiddish and Hebrew and emerging Israeli writers includes entries on figures as diverse as Marcel Proust Franz Kafka Tristan Tzara Eugene Ionesco Harold Pinter Tom Stoppard Arthur Miller Saul Bellow Nadine Gordimer and Woody Allen contains introductory essays on Jewish American writing Holocaust literature and memoirs Yiddish writing and Anglo Jewish literature provides a chronology of twentieth century Jewish writers Compiled by expert contributors this book contains over 330 entries on individual authors each consisting of a biography a list of selected publications a scholarly essay on their work and suggestions for further reading **Encyclopedia of the Essay** Tracy Chevalier, 2012-10-12 This groundbreaking new source of international scope defines the essay as nonfictional prose texts of between one and 50 pages in length The more than 500 entries by 275 contributors include entries on nationalities various categories of essays such as generic such as sermons aphorisms individual major works notable writers and periodicals that created a market for essays and particularly famous or significant essays The preface details the historical development of the essay and the alphabetically arranged entries usually include biographical sketch nationality era selected writings list additional readings and anthologies *Encyclopedia of American Poetry: The Twentieth Century* Eric L. Haralson, 2014-01-21 The Encyclopedia of American Poetry The Twentieth Century contains over 400 entries that treat a broad range of individual poets and poems along with many articles devoted to topics schools or periods of American verse in the century Entries fall into three main categories poet entries which provide biographical and cultural contexts for the author's career entries on individual works which offer closer explication of the most resonant poems in the 20th century canon and topical entries which offer analyses of a given period of literary production school thematically constructed category or other verse tradition that historically has

been in dialogue with the poetry of the United States Translating Women Luise von Flotow, 2011-03-08 Feminist theory has been widely translated influencing the humanities and social sciences in many languages and cultures However these theories have not made as much of an impact on the discipline that made their dissemination possible many translators and translation scholars still remain unaware of the practices purposes and possibilities of gender in translation Translating Women revives the exploration of gender in translation begun in the 1990s by Susanne de Lotbinière Harwood's *Rebelle et infidèle* *The Body Bilingual* 1992 Sherry Simon's *Gender in Translation* 1996 and Luise von Flotow's *Translation and Gender* 1997 Translating Women complements those seminal texts by providing a wide variety of examples of how feminist theory can inform the study and practice of translation Looking at such diverse topics as North American chick lit and medieval Arabic Translating Women explores women in translation in many contexts whether they are women translators women authors or women characters Together the contributors show that feminist theory can apply to translation in many new and unexplored ways and that it deserves the full attention of the discipline that helped it become internationally influential

The Rhetoric of Self in Robert Bly and Adrienne Rich Paul Wadden, 2003 This book pushes beyond modern postmodern dichotomies to show how Robert Bly and Adrienne Rich two of America's most prominent poets engage in a process that is both dialectic and holotropic as they continually create through doubling fuller and more fluid self identity Ultimately their use of alter selves to deepen their subjectivity and transform otherness expands their voice and vision culminating late in their careers in a polyphony of self Bridging literary scholarship and writing pedagogy this book concludes by illustrating how the two poets writing practices offer invigorating models and departure points for writing students in contemporary literature and composition classrooms **Harvard Book Review**, 1989 Anthology of American Literature: Realism to the present George McMichael, 2000 For courses in American Literary Survey This leading two volume anthology represents America's literary heritage from the colonial times of William Bradford and Anne Bradstreet to the contemporary era of Saul Bellow and Alice Walker Volume II begins with Walt Whitman and Emily Dickinson and moves through Toni Morrison **Contemporary Jewish-American Dramatists and Poets** Joel Shatzky, Michael Taub, 1999-08-30 Entries summarize the life work and critical reception of contemporary Jewish American dramatists and poets **Modern American Women Writers** Elaine Showalter, Lea Baechler, A. Walton Litz, 1991 An encyclopedia of American women writers examining the lives and works of forty one authors including Maya Angelou Kate Chopin Adrienne Rich and Eudora Welty **Women's Stories of the Looking Glass** Carmen Birkle, 1996 American Cultural Leaders, 1993 A biographical reference for students and general readers profiling the lives and accomplishments of some 360 men and women who have played a prominent role in the culture of the US from colonial times to the present including writers musicians dancers painters actors architects sculptors photographers and others Each biography presents a concise summary of the subject's life and contributions to his/her field The entries many of which are illustrated describe

important historical events and related cultural movements and many include anecdotes and quotations from friends and family Annotation copyright by Book News Inc Portland OR *Jewish American Women Writers* Ann R. Shapiro, 1994-09-12 Even among scholars of Jewish literature Jewish American women writers have been largely neglected Nevertheless these women have made an enormous contribution to literature and culture This reference explores the extraordinary achievement of Jewish American women novelists poets and playwrights who have written in English Every effort was made to provide a representative selection of writers and the final list was determined after consultation with specialists and scholars The volume is composed mainly of entries arranged alphabetically by writer Many of these women have an indisputable place in the literary canon while others are relative newcomers to the field Still others are being rediscovered after years of neglect The profiles provide a biography bibliography and survey of criticism for each author Each also provides an analysis of the writer's work by a scholar in Jewish American literature women's studies or a related field An introductory essay defines the scope of Jewish American women's literature while a special chapter is devoted to writers of autobiographies who document the experience of Jewish women in America *Feminist Periodicals*, 1993 *The Americas Review*, 1993 *Gay & Lesbian Literature* Sharon Malinowski, Tom Pendergast, Sara Pendergast, 1994 Biographical bibliographical and critical information on more than four hundred authors who have figured prominently in gay and lesbian literature and culture since 1900 *Feminist Writers*, 1996 Concise discussions of the lives and principal works of feminist writers from all time periods written by subject experts *Sylvia Plath* Paul Mitchell, 2011 Sylvia Plath es una de las poetas más conocidas y controvertidas del siglo XX Desde su muerte en 1963 el debate crítico sobre su obra ha sido animado y en ocasiones incluso hostil Esta obra ilustra cómo leer a Plath desde una perspectiva alternativa utilizando la teoría de Julia Kristeva sobre el lenguaje político y que permite una apreciación de los poemas que va más allá de lo biográfico al hacer nfasis en cambio en los textos de ese modo se engrana con la primera persona como una herramienta heurística compleja e inestable Al explorar los poemas en términos de su trascendencia en lugar de centrarse exclusivamente en su significado explora la manera en la que la obra de Plath produce una crisis de subjetividad oratoria y a partir de ahí emerge la naturaleza revolucionaria de la voz poética **Cyclopedia of World Authors** Frank Northen Magill, 1997
