The Vineyard The Pleasures And Perils Of Creating An American Family Winery:

The Vineyard Louisa Thomas Hargrave, 2003 In the tradition of Peter Mayle and Frances Mayes *The Vineyard* is a charming memoir of starting the first Long Island winery and the bittersweet story of how one couple fulfilled their dream

The Makers of American Wine Thomas Pinney, 2012-05-07 Americans learned how to make wine successfully about two hundred years ago after failing for more than two hundred years Thomas Pinney takes an engaging approach to the history of American wine by telling its story through the lives of 13 people who played significant roles in building an industry that now extends to every state While some names such as Mondavi and Gallo will be familiar others are less well known These include the wealthy Nicholas Longworth who produced the first popular American wine the German immigrant George Husmann who championed the native Norton grape in Missouri and supplied rootstock to save French vineyards from phylloxera Frank Schoonmaker who championed the varietal concept over wines with misleading names and Maynard Amerine who helped make UC Davis a world class winemaking school *Cutchogue and New Suffolk* Zachary N. Studenroth, 2013 *Cutchogue* and the neighboring waterfront hamlet of New Suffolk share a common history Their remote location belies the fact that they witnessed events that shaped the nation's history Among the notables who left their marks here were inventor statesman Benjamin Franklin whose granite mile markers have remained intact along the Kings Highway Main Road since 1755 and John Holland father of the modern submarine who used New Suffolk's harbor to test his invention American composer Douglas Moore resided in *Cutchogue* and Alex and Louisa Hargrave of Hargrave Vineyards fame planted their pioneering wine grapes here in 1973 Today over 50 vineyards call Long Island's North Fork home Along with rare views of residents at work and play *Cutchogue and New Suffolk* shares memorable events and moments captured by photographers whose work is presented here for all to appreciate

Wines of Eastern North America Hudson Cattell, 2014-01-15 In 1975 there were 125 wineries in eastern North America By 2013 there were more than 2 400 How and why the eastern United States and Canada became a major wine region of the world is the subject of this history Unlike winemakers in California with its Mediterranean climate the pioneers who founded the industry after Prohibition 1933 in the United States and 1927 in Ontario had to overcome natural obstacles such as subzero cold in winter and high humidity in the summer that favored diseases devastating to grapevines Enologists and viticulturists at Eastern research stations began to find grapevine varieties that could survive in the East and make world class wines These pioneers were followed by an increasing number of dedicated growers and winemakers who fought in each of their states to get laws dating back to Prohibition changed so that an industry could begin Hudson Cattell a leading authority on the wines of the East in this book presents a comprehensive history of the growth of the industry from Prohibition to today He draws on extensive archival research and his more than thirty five years as a wine journalist specializing in the grape and wine industry of the wines of eastern North America The second section of the book adds detail to the history in the form of multiple appendixes that can be referred to time and again

Included here is information on the origin of grapes used for wine in the East the crosses used in developing the French hybrids and other varieties how the grapes were named and the types of wines made in the East and when Cattell also provides a state by state history of the earliest wineries that led the way Peconic Bay Marilyn E. Weigold,2015-04-03 Bordered on the south by the Atlantic Ocean and on the north by Long Island Sound the Peconic Bay region including the North and South Forks has only recently been recognized for its environmental and economic significance The story of the waterway and its contiguous land masses is one of farmers and fishermen sailing vessels and submarines wealthy elite residents and award winning vineyards Peconic Bay examines the past 400 years of the region s history tracing the growth of the fishing industry the rise of tourism and the impact of a military presence in the wake of September 11 Weigold introduces readers to the people of Peconic Bay s colorful history from Albert Einstein and Captain Kidd to Clara Barton and Kofi Annan as well as to the residents who have struggled and continue to struggle over the well being of their community and their estuarine connection to the planet Throughout Weigold brings to life the region s rich sense of place and shines a light on its unique role in our nation s history Select Wine Bibliographies - 2nd Edition Warren R.
