The Vision Of The Anointed Self Congratulation As A Basis For Social Policy:

The Vision Of The Anointed Thomas Sowell, 2019-07-23 One of America's pre-eminent economists offers a provocative critique of the failures of liberalism In *The Vision of the Anointed* Thomas Sowell presents a devastating critique of the mind set behind the failed social policies of the past thirty years Sowell sees what has happened during that time not as a series of isolated mistakes but as a logical consequence of a tainted vision whose defects have led to crises in education crime and family dynamics and to other social pathologies In this book he describes how elites the anointed have replaced facts and rational thinking with rhetorical assertions thereby altering the course of our social policy The Vision Of The Anointed Thomas Sowell, 1995-07-14 A critique of the failed social policies of the past thirty years **More Liberty Means Less Government** Walter E. Williams, 2013-09-01 In this collection of thoughtful hard hitting essays Walter E Williams once again takes on the left wing's most sacred cows with provocative insights brutal candor and an uncompromising reverence for personal liberty and the principles laid out in our Declaration of Independence and Constitution **Hijacked!** Clarence Washington Sr., 2023-12-18 The first four volumes of *Hijacked How Dr King's Dream Became a Nightmare* explores the goals that must be achieved and the methods that must be used to fix what is wrong with America However these things have been hijacked by super natural spiritual forces and caused the once unthinkable devastating nightmare in America which we are now experiencing This Nightmare has been orchestrated by spiritually dark forces who must be dealt with through an effective super natural spiritual warfare prayer strategy Nothing else but this will solve the demonic insanity that is occurring all over America today In Volume 5 *The Demonic* everything that We the People need to do this and bring America back from the brink of total decline and destruction is explored in detail The demonic insanity that is so widespread in America today is clearly demonstrated by such things as critical race theory social justice transgenderism the open border policy the war on fossil fuel the climate control policy an obsession with renewing the JCPOA Iran nuclear argument the love affair of African Americans with the people that clearly hate them and the love affair of Jewish Americans and others with the people that clearly hate them The volumes respectively of *Hijacked* are *The Dream* *The Hijack* *The Nightmare* *The Recovery* and *The Demonic* All of these things are a very clear demonstration that most Americans have rejected the God given dream goals and dream methods of Dr Martin Luther King Jr and are instead being taught how to live by demons *Social Life and Moral Judgment* Antony Flew, 2017-12-02 In *Social Life and Moral Judgment* author and philosopher Antony Flew examines the social problems induced by the mature welfare state Welfare states make ever increasing financial demands on their citizenry yet the evidence clearly supports that such demands are not sustainable In this superlative collection of thematic essays Flew investigates and explains why this is so and calls for a return to individual responsibility The first essay establishes the philosophical basis for his argument *Is Human Sociobiology Possible* answers its titular question in the negative asserting that we are all members of a peculiar type of creature that can and therefore must be responsible for

whatever choices between various courses of action or inaction that are open to us as individuals In other essays Flew shows how state welfare systems inevitably corrupt and demoralize their citizens by encouraging ever more people to apply for welfare entitlements and reducing the incentives to avoid or escape the conditions warranting those entitlements He investigates the origins of this new kind of welfare entitlement and shows how very different what politicians and public sector employees produce is from what these people claim to be producing Flew shows that the drive for social justice appears to require that the justly acquired income and wealth of all citizens should be progressively taxed away or supplemented by the state so that the eventual result is more though never perfect equality This objective he asserts must be radically distinguished from old fashioned without prefix or suffix justice It was this type of justice Adam Smith referred to when he famously said that it is a virtue of which the observance is not left to the freedom of our wills but which may be extorted by force Flew question the aims of those who would discredit wealth creators and wealth creating investment showing that these are the same people who prom

Human Dignity and Contemporary Liberalism Brad Stetson, 1998-01-21 The author of *Human Dignity and Contemporary Liberalism* argues that the nature and application of contemporary liberalism is significantly dissonant with the deepest inclinations and most persistent moral sentiments of human beings and it therefore distorts human self understanding and defaces human dignity This mismatch between human nature and the essence of contemporary liberalism hobbles our public life and the author suggests is the Gordian knot that must be loosed if the new millennium is to manifest a more humane and satisfying American civitas This wide ranging book begins with a discussion of certain consequences and implications of contemporary liberalism s heavy emphasis on individual rights moving into a reflection on two general categories of human dignity suggesting that there is in contemporary liberal thought a lack of clarity concerning the meaning and gravity of this concept The focus then shifts to the idea of desert or deservingness The viability of desert rightly understood is advanced as a useful general concept for understanding American public life and as an important tool for restoring a measure of common sense to our politics The second section of the book concentrates on the actual application of contemporary liberalism s values as it has occurred since the 1960s particularly in the culturally contentious areas of race and abortion Emerging from this survey is an unflattering image of a political paradigm which according to the author must be abandoned or at least radically revised if America is to strike a posture of moral intensity and genuine social understanding

The Courage to Be Free Ron DeSantis, 2023-02-28 1 NEW YORK TIMES BESTSELLER 1 WALL STREET JOURNAL BESTSELLER 1 PUBLISHER S WEEKLY BESTSELLER 1 AMAZON BESTSELLER No American leader has accomplished more for his state than Governor Ron DeSantis Now he reveals how he did it He played baseball for Yale graduated with honors from Harvard Law School and served in Iraq and in the halls of Congress But in all these places Ron DeSantis learned the same lesson He didn t want to be part of the leftist elite His heart was always for the people of Florida one of the most diverse and culturally rich states in the union Since becoming governor

of the Sunshine State he has fought and won battle after battle defeating not just opposition from the political left but a barrage of hostile media coverage proclaiming the end of the world When he implemented COVID 19 policies based on evidence and focused on freedoms the press launched a smear campaign against him yet Florida s economy thrived its education system outperformed the nation and Florida s COVID mortality rate for seniors was lower than that in thirty eight states When he enacted policies to keep leftist political concepts like critical race theory and woke gender ideology out of Florida s classrooms the media demagogued his actions but parents across Florida rallied to his cause Dishonest attacks from the media don t deter him In fact DeSantis keeps racking up wins for Floridians In 2022 the governor delivered a historic record setting victory winning by nearly 20 points and more than 1 5 million votes A firsthand account from the blue collar boy who grew up to take on Disney and Dr Fauci *The Courage to Be Free* delivers something rare from an elected leader stories of victory This book is a winning blueprint for patriots across the country And it is a rallying cry for every American who wishes to preserve our liberties

Resources in Education ,1997 [Ethics, Law, and Aging Review](#) ,2001 **Focus on Consumer-directed Care and Older Persons** Marshall B. Kapp,2000 Chapters address the effects of the changes within health and long term care delivery and financing as they evolve from a regulatory command and control paradigm to a combination of models in which the individual patient consumer is more empowered to make personal choices

Eco-freaks John Berlau,2006 Berlau takes an outrageous alarming look at how the environmental movement with its radical shortsighted eco activists has actually helped amplify the dangers of natural disasters and destroyed the lives and property of millions of Americans
