Dale Brown,2006-01-01 The most thorough and extensive investigation ever written on the much beloved writer The Book of Buechner explores the ways in which Frederick Buechner's writing particularly his fiction presents the possibilities of grace in the midst of the ambiguities of human existence and introduces themes of Christian faith Both long time readers and neophytes seeking a guide through his writings will delight in the illuminating analysis Dale Brown has to offer Intelligent and gratifying The Book of Buechner is a much overdue literary journey through one of the most significant American writers of the last fifty years The Wizard King David Ker,1895 **The Last Wizard - the Story of a Reluctant Hero Second Edition** Terry Unger,2011-06-06 Throughout all of this the Catholic Church declared a ban on any form of contraception in South America Mexico Central America and Africa In these poor countries the Church felt it still had significant influence This action only added to the already staggering population growth People not killed off by disease died from starvation The rise of the Christian Right who were no more than fascists added their considerable weight to the crisis This movement managed to influence the U S federal government particularly the executive and judicial branches Their influence had U S Presidents reject the Kyoto Protocol and the Bali Accords using the excuse that participating in them would hurt American business interests In true Fascist tradition the American military industrial complex and right wing Christian ideologues were cozily in bed with each other When the developing nations saw the United States pay no more than lip service to Kyoto and Bali they followed suit Debt national corporate and personal was staggering The Christian Right became deeply entrenched in government the military and business But they needed Democrats and began to court them like a rich old geezer courts a Playboy centerfold Payment rendered by the Democrats was the gutting of the Constitution and the repeal of Roe v Wade The Christian Right was very close to creating their ideal Christian Nation but took one huge misstep Nuclear missiles were shaken by their political puppets like a stick shaken by an armchair general scolding a poor ally China and India considered godless by the Right were the targets of this saber rattling even though they held most of this nations debt When they had had enough they called in the debt The United States went financially belly up and because of the inter connectedness of the global economy woven between nations so did other countries This worldwide governmental bankruptcy combined with things previously mentioned brought about total collapse Governments capitulated and civil order became non existent ushering in The Age of Anarchy The world now more than ever needed heroes **The Wizard** Henry Rider Haggard,1896 Wilson the Wizard Mark
