The Way Of Passion A Celebration Of Rumi:

The Way of Passion Andrew Harvey, 2013-07-23 A modern mystic and religious scholar presents a stunning collection of Rumi poems and reveals how the Sufi poet's words can guide us through spiritual and ecological crisis. The minds of two mystics intermingle in a work of inspired vision and clarity. Jalalud Din Rumi, enlightened spiritualist poet of Sufism, has been venerated by Moslems everywhere since his death in 1273. No other poet in history, not even Shakespeare or Dante, has made so exalted and comprehensive an impact on his own civilization. In the latter part of the 20th century, he has become for people of every race and creed the poet of the new mystical Renaissance that is slowly but surely coming to its flowering. No one has done more than Andrew Harvey to spread popular awareness of Rumi's message. Himself a charismatic mystic, he has spent the last 20 years of his life in search of the essential truths that could transform the spiritual barrenness at the heart of modern Western civilization. In his books *Love's Fire* and *Speaking Flame*, he has re-created Rumi's poems with a brilliance that speaks eloquently to us today. *The Way of Passion* draws on the poems to present a guide to the contemporary spiritual and ecological crisis. Each chapter Harvey tells us is a dance, a dance of mirrors in which essential spiritual themes return to be reflected in different constellations and harmonies, a dance around Rumi and that mystery of Love he lived and expressed so completely. Inspired by Rumi's voice and by his own startling ability to see into the innermost heart of life, Harvey urges us to change, to have faith, and to act through Love to transform this time of Apocalypse into the time of Resurrection. The passion of his words shines from the pages with an intensity that can embrace and inspire us all.

Sufism in the Secret History of Persia

Milad Milani,2014-10-14 Sufism formed one of the cultures of resistance which has existed in the social fabric of Persia since antiquity Such resistance continues to manifest itself today with many looking to Sufism as a model of cooperation between East and West between traditional and modern Sufism in the Secret History of Persia explores the place of Sufi mysticism in Iran s intellectual and spiritual consciousness through traditional and contemporary Sufi thinkers and writers Sufism in the Secret History of Persia examines the current of spirituality which extends from the old Iranian worship of Mithra to modern Islam This current always contains elements of gnosis and inner knowing but has often provided impetus for socio political resistance The study describes how these persisting pre Islamic cultural and socio religious elements have secretly challenged Muslim orthodoxies and continue to shape the nature and orientation of contemporary Sufism

Radical Passion

Andrew Harvey,2012-10-23 This culmination of award winning author Andrew Harvey s life s work bridges the great divide between spiritual resignation and engaged spiritual activism A manifesto for the transformation of the world through the fusion of deep mystical peace with the clarity of radical wisdom it is a wake up call to put love and compassion to urgent focused action According to Harvey we are in a massive global crisis reflected by a

mass media addicted to violence and trivialization at a moment when what the world actually needs is profound inspiration a return to the heart centered way of the Divine Feminine the words of the mystics throughout the ages and the cultivation of the nonviolent philosophies of Gandhi Nelson Mandela Aung San Suu Kyi and the Dalai Lama Harvey s concepts of radical passion and sacred activism fly in the face of restraint of pessimism of denial of all that is inhumane fusing the mystic s passion for God with the activist s passion for justice and for healing the division between heaven and earth heart and will body and soul prayer and action Sacred activism asks that we engage deeply on a personal spiritual and political level so as to become a fully empowered fully active and contemplative humanity that can turn tragedy into grace and desolation into the opportunity to build and co create a new world Unlike many spiritual books Radical Passion does not veil the dark with artificial hope It explores the catastrophes of our current times and celebrates the ecstatic hope and divinity that is possible right now and in the future *Rumi* Jalāl al-Dīn Rūmī (Maulana),2004 **The Quest** ,1995 **Rumi** Franklin Lewis,2000 This is a definitive guide to the life and work of Jall al Din Rumi Franklin D Lewis s text considers not just the man but also his times his legacy and his role in a changing world **Dreams Are Letters from the Soul** Connie Cockrell Kaplan,2002 In this guide book Kaplan shows readers that when they dream they are connecting with the creative force of the universe the collective soul Using excerpts from her own dream journal she describes various forms of dreams which take readers closer to the soul **The Story of Ramakrishna Mission** Advaita Ashrama,2006 **Mysticism, Aesthetics, and Cosmic Consciousness** Asghar Talaye Minai,2003 **Walt Whitman and the Persian Poets** J. R. LeMaster,Sabahat Jahan,2009 Where did Walt Whitman get his religious ideas This book follows in detail the similarities of the religious beliefs of the American writer humanist and two major classical Persian poets Hafez and Rumi Other books have tried to explain Whitman s religion but none so far has done justice to the topic Some critics have labelled Whitman a pantheist and let it go at that Others have dismissed the topic of religion in Whitman s poems as posturing to gain a readership This work contends that Whitman took religion very seriously His poems are full of religious references He knew the Bible well He also had read Emerson on the poets of the East as well as some of the same poets in translation This book postulates that the counterparts of Whitman s ideas about religion are best found in the Orient and that his ideas on religion have much in common with those of the Sufis The book focuses on the works of the three poets Lines from Whitman are quoted and compared with lines from Rumi and Hafez to illustrate that the three poets conveyed their message through very human actions and emotions Their message which is mystical is conveyed through a secular language and their symbolism is unconventional They attract the reader through their humanness and in doing so attempt to lead the reader to recognition of the divine existing both inside and outside of themselves Like Whitman Rumi and Hafez realise that God is both transcendent and immanent and as a result encourage their readers to seek the Divine everywhere especially within themselves Man s true home they contend is his Divine origin Man is infinitely bound up with God is never separate from God Whitman s long poem titled Song of Myself has

created much controversy over the years and Whitman has often been labelled an extreme egotist Walt Whitman and the Persian Poets illustrates that all three poets see their egotism as a result of their complete faith in God's omnipresence and their ability to recognise Him in every aspect of creation As did Emerson all three hold a belief in the simultaneous transcendence and immanence of God In short they see themselves as God intoxicated as reflections of God in the phenomenal world Therefore as do the Sufi poets Whitman sees man and God as one *Open Your Ears to Love* Bettine Clemens, 1999 Ms Clemens shows that we can connect with the world around us in a way that contributes to the healing of ourselves and our planet **The Journal of Transpersonal Psychology**, 1995 Creating an Imaginative Life Michael Jones, 1995 Using poignant personal stories well known pianist Michael Jones shares the process of his creative evolution and invites readers to explore the dimension of creativity in their own lives whether striving to become artists or simply to incorporate creativity into everyday life Packaged with an inspirational CD sampler of Michael Jones music Line drawings

found to be composed by earlier poets have been identified and placed in another appendix Few of the quatrains have been previously translated by scholars the quatrains in popularized books are often distorted versions mostly rendered by authors who do not know Persian those who do often tend to omit change or add Here the poems are presented in the context of the Islamic sufi poetry in the Persian language 800 years ago wine and drunkenness do not involve alcoholic intoxication but are metaphors for the mystical taste of spiritual grace and ecstasy The lover s longing and self effacing love is not romantic but spiritual love of the seeker for his sufi guide This love is a means to the goal of pure worship of God Most High the only Beloved that necessitates self effacement and mystical drowning in the reality described in the Qur an Everything perishes except His Face
