Stress Disorder John Bradshaw, 2014-11-11 John Bradshaw is arguably the most accomplished and well known leader alive today in the addictions field He taught us about functional and dysfunctional families showed us how shame could become toxic and poisonous to our core selves and helped us understand and heal the wounded vulnerable inner child conceived by and thriving in that environment In *Post Romantic Stress Disorder PRSD* Bradshaw gives readers a clear explanation of the difference between falling in love lust and true love Based on his research PRSD is a deeply serious psychological disorder and the cause of 40% of all divorces divorces that could have been prevented Every day people throw away perfectly good relationships because they just don't know how to navigate the tides but if they could learn and understand the concepts Bradshaw presents in this book the portrait of the family unit could have a whole new landscape Join this great teacher as he opens the gates to a new frontier tackling issues that threaten and endanger so many modern relationships Be encouraged as he leads the way to a deeper and more fulfilling spiritual union As he so eruditely observed some time ago As the health of the marriage goes so goes the health of the family Yet Bradshaw ladles out hope unlimited if parents could restore a deep authentic love for each other it could be passed on to their children and families would actually flourish **The Collected**
