Yo, realidad y subjetividad David R Hawkins, 2018-01-31 En Yo realidad y subjetividad el doctor Hawkins describe los niveles m s elevados de la conciencia humana los mbitos de la espiritualidad y la iluminaci n as como el tr nsito a lo que est m s all de lo humano la conciencia del Ser La obra toma la forma de un di logo en el que el autor no deja preguntas sin responder haciendo que tambi n sea un manual muy pr ctico Lo maravilloso del doctor Hawkins es que habla desde su experiencia personal y cuenta con el lenguaje necesario para describir el camino espiritual desde dentro los estados abstractos las pruebas y tentaciones y las sucesivas aperturas de la conciencia a campos cada vez m s extensos El texto destila sabidur a y un profundo conocimiento de la psicolog a humana enmarcando la evoluci n de nuestra especie dentro del proceso general de la evoluci n de la conciencia y abri ndonos a unos horizontes desconocidos y esperanzadores Tal como ocurre con otras obras del doctor Hawkins su mera lectura supone una experiencia esclarecedora que nos ayuda a entender la realidad

Realidad, Espiritualidad y el Hombre Moderno David R. Hawkins, 2021 Este libro forma parte de la colecci n basada en las revelaciones obtenidas por el doctor Hawkins mediante el proceso de investigaci n de la conciencia y en l se aborda de manera especial la relaci n entre ciencia y espiritualidad as como los contextos en que rigen sus respectivas verdades Como en obras anteriores el objetivo del doctor Hawkins es encontrar la

verdad espiritual verificable puesto que históricamente ha sido dejada de lado y ha quedado oscurecida por el dogma eclesiástico. Un punto clave de este análisis reside en el hecho de que el núcleo del ego humano no está motivado por la devoción a la verdad sino por la recompensa narcisista obtenida del conflicto y de tener razón. El ego es intrínseca y activamente hostil a la humildad y prefiere morir o matar que renunciar a su declaración secreta de soberanía. Los escritos del doctor Hawkins siempre hablan más al Ser que al pequeño yo. Esta obra ayuda a desarrollar una visión clara basada en los niveles de conciencia con la que guiarse en medio de las complejidades de nuestro mundo moderno. Verdad frente a falsedad David R. Hawkins, La crisis de credibilidad, el desprestigio y especialmente la corrupción azotan a múltiples instituciones y estamentos de nuestra sociedad. En el marco de esta situación la ambición del doctor Hawkins diferenciar entre verdad y falsedad no puede resultar más oportuna. Según el propio autor esta confusión entre verdad y falsedad solo se debe a la propia estructura de la mente humana que es ingenua, cándida y está ciega a sus propias limitaciones. Tiende a ser incapaz de distinguir entre sus propias proyecciones y deseos de que algo sea real y lo que es verdaderamente real. En el marco de esta investigación el hallazgo clave de Hawkins es el tránsito del contenido al contexto del punto de vista personal al punto de vista de la totalidad, el campo. Esto le permite crear una herramienta con la que evaluar múltiples aspectos de nuestra cultura y civilización. La amplitud de los temas tratados es abrumadora desde política y jurisprudencia hasta películas de cine o las principales religiones. Tenemos muchos motivos para sentirnos agradecidos por las contribuciones del doctor Hawkins en su empeño de elevar el nivel de conciencia de la humanidad. *The Woman Movement from the Point of View of Social Consciousness* Jessie Taft, 1916

It appears that our minds are being manipulated. Synchronicities and the collective unconscious are clues about the mind manipulation mechanism. This mechanism is the God effect according to the author. The God effect implies that there is an intelligent entity controlling our minds. Who is this intelligent entity manipulating our minds? A God must be responsible for the God effect. How exactly is this God manipulating our minds in this reality that is based on the principles of materialism that we know so well through our sciences? We are unable to account for the God effect within the paradigm of materialism. Are we in a reality based on idealism where consciousness is fundamental and an intelligent God exists in this context? Or are we living inside a

computer simulation What is the nature of our minds In order to account for God we have to question our understanding of our reality and we have to ask if we are truly in control of our minds thoughts and actions This is a gist of the God mind and reality problem that the author tries to discuss in this book In his first book the author wondered if a simulation accounts for the God effect In this book he wonders if idealism with consciousness first principles and an intelligent God solves the problem

Social Constructionisms Titus Hjelm,2014-05-22 Social constructionism is one of the key ideas in the social sciences offering different frameworks for understanding the human world But what does it mean when we say that something is socially constructed What exactly do we construct in our social interaction And what actually does the constructing This dynamic text invites critical reflection on these questions and more outlining the various ways that social constructionist theory has been utilised in the social sciences Hjelm introduces the basic assumptions of social constructionism before
