a unique look at his career in journalism in this collection of work that includes the legendary chicken McNuggets experiment and an uncensored profile of Britney Spears *The Nineties* Chuck Klosterman, 2022-02-08 An instant New York Times bestseller From the bestselling author of *But What if We're Wrong* a wise and funny reckoning with the decade that gave us slacker grunge irony about the sin of trying too hard during the greatest shift in human consciousness of any decade in American history It was long ago but not as long as it seems The Berlin Wall fell and the Twin Towers collapsed In between one presidential election was allegedly decided by Ross Perot while another was plausibly decided by Ralph Nader In the beginning almost every name and address was listed in a phone book and everyone answered their landlines because you didn't know who it was By the end exposing someone's address was an act of emotional violence and nobody picked up their new cell phone if they didn't know who it was The 90s brought about a revolution in the human condition we're still groping to understand Happily Chuck Klosterman is more than up to the job Beyond epiphenomena like *Cop Killer* and *Titanic* and *Zima* there were wholesale shifts in how society was perceived the rise of the internet pre 9/11 politics and the paradoxical belief that nothing was more humiliating than trying too hard Pop culture accelerated without the aid of a machine that remembered everything generating an odd comfort in never being certain about anything On a 90s Thursday night more people watched any random episode of *Seinfeld* than the finale of *Game of Thrones* But nobody thought that was important if you missed it you simply missed it It was the last era that held to the idea of a true hegemonic mainstream before it all began to fracture whether you found a home in it or defined yourself against it In *The Nineties* Chuck Klosterman makes a home in all of it the film the music the sports the TV the politics the changes regarding race and class and sexuality the yin yang of Oprah and Alan Greenspan In perhaps no other book ever written would a sentence like *The video for Smells Like Teen Spirit* was not more consequential than the reunification of Germany make complete sense Chuck Klosterman has written a multi-dimensional masterpiece a work of synthesis so smart and delightful that future historians might well refer to this entire period as *Klostermanian* *Downtown Owl* Chuck Klosterman, 2008-09-16 A New York Times bestselling author and one of America's top cultural critics Entertainment Weekly presents his first novel that combines an irresistible portrait of Midwestern small town life with his own remarkable sense of humor *Beachside Modern* Lauren Li, 2024-01-30 This ebook has a fixed layout and is best viewed on a widescreen full colour tablet Modern beachside style is more than shells and surfboards Whether the inspiration comes from nautical themes natural elements winter moods or the charm of the Mediterranean the priority is always comfort and tranquility It doesn't matter if you don't live near the beach the spirit can be captured anywhere In this second book in the *Style Study* series interior designer Lauren Li takes a deep dive into the best examples of the *Beachside Modern* look to discover what makes the aesthetic so appealing From remote Tasmanian beaches and the glamorous French Riviera to a chilly Danish archipelago and the laid back vibes of California Li explores the work of leading architects and designers to reveal how they do it *After 3PM* Kurt Michael Brundage, 2018-01-09 Across
