**The Wisdom and Hidden Words of Jesus Christ** Various Authors,2018-08-05 These works that are attributed to Jesus Gospel and are NOT included in The New Testament contain writings that represent some of the same events quotes language and tone that are in the currently published New Testament and they should not be ignored but read and studied in any manner possible This book makes that study possible According to scholarly estimates there were at least twenty gospels and many epistles that were removed from the biblical canon by various councils such as The Council of Nicea over a thousand years ago Luckily several that appeared to be missing have been found recently The most important point is that the canon was edited for political and cultural reasons to form a narrative that is different from actual events and a full understanding of Christianity or CHRISTIAN PHILOSOPHY is not complete without a study of these additional works The authors and councils that compiled and edited The New Testament texts got some of their information from earlier writings Modern scholars call these earlier writings sources and have determined that there were probably three of them These three lost sources may have been the first gospels Their ancient names are unknown so they are usually identified by modern names specifically the Lost Q Source the Pre Markan Passion Narrative and the Signs Gospel Because no copies of any of them have been found they are sometimes called hypothetical gospels Other gospels have been discovered more directly because actual physical remains have been found Examples include The Gospel of Peter the Gospel of Mary and the Gospel of Judas All of these were discovered in modern times These rediscovered gospels are named after Simon Peter Mary Magdalene and Judas Iscariot The Gospel of Mary has recently been verified in both ink and type of

papyrus Ancient writers mentioned a number of other gospels which existed These include but are not limited too The Gospel of Matthias The Gospel of Perfection The Gospel of the Seventy The Dialogue of the Savior The Gospel of the Twelve The Book of the Hebrews The Gospel of the Nazarenes The Gospel of Bartholomew The Secret Gospel of Mark and The Gospel of Eve Other gospels may have also existed In addition early church leaders intentionally destroyed some books in order to cover up embarrassing facts about the origins of Christianity These texts are a must read for those who wish to know the whole story surrounding the New Testament **SERMONS ON THE PERSON WORDS &** Francis Trench,2016-08-29

The Work of Christ P. T. Forsyth,1996-07-11 The Work of Christ by Scottish minister and Biblical scholar P T Forsyth explains the character and deeds of the Lord Jesus and how they affect Christian beliefs and life philosophy Adapted from a series of lectures the author delivered to gatherings of young and newly ordained ministers this book is an engaging and competent example of Biblical scholarship Well received by his audience the author was encouraged to publish these thoughts in a book their central pillar that Christ s life and works pierce to the heart of theological study remains a poignant reflection upon the New Testament The qualities of a good Christian are found to be intricately related to what Jesus said during his famous sermons and teachings Qualities of self sacrifice spiritual reflection and atoning for our sins are discussed The author also discusses Christ s philosophical words on the subject of reconciliation why the principles of reconcile can blossom into a way of life Latterly the author examines the Christian cross and its symbolism before embarking on a discussion of the challenges and problems facing the modern day Christian For the author reconciling belief in God and Jesus Christ with elements of philosophy and recognizing the gravity of the Savior s words and martyrdom is crucial for all believers in the present time *The Words of Jesus* John R Macduff,2023-10-31 *The Words Of Jesus* John
