The Widowmaker Unleashed Widowmaker Series:

The Widowmaker Series Volume Two Mike Resnick, 2022-09-13 Retirement is a dangerous game for a cloned bounty hunter in the third and fourth books in the series featuring Jefferson Nighthawk. There's no rest for the lethal no matter what version in the science fiction adventure series that proves nobody spins a yarn better than Mike Resnick. Orson Scott Card, New York Times bestselling author of *Ender's Game*. *The Widowmaker Unleashed*. After more than a century in deep freeze, Jefferson Nighthawk is waking up from his sleep, finally cured of the disease that almost killed him. The sixty-two-year-old wants to settle down easier said than done when the enemies of his clones still have scores to settle. *A Gathering of Widowmakers*. He may be retired from bounty hunting, but Nighthawk is still one of the three most dangerous men alive. The other two? His clones. But when the youngest one makes a nearly fatal mistake, he'll have to learn to match wits with both of the killers who came before him. Praise for Mike Resnick: Resnick is thought provoking, imaginative, and above all, galactically grand. *Los Angeles Times*. ***The Widowmaker Unleashed*** Mike Resnick, 2022-09-13 A bounty hunter has a legacy that he and his clones can't escape in this explosive science fiction adventure from the Hugo and Nebula Award-winning author. After more than a century in deep freeze, Jefferson Nighthawk is waking up from his sleep, finally cured of the disease that almost killed him. Now sixty-two years old, he's ready for a new kind of life: one of peace and quiet. The former bounty hunter has made enough widows not to mention clones, one of whom still roams the galaxy. With his loyal trainer Ito Kinoshita by his side, Nighthawk looks for a place to settle down, to grow some flowers, and maybe even find a wife. What he isn't expecting is to be hounded to the ends of the universe by the enemies his two clones have made and by bloodthirsty men out to make a reputation for themselves. Nighthawk and Kinoshita try to stay one step ahead of his pursuers, but when that doesn't work, Nighthawk's instincts take over and the killing begins. There's only one way to escape being the Widowmaker, and Nighthawk is just about desperate enough to try it. Praise for Mike Resnick: Resnick is thought provoking, imaginative, and above all, galactically grand. *Los Angeles Times*. Nobody spins a yarn better than Mike Resnick. Best of all, when the story's over, you find that he's left something in your memory for you to draw on again and again: a clearer understanding of how nobility emerges from the struggles of life. Orson Scott Card, New York Times bestselling author of *Ender's Game*. ***The Dark Lady*** Mike Resnick, 2024-12-24 An alien art expert is caught in a dangerous hunt for an enigmatic beauty in this science fiction classic by a five-time Hugo Award-winning author. For thousands of years, the Dark Lady has appeared in portraits across the galaxy, but very little is known about her. She wears only black. She has been seen by many but known by few. And if you do see her, it will be after you've taken your last breath. Alien art historian Leonardo has seen paintings of the Dark Lady before and sees her image again when he comes to work at a human art gallery. There, he meets a wealthy old collector who hires him to track down portraits of the mysterious woman. However, Leonardo is not alone in his search. There's an art thief out to make some money, and a man desperate to see the model herself in the flesh. Legend says that the Dark Lady summons men to great

deeds or to their demise As Leonardo s search begins his obsession with the woman grows She will either be the key to his salvation or his destruction *Birthright* Mike Resnick,2022-09-13 The epic story of humanity writ large across the galaxy A tour de force an award caliber novel a profound contribution to science fiction Barry Malzberg author of Beyond Apollo In the twenty fifth century settlements are established on Mars and the inner planets but the stars are still light years away just a twinkle in humanity s eyes Hyperspace is a myth until it s not A young scientist devises a theory for an engine that propels a ship at faster than light speed and suddenly the galaxy is there for the taking It s a story that s been told before in the annals of human history And here Hugo and Nebula Award winning author Mike Resnick has it all covered from our first alien contact and the colonization of new planets to the exploitation of resources by miners and merchants and the politicians who pave the way Here is humanity in all its glory its rise and inevitable fall as power and oppression give way to defiance and anarchy Ambitious in scope Birthright shows that the nature of humans doesn t change just the size of the playing field
