and expertise almost anything seemed possible in the countries of the Cold War's Third World developing postcolonial nations unaligned with the United States or Soviet Union Yet by the end of the decade this vision lay in ruins What happened In *The End of Ambition* Mark Atwood Lawrence offers a groundbreaking new history of America's most consequential decade He reveals how the Vietnam War combined with dizzying social and political changes in the United States led to a collapse of American liberal ambition in the Third World and how this transformation was connected to shrinking aspirations back home in America By the middle and late 1960s democracy had given way to dictatorship in many Third World countries while poverty and inequality remained pervasive As America's costly war in Vietnam dragged on and as the Kennedy years gave way to the administrations of Lyndon B Johnson and Richard M Nixon America became increasingly risk averse and embraced a new policy of promoting mere stability in the Third World Paying special attention to the U S relationships with Brazil India Iran Indonesia and southern Africa *The End of Ambition* tells the story of this momentous change and of how international and U S events intertwined The result is an original new perspective on a war that continues to haunt U S foreign policy today

The Columbia History of the Vietnam War David L. Anderson, 2010-11-26 Rooted in recent scholarship *The Columbia History of the Vietnam War* offers profound new perspectives on the political historical military and social issues that defined the war and its effect on the United States and Vietnam Laying the chronological and critical foundations for the volume David L Anderson opens with an essay on the Vietnam War's major moments and enduring relevance Mark Philip Bradley follows with a reexamination of Vietnamese revolutionary nationalism and the Vietminh led war against French colonialism Richard H Immerman revisits Eisenhower's and Kennedy's efforts at nation building in South Vietnam and Gary R Hess reviews America's military commitment under Kennedy and Johnson Lloyd C Gardner investigates the motivations behind Johnson's escalation of force and Robert J McMahon focuses on the pivotal period before and after the Tet Offensive Jeffrey P Kimball then makes sense of Nixon's paradoxical decision to end U S intervention while pursuing a destructive air war John Prados and Eric Bergerud devote essays to America's military strategy while Helen E Anderson and Robert K Brigham explore the war's impact on Vietnamese women and urban culture Melvin Small recounts the domestic tensions created by America's involvement in Vietnam and Kenton Clymer traces the spread of the war to Laos and Cambodia Concluding essays by Robert D Schulzinger and George C Herring account for the legacy of the war within Vietnamese and American contexts and diagnose the symptoms of the Vietnam syndrome evident in later debates about U S foreign policy America's experience in Vietnam continues to figure prominently in discussions about strategy and defense not to mention within discourse on the identity of the United States as a nation Anderson's expert collection is therefore essential to understanding America's entanglement in the Vietnam War and the conflict's influence on the nation's future interests abroad

Stanley Kubrick's "Full Metal Jacket". Portrayal of the Vietnam War Patrick Spieß, 2013-12-27 Seminar paper from the year 2013 in the subject English Language and Literature Studies Culture and Applied Geography grade 1.3 Martin Luther University language English abstract The Vietnam War was a traumatic event of the recent American history Due to harsh criticism both at home and abroad of the American involvement in Vietnam the film industry struggled to produce notable Vietnam War films during the conflict Only in the late 1970s Hollywood came up with significant films that were trying to come to terms with the past Down to the present day the film industry has produced a number of Vietnam War films What is special about these films is that they show a high level of diversity In this seminar paper I will examine how the Vietnam War is portrayed in Full Metal Jacket and outline its context in relation with other filmic presentations of the Vietnam War In particular I will focus on the drafting and military drill of young men as well as on the effects that the drill and the war itself had on recruits I will first introduce the historical event the film is dealing with and outline its filmic presentations and film historical context Then I will briefly introduce the film and provide information regarding its historical context The central question of this paper is which specific perspective is illustrated in Full Metal Jacket and to what extent the film can be classified along other Vietnam War films In resuming thoughts I will first establish what stance Full Metal Jacket takes towards the Vietnam War and how

this perspective is created Finally I will introduce selected scenes and examine the method of the film in portraying the Vietnam War

An International History of the Vietnam War R B Smith,1987-06-18 Most previous books on the Vietnam War have seen it primarily as an American military involvement in the affairs of a small Asian country halfway across the world The present study planned to run to four volumes seeks to reassess the significance of the conflict by looking at Vietnam as one element in a global power game It is also the first serious attempt to analyse the decision making of both sides simultaneously relating United States policy to the strategy and tactics of the Communist side and to the complicated relations that existed between Hanoi Moscow and Peking It has always been hard not to be emotional about the subject in one direction or another Mr Smith must be praised for having produced a book which does not indulge the emotion he undoubtedly feels His international history of the Vietnam war is calm concise excellent and invaluable William Shawcross
