**Studies in Scottish Fiction, 1945 to the Present** Susanne Hagemann, 1996 **Literature and Culture in Modern Britain: Volume Three** Clive Bloom, Gary Day, 2014-06-11 British culture has changed almost beyond recognition since 1956 Angry young men have been displaced by Yuppies Elvis by the Spice Girls and meat and two veg by continental cuisine What is more as the death of Diana Princess of Wales showed the British are now more famous for a trembling lower lip than a stiff upper one This volume the last in the series examines the transformations in literature and culture over the last forty years An introductory essay provides a context for the following chapters by arguing that although there have been significant changes in British life there are also profound continuities It also discusses the rise of theory and its impact on the humanities Each essay in the volume concentrates on a facet of British culture over the last half century from painting to poetry from the seriousness of the novel to the postmodern ironies of the computing age What we get from this selection is not only an informed history of the relations between literature and culture but also a lively sense of cultural change not least of which is the new found relationship between literature and other arts which ushers us into the new millennium

**Representing Scotland in Literature, Popular Culture and Iconography** A. Riach, 2004-12-10 This fascinating new study is about cultural change and continuities At the core of the book are discrete literary studies of Scotland and Shakespeare Walter Scott R L Stevenson Arthur Conan Doyle the modern Scottish Renaissance of the 1920s and more recent cultural and literary phenomena The central theme of literature and popular representation recontextualises literary analysis in a broader multi faceted picture involving all the arts and the changing sense of what the popular might be in a modern nation New technologies alter forms of cultural production and the book charts a way through these forms from oral poetry and song to the novel and includes studies of paintings classical music socialist drama TV film and comic books The international context for mass media cultural production is examined as the story of the intrinsic curiosity of the imagination and the intensely local aspect of Scotland s cultural self representation unfolds [Incest in contemporary literature](#) Miles Leeson, 2018-08-06 This is the first edited collection of essays which focuses on the incest taboo and its literary and cultural

presentation from the 1950s to the present day It considers a number of key authors and artists rather than a single author from this period The collection exposes the wide use of incest and sexual trauma and the frequency this appears within contemporary literature and related arts Incest in contemporary literature discusses the impact of this change in attitudes on literature and literary adaptations in the latter half of the twentieth century and early years of the twenty first century Although primarily concerned with fiction the collection includes work on television and film Authors discussed include Iain Banks A S Byatt Angela Carter Simone de Beauvoir Ted Hughes Doris Lessing Ian McEwan Iris Murdoch Vladimir Nabokov Andrea Newman and Pier Pasolini and Sylvia Plath *The Culture Series of Iain M.
